300.0.1.12.0.10.0	reduct the impact of technology on the global worklored and on entrepreneursing.

#### **Enduring Understandings**

- 1. The sports industry is a billion-dollar industry influenced by micro and macroeconomic factors
- Economic decisions by local, state, and federal governments influence resources for large-scale stadium construction projects
- 3. Economics is the study of the allocation of scarce resources in the presence of seemingly unlimited wants.
- 4. Economics is about making decisions and identifying the true costs and benefits of those decisions.
- 5. Economics is the distribution of goods and services distributed in society
- 6. Economic systems develop and change based on three economic questions: what to produce, how to produce, and for whom to produce

### **Essential Questions**

- 1. How do basic economic concepts help explain real-world outcomes?
- 2. What roles and impact do state and federal governments have on the sports industry?

3. How do sports teams promote economic growth?
Knowledge and Skills
Students will be able to
- Evaluate the role of public and private money in the construction of new sports stadiums (Met Life and Buffalo Bills)
- Analyze the pros/cons of youth participation on travel teams and the growth of sports entrepreneurs
- Draw conclusions about the link between advertising revenues and compensation in men's and women's sports
- Analyze the economic impact of changes on NCAA college athletes
- Understand the economics of baseball through the use of statistics. (Moneyball)
- Create a new sports franchise with evidence of research in demographics, location, tax calculations, and corporate sponsorship
- Understand the economics of ticket pricing and price ceilings
Transfer Goals
<ol> <li>Students will be able to independently use economic concepts and approaches to affect their personal decision- making and to help them make sense of real-world economics.</li> </ol>
2. Students will be able to independently invest in a sports franchise based on demographic information and market research
