TECH.8.2.12.D.CS1	Apply the design process.

ENDURING UNDERSTANDING

1. Effective visual communication relies on clearly conveying an idea's tone and message.
2. The creative process and digital tools like Photoshop are transferable skills for developing and executing ideas across various disciplines.
3. Articulating ideas and providing constructive feedback, both verbally and visually, are essential for collaborative and iterative design.

ESSENTIAL QUESTIONS

1. How does the client-designer relationship fundamentally alter the creative process and its outcomes compared to personal work?
2. What strategies and practices facilitate an efficient and effective design process that meets client needs and adheres to professional timelines?
3. How does a designer balance artistic vision with client expectations and project constraints to deliver successful solutions?
