9.4.12.F.(1).4 Use accounting tools, strategies, and systems to plan the use and management of financial resources.

Enduring Understanding

Financial statements are prepared at the end of the accounting cycle.

Financial statements are used to measure progress over time (P&L) and Financial Positions (balance sheet)

Essential Questions

How do I measure the success of my business?

What is my business worth?

Why does the balance sheet require ending capital to balance?

Knowledge and Skills

- Prepare financial statements including a classified balance sheet
- Understanding liquidity
- using a worksheet to prepare financial statements
- Explain the purpose of, journalizing and post closing entries
- Prepare the post closing trial balance
- Describe the accounting cycle
