Suggested Activities & Best Practices

ACTIVITIES

- Be introduced to days and months through calendar fill-in, months of the year.
- review seasons via visual cues.
- review weather expressions and be introduced to temperature via Powepoint
- Conduct a weather forecast for a specific city or region of the target language.

Assessment Evidence - Checking for Understanding (CFU)

Homework-List Weather expressions and vocabulary words.

Tests & Quizzes- Match/write the weather expressions with the picture.-summative assessment

Projects- research a region in Latin America or Spain and tell the forecast/weather on the 4 seasons.- benchmark assessment

Skits-Role-Play an informal question and response about the weather.-benchmark assessment

Conduct a weather forecast for a specific city or region of the target language.-alternate assessment

MODIFICATIONS AND ADAPTATIONS

The guidelines on how to modify and adapt curricula to best meet the needs of all students, instructional staff should refer to the students modifications.

Instructional staff of students with Individualized Education Plans (IEP's) must adhere to the recommended modifications defined in each individual plan.

- Provided a word bank on weather vocabulary and includes visuals with vocabulary.
- Provide a list of weather vocabulary words w/pictures in Italian as a study guide.
- Modify tests/worksheets-Included a word bank on weather vocabulary words to choose from.

Differentiation/Modification:

1) The Teacher will walk around and observe the students while they are engaging in group activities to check for comprehension and/or mastery of the lesson content.

2) The Teacher will ask simple questions throughout the lesson related to the material they learned.

3) The Teacher will afford students extra necessary time to do practice presentations accompanied by the teacher and peer feedback to complete assignments.

4) Repeated directions and small group assignments.

Differentiations:

- Small group instruction
- Small group assignments
- Extra time to complete assignments
- Pairing oral instruction with visuals
- Repeat directions
- Use manipulatives
- Center-based instruction
- Token economy
- Study guides
- Teacher reads assessments allowed

- Scheduled breaks
- Rephrase written directions
- Multisensory approaches
- Additional time
- Preview vocabulary
- Preview content & concepts
- Story guides
- Behavior management plan
- Highlight text
- Student(s) work with assigned partner
- Visual presentation
- Assistive technology
- Auditory presentations
- Large print edition

Special Education Learning (IEP's & 504's)

Follow all modifications detailed in IEP

Extra time Read questions on assessments....* give more time on rereading questions about the weather.

Provide vocabulary visuals...*provided a word bank on weather and includes visuals with vocabulary.

Monitor comprehension

Provide organizers/study guides ...* give a list of weather vocabulary words w/pictures in Italian as a study guide.

Frequently check for understanding

Provide modeling

Provide guided reading instruction

Directions repeated, clarified or reworded Re-teach materials, when needed Break tasks into smaller, manageable segments

Modify tests/worksheets....* included a word bank on weather vocabulary words to choose from.

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multi-sensory presentation
- multiple test sessions
- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

English Language Learning (ELL)

Students tutor with peers-share each others notes on weather vocabulary lists and phrases about weather.

- teaching key aspects of a topic. Eliminate nonessential information
- using videos, illustrations, pictures, and drawings to explain or clarify
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

At Risk

Using true/false, matching, or fill in the blank tests in lieu of essay tests

- Students match the weather expression with the picture
- Students fill in the logical weather vocabulary word in sentences.

- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments

- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

Talented and Gifted Learning (T&G)

Student driven projects and presentations- * Student presents a weather project on Italy/regions.

Interest-based content to trigger student engagement- *Student chooses region most interested about in Italy.

Real-world problems and scenarios

Open-ended activities-*Student relates personal travels & interests/favorites on weather related to seasonal sports.

- Above grade level placement option for qualified students
- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge
