Visual Aids: Create visual aids to provide friendly reminders. These can include step-by-step instructions, visual cues, and prompts to support students during art activities.

Adapted Materials: Provide alternative materials when necessary. Consider using adaptive tools such as larger brushes, modified scissors, or sensory-friendly materials.

Flexible Seating and Workspace: Arrange the art room to accommodate different mobility needs. Ensure that students can access materials comfortably.

Individualized Goals: Set individualized art goals for each student. Tailor projects to their abilities and interests.

Sensory Considerations: Be aware of sensory sensitivities. Adjust lighting, noise levels, and other environmental factors as needed.

Assessments

6-color color wheel

Create a large-scale color wheel collaboratively as a class, demonstrating color mixing techniques learned.

Research and present on a famous artist known for their innovative use of color in art.
