Assessments

Benchmark Assessment for Year: Practice assessments for the AP test throughout the year but by May 1

See also attachment for specific assessments and benchmark dates

SGOs pre and post assessment: SGO FRQ Rubric.docx - using AP FRQ Rubric College Board: https://apcentral.collegeboard.org/media/pdf/ap22-sg-psychology-set-1.pdf

The students will properly used the CDA method: Chunk the term or concept being tested in an independent paragraph, Define the term without using the term itself in the definition, and Apply the term in an example while using concepts from the course.

Students took a 50 question multiple choice practice assessment found on Albert IO on 10/20/2021. This practice exam is intended to simulate the AP exam from college board and uses similar questions that cover content from the entire course. The scoring criteria was developed in collaboration with the one provided by the Albert IO website and includes five score ranges that are based on the number of correct answers from the 98 questions :
5. Mastery: 45-50
4. Excelling: 40-44
3. Proficient 34-39
2. Passing: 27-33
1. Struggling 0-26

137 AP Psychology students took the practice assessment.
