**Unit 1:**

**Elements of Dance and Kinesthetic Movement**

**Belleville Board of Education**

**102 Passaic Avenue**

**Belleville, NJ 07109**

**Prepared by:** Maria Calhoun, Supervisor of Secondary Education

Dr. Richard Tomko, Ph.D., M.J., Superintendent of Schools

Ms. LucyAnn Demikoff, Director of Curriculum and Instruction K-12

Ms. Nicole Shanklin, Director of Elementary Education

Mr. George Droste, Director of Secondary Education

Board Approved: December 16, 2019

## **Unit Overview**

---

In this unit, students will focus on dance themes and choreography. Students will look at dancing as more than simple body movements, but as interaction of human choices and potential goals. Student will become familiar with various types of choreography and will look at historical themes present in various dance movements. They will understand that choices of choreography result from the interaction of a variety of forces.

## **Enduring Understanding**

---

Dancing is a social process - one that can be enhanced through human interaction and choreography.

## **Essential Questions**

---

- What social relationships and roles are implied by the facings, contact, and leader/follower relationships between partners?
- In what ways do my muscles need to work to accomplish this movement?
- How does social dancing affect my aerobic condition? Physical strength?

## **Exit Skills**

---

- Recognize the choreographic structures of contrast and transition, and the process of reordering or of chance in dance masterworks.
- Analyze the manipulation of elements of dance used for choreographic intent in dance master works (e.g., changes in rhythm, proportion, spatial relationships, dynamics etc.).
- Create and demonstrate a solo or group dance composition which blends variety in body patterns, range of motion, varied balances, variation in the elements of dance, and application of major muscle groups and proper body mechanics.

## **New Jersey Student Learning Standards (NJSL-S)**

---

VPA.1.1.8.A.1

Interpret the choreographic structures of contrast and transition, the process of reordering and chance, and the structures of AB, ABA, canon, call and response, and narrative.

VPA.1.1.8.A.2

Analyze dance techniques and styles to discern the compositional use of the elements of dance and choreographic principles relating to dynamics, as well as to discern spatial relationships.

VPA.1.1.8.A.CS4	The quality of integrated movement depends on body alignment and the synchronized use of major and minor muscle groups. Variety in body patterns, range of motion, application of the elements of dance, and skill level enhance dance compositions and performance.
VPA.1.3.8.A.1	Incorporate a broad range of dynamics and movement qualities in planned and improvised solo and group works by manipulating aspects of time, space, and energy.
VPA.1.3.8.A.2	Choreograph and perform cohesive dance works that reflect social, historical, and/or political themes.
VPA.1.3.8.A.CS1	Movement dynamics and qualities emphasize time, space, and energy. Movement affinities and effort actions impact dynamic tension and spatial relationships.
VPA.1.3.8.B.2	Perform independently and in groups with expressive qualities appropriately aligned with the stylistic characteristics of the genre.

## **Interdisciplinary Connections**

---

### ELA

- Prepare to participate in effective conversation and create presentations
- Research and write
- Read and comprehend complex information

### S.S.

- Research and develop presentations using a variety of media

LA.RI.8.7	Evaluate the advantages and disadvantages of using different mediums (e.g., print or digital text, video, multimedia) to present a particular topic or idea.
LA.W.8.4	Produce clear and coherent writing in which the development, organization, voice and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)
LA.SL.8	Speaking and Listening

