## Student Learning Objectives

---

- Students will learn the varied geography of Europe.
- Students will learn Germanic tribes formed kingdoms.
- Students will learn Charlemagne briefly united much of Europe.
- Students will learn how monasteries and religious orders helped spread Christianity.
- Students will learn that the Church became a center of authority in medieval Europe.
- Students will learn how invasions created disorder in Europe.
- Students will learn that feudalism and manorialism brought social and economic order to Europe.

## Essential Questions

---

- What is power? Who should have it?
- How did the Magna Carta and other European governmental practices, as well as the Renaissance and Reformation, influence medieval Europe, as well as modern thought and practices?
- How did geography influence the development of the various regions of Europe?
- How did the interaction between the Islamic world and medieval Europe effect Europe, and eventually the western world? How did religion both unify and divide people?
- What were the causes of the Crusades and the plague and how did they effect medieval Europe?
- How did European feudalism start and eventually decline?

## Enduring Understandings

---

- Students will understand that the emergence of empires in Europe resulted from the promotion of inter-regional trade, cultural exchanges, new technologies, urbanization, and centralized political organization.
- Students will understand that the rise and spread of new belief systems unified societies, but they also became a major source of tension and conflict.
- Students will understand that while commercial and agricultural improvements created new wealth and opportunities for the empires, most people's daily lives remained unchanged.
- Students will understand that knowledge from the Classical civilizations, lost with the fall of Rome, resurface and are enhanced during the Renaissance. The influences of the Renaissance and the Reformation continue to be felt in our daily lives.

## Application

---

- Students will independently use their learning to understand that religious beliefs and customs can greatly affect daily life.
