Unit Summary

The Legend of Sleepy Hollow is a timeless tale that promotes prediction and character analysis. During this unit, students will work on their prediction skills while analyzing how a character's personality effects the choices he or she makes. While reading, watching, and listening to various versions of the story students will make comparisons and use evidence to support their thinking. Since the story has a mysterious ending, students will create the lost chapter to the story: What happened to Ichabod Crane?