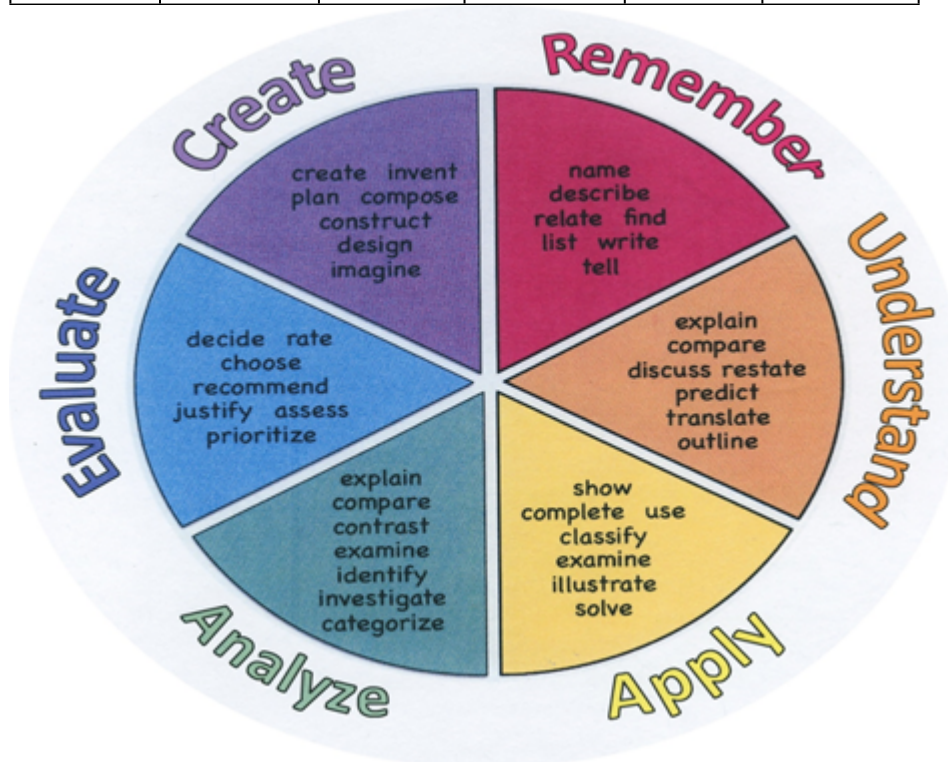

## **Learning Objectives**

---

- Recognize the choreographic structures of contrast and transition, and the process of reordering or of chance in dance masterworks.
- Analyze the manipulation of elements of dance used for choreographic intent in dance master works (e.g., changes in rhythm, proportion, spatial relationships, dynamics etc.).
- Create and demonstrate a solo or group dance composition which blends variety in body patterns, range of motion, varied balances, variation in the elements of dance, and application of major muscle groups and proper body mechanics.
- Manipulate the aspects of time space and weight to communicate meaning in movement using combinations of effort actions, movement dynamics and qualities to communicate meaning in improvisation and choreographed solo or group works.
- Verbally differentiate the purposes between utilitarian and non-utilitarian dance works.
- Analyze and assess the form, function, craftsmanship and originality of two opposing dance works in the same dance style (e.g., Bring in da Noise, Bring in da Funk versus 42nd Street).

- Objectively assess observable criteria regarding content, form, technical proficiency and formal structures in various self and peer generated works of dance using rubrics and holistic scoring guides.

## **Suggested Activities & Best Practices**

---

- Manipulate movement phrases with devices such as repetition, inversion, retrograde.
- Explore structures such as Call and Response, Flocking.
- Teach a movement phrase that includes strength, flexibility and endurance. Have the students alter the phrase by manipulating the tempo, accents, directions, levels and energy qualities.
- Analyze how varying the use of force affects the way a movement feels, is perceived, and is interpreted.
- Teach a complex locomotor and axial sequence. Have the students alter the sequence's breath and metric rhythms, spatial directions, shaping of the body and energy qualities.
- Connect the locomotor and axial sequence to a story. See what sections of the movement sequence relate to different characters in the story. Discuss the connections.
- Execute movement sequences in a variety of dance forms with accuracy.
- Make spontaneous choices in a dance partnering with sensitivity to the partner.
- Explain the technical demands of a style.
- Learn vocabulary related to descriptive and technical dance terms.
- Create a document to highlight dances studied.

## **Assessment Evidence - Checking for Understanding (CFU)**

---

- Maintain a dance portfolio over time (paper or digital) with journal reflections, research ideas, notation, videos, photographs, clippings about dance from magazines and newspapers, dance resources and performance "notes." (formative assessment)
- Evaluate informal in-class performances and video evidence of student performances using observation, discussions, drawings, video, and simple student-created rubrics. (formative/summative assessment - teacher choice based on previous activities)
- Explain the technical demands of a style using entrance and exit tickets. (formative assessment)
- Create a document to highlight dances studied. (alternative assessment)
  - Admit Tickets
  - Anticipation Guide
  - Common Benchmarks
  - Compare & Contrast
  - Create a Multimedia Poster

---

- Book: Dance Composition Basics- Capturing the Choreographer's Craft By Pamela Sofras

## **Technology Infusion**

---

- Conduct short research projects on the cultural origins of dance to support analysis, reflection, and research
- Use technology to create a presentation on the impact of dance on specific groups of people and historical events.

## Differentiation

---

- Small group instruction.

- Utilize study guides when necessary.

- Blended learning - use technology to share choreography when students are not comfortable presenting to the class.

- Allow students to record themselves and share with the class.

### Differentiations:

- Small group instruction
- Small group assignments
- Extra time to complete assignments
- Pairing oral instruction with visuals
- Repeat directions
- Use manipulatives
- Center-based instruction
- Token economy
- Study guides
- Teacher reads assessments allowed
- Scheduled breaks
- Rephrase written directions

- Multisensory approaches
- Additional time
- Preview vocabulary
- Preview content & concepts
- Story guides
- Behavior management plan
- Highlight text
- Student(s) work with assigned partner
- Visual presentation
- Assistive technology
- Auditory presentations
- Large print edition
- Dictation to scribe
- Small group setting

