

# Unit 3: Digital Navigation

Content Area: **Unified Arts**  
Course(s): **Computer Science 1**  
Time Period: **November**  
Length: **10 Days**  
Status: **Published**

## Unit Summary

---

In this unit, students will learn how to safely navigate digital tools within the technology lab.

## Student Learning Objectives

---

Students will learn to...

- open and quit selected programs.
- identify the different sections of the computer software and their uses.
- use the software programs through guided applications.

## Essential Questions

---

- How do we use software programs to solve problems in areas of language arts, math and science?

## Enduring Understandings

---

Students will understand that...

- when we use problem solving software on computers, we can show what we know and learn new things.

## Application

---

Students will be able to independently use their learning to...

- navigate digital tools.

## Skills

---

Students will be skilled at...

- utilizing and navigating digital tools.
