7 Tech: Digital Citizenship

Content Area: **Technology**
Course(s): **Technology Education 7**
Time Period: **Marking Period 1**
Length: **8 days**
Status: **Published**

Established Goals/Standards

TEC.5-8.8.1.8.D	Digital Citizenship
TEC.5-8.8.1.8.D.1	Model appropriate online behaviors related to cyber safety, cyber bullying, cyber security, and cyber ethics.
TEC.5-8.8.1.8.D.2	Summarize the application of fair use and creative commons.
TEC.5-8.8.1.8.D.3	Demonstrate how information may be biased on a controversial issue.
TEC.5-8.8.1.8.F	Critical Thinking, Problem Solving, and Decision Making
TEC.5-8.8.1.8.F.1	Use an electronic authoring tool in collaboration with learners from other countries to evaluate and summarize the perspectives of other cultures about a current event or contemporary figure.
	Technological advancements create societal concerns regarding the practice of safe, legal and ethical behaviors.
	Information accessed through the use of digital tools assists in generating solutions and making decisions.

Essential Questions

- What are an individual's responsibilities for using technology?
- What constitutes misuse of technology and how can it best be prevented?
- Why is appropriate behavior and language necessary when entering global communication systems?

Enduring Understanding

- Technology use can have positive or negative impact on both users and those affected by their use.

Content

- Demonstrate an awareness of Sea Girt's Internet Use Policy
- Develop an awareness of etiquette and safety when using the Internet.
- Explain the purpose of an acceptable use policy and consequences for inappropriate use of technology.
- Model appropriate online behaviors related to cyber safety, cyber bullying, cyber security, and cyber ethics.
- Practice safe Internet usage.
- Recognize and exhibit social, legal, and ethical behaviors when using information and technology.

- Review i-SAFE practices (e.g. rules, policies, validity of information on Internet sites)

- Summarize the application of fair use and creative commons guidelines

- Use appropriate language and politically-correct terminology when using the Internet.
