Enduring Understanding

1. Time is viewed differently across cultures.
2. Weather impacts our health and how we organize our lives.

Essential Questions

- How do we make scientific observations?
- How do we describe the weather?
- How can we explain locations on a map?
- How does the weather impact health?
- What are the branches of government, the constitution, and voting?
- Why are timelines important for understanding history?
- How can we identify and use conventions of English grammar?

Knowledge and Skills

Topic 3.1 Science Exploration (weather, temperature, health):

-Describe weather

-Sequence events

-Sort information into categories

-Determine cause and effect relationships

-Use adjectives with temperature

-Determine how the weather impacts health

-Use modal verb should

-Use simple progressive tense

-Evaluate weather graphs

-Use statements of time (yesterday, today, tomorrow)

Topic 3.2 History and Government:

-Identify places on a map

-Explain a timeline and use past tense sentences

-Identify terms related to immigrants and diversity in the United States and the world

-Identify the purpose of the United States Constitution and laws
