TECH.8.2.12.B.CS1	The cultural, social, economic and political effects of technology.
TECH.8.2.12.C.2	Analyze a product and how it has changed or might change over time to meet human needs and wants.
TECH.8.2.12.C.CS1	The attributes of design.

Enduring Understanding

To provide a satisfying marketing mix, an organization must set a price that is acceptable to target market members.

Price can influence how customers perceive the product, how the product is distributed and how the product is promoted.

Essential Questions

Why are pricing decisions important to an organization?

How does demand for a product influence price?

Knowledge and Skills

articulate why price is an important part of the marketing mix

compare price competition with non price competition

explain the importance of demand curves and the price elasticity of demand

describe the relationships among demand, costs, and profits

to analyze the key factors that may influence marketers' pricing decisions

to evaluate methods companies use to price products for business markets

Transfer Goals

Multiple factors affect where a price point is set.

Setting the price even higher does not necessarily lead to higher revenue.
