## Suggested Activities & Best Practices

---

- Read case studies and psychological experiments related to Unit 4 (For example: "Acts of Altruism") and respond to related writing tasks using a personal response journal.
- Conduct experiments related to Unit 4 (For example: "Nonverbal Communication" Quick Lab; "Revisiting Milgrim" Experiment) and analyze the results using a rubric (student or teacher created).
- Analyze cartoons based on human behavior/psychology topics discussed in Unit 4 using a personal response journal.
- Create cartoons or other illustrations based on human behavior/psychology topics discussed in Unit 4.
- Student or teacher created rubrics for each project.
- Building a portfolio throughout the course; contains experiments and independent projects.
- Complete study guide for Assessment on "Social Psychology"
- Use Commonlit.org to reinforce standardized tests strategies.
- With a partner, watch several television commercials for a variety of products. Discuss with your partner the ways in which the advertisers are trying to sell their products. Use the teacher created rubric to answer a series of critical thinking questions (Bloom's Taxonomy: analyze, evaluate, create) for each advertisement.

- Collect example of nonverbal communication that you observe in other people. For each example, write a brief analysis that includes a description of the feelings that were communicated, how the feelings were expressed, the consistency of the feelings with spoken words, and if the spoken or unspoken message had a greater impact on the recipient.
- Attend a meeting of a school club or community organization. During the meeting, observe the group's leader and take notes on how they conduct the meeting. After the meeting, review the notes and decide the style of leadership that was used, as well as if it was the correct style for that meeting. Summarize your observations in an oral report and present it to the class.
- In a small group, write and perform a skit that shows one of the following social concepts: persuasion, social perception, group behavior, interaction, conformity, obedience, aggression, or altruism.
- Read the novel *The Wave* by Todd Strasser. Identify and analyze the social concepts present in the novel by creating a chart.
- Documentary options: The Central Park Five :A Ken and Sarah Burns Film – Racial bias, socioeconomic bias, media bias and prejudice, The Hunger Games (Part 1)- Conformity vs Anti Conformity
