Introduction to Criminal Law

Belleville Board of Education

102 Passaic Avenue

Belleville, NJ 07109

Prepared by: Gerard V. Ross, Law Related Education Teacher

Dr. Richard Tomko, Ph.D., M.J., Superintendent of Schools

Ms. LucyAnn Demikoff, Director of Curriculum and Instruction K-12

Ms. Nicole Shanklin, Director of Elementary Education K-8

Mr. George Droste, Director of Secondary Education

Board Approved: October 26, 2020

Unit Overview

In this Unit students will begin the study of criminal justice by exploring the foundations of law and the legal system and then extensively explore criminal laws and defenses looking at both federal law and the law of the State of New Jersey. Students will also study the Constitution and the human rights protections contained in the Bill of Rights.

Enduring Understanding

Students will be introduced to the legal system in the United States and the basic elements of a crime. Criminal law always involves the government and government action, so students will also review the pertinent sections of the United States Constitution and its principles as they apply to criminal law. Students will begin to be comfortable with the legal framework that governs the careers of criminal justice

professionals.

Essential Questions

What is crime?

What is the difference between civil and criminal law?

What are the differences between criminal law and criminal procedure?

What are the differences between civil litigation and a criminal prosecution?

What is the basis for grading of crimes?

What are the punishment options for felonies and misdemeanors?

How do jails and prisons differ?

What are the effects of specific and general deterrence, incapacitation, rehabilitation, retribution, and restitution?

What are the sources of law in the United States?

How are we governed by the United States Constitution and the Constitution of the State of New Jersey?

Exit Skills

- Guided outlining and open outline assessments
- Project-based learning
- Problem-based learning

Differentiations:

- Extra time to complete assignments
- Pairing oral instruction with visuals
- Repeat directions
- Study guides
- Teacher reads assessments allowed
- Scheduled breaks
- Rephrase written directions
- Multisensory approaches
- Additional time
- Preview vocabulary
- Preview content & concepts
- Behavior management plan
- Highlight text
- Student(s) work with assigned partner
- Visual presentation
- Assistive technology
- Auditory presentations

Hi-Prep Differentiations:

- Alternative formative and summative assessments
- Games and tournaments
- Group investigations
- Guided Reading
- Independent research and projects
- Learning contracts
- Multiple texts
- Project-based learning
- Problem-based learning
- Stations/centers
- Tiered activities/assignments

Lo-Prep Differentiations

- Exploration by interest
- Flexible grouping
- Goal setting with students
- Jigsaw
- Mini workshops to re-teach or extend skills
- Open-ended activities
- Varied supplemental materials

Special Education Learning (IEP's & 504's)

- Modified assignments
 - Additional time for assignments and assessments
-
- printed copy of board work/notes provided
 - additional time for skill mastery
 - assistive technology
 - behavior management plan
 - check work frequently for understanding
 - computer or electronic device utilizes
 - extended time on tests/ quizzes

English Language Learning (ELL)

- Providing assignments/assessments in native language
 - teaching key aspects of a topic. Eliminate nonessential information
 - using videos, illustrations, pictures, and drawings to explain or clarify
 - allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
 - allowing students to correct errors (looking for understanding)
 - allowing the use of note cards or open-book during testing
 - decreasing the amount of work presented or required
 - having peers take notes or providing a copy of the teacher's notes
 - modifying tests to reflect selected objectives
 - providing study guides
 - reducing the number of answer choices on a multiple choice test
 - tutoring by peers
 - using computer word processing spell check and grammar check features
 - using true/false, matching, or fill in the blank tests in lieu of essay tests

At Risk

- Guided outlining and open outline assessments
 - allowing students to correct errors (looking for understanding)
 - teaching key aspects of a topic. Eliminate nonessential information
 - allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
 - allowing students to select from given choices

- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.

- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

Talented and Gifted Learning (T&G)

- Providing additional Case Studies for in-depth analysis
- Above grade level placement option for qualified students
- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge
