

04 Economics of Sports

Content Area: **Social Studies**
Course(s): **Economics**
Time Period: **Semester 1 & 2**
Length: **3 weeks**
Status: **Published**

Standards

SOC.6.1.12.C.14.b	Judge to what extent government should intervene at the local, state, and national levels on issues related to the economy.
SOC.6.1.12.C.14.c	Analyze economic trends, income distribution, labor participation (i.e., employment, the composition of the work force), and government and consumer debt and their impact on society.
SOC.6.1.12.C.16.a	Evaluate the economic, political, and social impact of new and emerging technologies on individuals and nations.
SOC.6.1.12.C.16.b	Predict the impact of technology on the global workforce and on entrepreneurship.
SOC.6.2.12.EconET.3.a	Determine how, and the extent to which, scientific and technological changes, transportation, and new forms of energy brought about social, economic, and cultural changes in the world.
SOC.6.2.12.EconET.3.b	Compare the characteristics of capitalism, socialism, and communism to determine why each system emerged and its success in leading to economic growth and stability.
SOC.6.2.12.HistoryCC.3.b	<p>Explain how industrialization and urbanization affected class structure, family life, the daily lives of men, women, and children, and the environment.</p> <p>Economic ways of thinking are influenced by economists, economic theories, and economic laws (e.g., Smith, Malthus, Ricardo, Marx, Schumpeter, Keynes, Friedman).</p> <p>To better understand the historical perspective, one must consider historical context.</p> <p>Understanding the interrelated patterns of change by examining multiple events allows for a clearer understanding of the significance of individuals and groups.</p> <p>Resources impact what is produced and employment opportunities.</p>

Enduring Understandings

1. The sports industry is a billion-dollar industry is influenced by micro and macroeconomic factors
2. Economics decisions by local, state, and federal governments influence resources for large-scale stadium construction projects
3. Economics is the study of the allocation of scarce resources in the presence of seemingly unlimited wants.
4. Economics is about making decisions and identifying the true costs and benefits of those decisions.
5. Economics is the distribution of goods and services distributed in society
6. Economic systems develop and change based on three economic questions: what to produce, how to produce, and for whom to produce

Essential Questions

1. How do basic economic concepts help explain real-world outcomes?
2. What roles and impacts do state and federal governments have on the sports industry?

3. How do sports teams promote economic growth?

Knowledge and Skills

Students will be able to.....

- Evaluate the role of public and private money in the construction of new sports stadiums (Met Life and Buffalo Bills)
- Analyze the pros/cons of youth participation on travel teams and the growth of sports entrepreneurs
- Draw conclusions about the link between advertising revenues and compensation in men's and women's sports
- Analyze the economic impact of changes on NCAA college athletes
- Understand the economics of baseball through the use of statistics. (Moneyball)
- Create a new sports franchise with evidence of research in demographics, location, tax calculations, and corporate sponsorship
- Understand the economics of ticket pricing and price ceilings

Transfer Goals

1. Students will be able to independently use economic concepts and approaches to affect their personal decision-making and to help them make sense of real-world economics.
2. Students will be able to independently invest in a sports franchise based on demographic information and market research

Resources

Supplemental Sources

Activity from Econedlink

Teacher-Created materials

Various news articles (based on current events) related to sports entrepreneurs and NCAA rules regarding student-athletes

Additional Resources from WH databases, and articles connected to the content, including primary readings, historiography, and secondary sources.