#### **Hi-Prep Differentiations:**

- Alternative formative and summative assessments
- Choice boards
- Games and tournaments
- Group investigations
- Guided Reading
- Independent research and projects
- Interest groups
- Learning contracts
- Leveled rubrics
- Literature circles
- Multiple intelligence options
- Multiple texts
- Personal agendas
- Project-based learning
- Problem-based learning
- Stations/centers
- Think-Tac-Toes
- Tiered activities/assignments
- Tiered products
- Varying organizers for instructions

#### **Lo-Prep Differentiations**

- Choice of books or activities
- Cubing activities
- Exploration by interest
- Flexible grouping
- Goal setting with students
- Jigsaw
- Mini workshops to re-teach or extend skills
- Open-ended activities
- Think-Pair-Share
- Reading buddies
- Varied journal prompts
- Varied supplemental materials

## **Special Education Learning (IEP's & 504's)**

---

- Use sentence/paragraph frames to assist with writing reports.
  - Leveled texts for analyzing primary and secondary sources
  - Create a world wall with cultural dance names/vocabulary.
  - Utilize graphic responses in journals.
  - Provide extended time for written responses and reports.
- 
- printed copy of board work/notes provided
  - additional time for skill mastery
  - assistive technology
  - behavior management plan
  - Center-Based Instruction
  - check work frequently for understanding
  - computer or electronic device utilizes
  - extended time on tests/ quizzes
  - have student repeat directions to check for understanding
  - highlighted text visual presentation
  - modified assignment format
  - modified test content
  - modified test format
  - modified test length
  - multiple test sessions
  - multi-sensory presentation
  - preferential seating
  - preview of content, concepts, and vocabulary
  - Provide modifications as dictated in the student's IEP/504 plan
  - reduced/shortened reading assignments
  - Reduced/shortened written assignments
  - secure attention before giving instruction/directions
  - shortened assignments
  - student working with an assigned partner
  - teacher initiated weekly assignment sheet
  - Use open book, study guides, test prototypes

## English Language Learning (ELL)

---

- Vocalization
  - Modeling
  - Use Gestures
- 
- teaching key aspects of a topic. Eliminate nonessential information
  - using videos, illustrations, pictures, and drawings to explain or clarify
  - allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
  - allowing students to correct errors (looking for understanding)
  - allowing the use of note cards or open-book during testing
  - decreasing the amount of work presented or required
  - having peers take notes or providing a copy of the teacher's notes
  - modifying tests to reflect selected objectives
  - providing study guides
  - reducing or omitting lengthy outside reading assignments
  - reducing the number of answer choices on a multiple choice test
  - tutoring by peers
  - using computer word processing spell check and grammar check features
  - using true/false, matching, or fill in the blank tests in lieu of essay tests

## At Risk

---

- Enroll parents as dance advocates in the school.
  - Incorporate student choice in selection of songs.
  - Use a graphic organizer to categorize movements.
  - Repeat signal directions as needed.
- 
- allowing students to correct errors (looking for understanding)
  - teaching key aspects of a topic. Eliminate nonessential information
  - allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
  - allowing students to select from given choices
  - allowing the use of note cards or open-book during testing
  - collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
  - decreasing the amount of work presented or required

- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

## **Talented and Gifted Learning (T&G)**

---

- Create and lead the class in a warm up using balance, strength and flexibility
- Compare and contrast small and large body movements and the parts of the body they engage
- Develop an 8-count or longer routine focusing on one body part. Teach routine to peers.
  - Above grade level placement option for qualified students
  - Advanced problem-solving
  - Allow students to work at a faster pace
  - Cluster grouping
  - Complete activities aligned with above grade level text using Benchmark results
  - Create a blog or social media page about their unit
  - Create a plan to solve an issue presented in the class or in a text
  - Debate issues with research to support arguments
  - Flexible skill grouping within a class or across grade level for rigor
  - Higher order, critical & creative thinking skills, and discovery
  - Multi-disciplinary unit and/or project
  - Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
  - Utilize exploratory connections to higher-grade concepts
  - Utilize project-based learning for greater depth of knowledge

## **Sample Lesson**

---

Unit Name: Elements of Dance and Kinesthetic Movement

NJSLS: See attached

Interdisciplinary Connection: History

Statement of Objective: Analyze dance techniques and styles to discern the compositional use of the elements of dance

and choreographic principles relating to dynamics, as well as to discern spatial relationships.

Anticipatory Set/Do Now: View the video provided and record your reactions - what can you tell from the style of the movements being used?

Learning Activity: Students research and create a presentation of various styles of dance.

Student Assessment/CFU's: See attached in Unit 1.

Materials: Video, ScreenCastify, audio.

21st Century Themes and Skills: Communicating and working in groups (see standards attached in Unit 1)

Differentiation/Modifications: Adjust groups according to student need. Allow students to create a variety of presentation. Provide additional time for students with IEPs and 504s.

Integration of Technology: On-line resources/ Google Classroom/ Flip Grid
