Unit Overview

In this unit, students will construct a fashion garment from a knit fabric following a commercial pattern and the pattern instruction guide sheet. Following this step by step instruction plan students will assemble the sewing project using construction techniques designed for knit fabrics. Machine sewing techniques and skills are needed to accomplish these construction steps. Guided practice is needed to develop and master sewing abilities. Building on basic skill levels developed during Clothing I, students will move from easy construction projects to more advanced tasks as new skills and techniques are mastered. This unit revolves around learning new skills and techniques utilizing knit fabrics and machine construction technology. Students will construct a knit fabric outfit during this unit.

Enduring Understanding

- Ability to read and follow a pattern layout and construction instruction sheets are essential in constructing fashion knit clothing.
- Machine sewing techniques and skills are needed to accomplish construction steps.
- Guided practice is needed to develop and master sewing abilities on knit fabrics.
- Building on introductory skill levels move the student from easy construction projects to more advanced tasks as new skills

and techniques are mastered using techniques to work on knit fabric types.

- Basic skills of machine construction and techniques to work on knit fabric types to master include: seams, seam finishes, casings, zipper and button hole installations, turning and finishing raw edges and hemming. .
- Pressing knit fabric after construction tasks to maintain a professional appearance on completed project.

Essential Questions

- Is the student able to read and follow garment instruction sheets to create a knit fashion outfit.
- Is the student able to construct knit fabric using straight and curved seams of various widths utilizing a seam guide?
- Is the student able to finish seams on knit fabrics to provide a fray free seam with a neat finished appearance?
- Can the student make a straight even casing on knit fabrics to encase elastic or drawstring?
- Can the student install a zipper or make button holes on knit fabrics?
- Is the student able to turn and finish raw knit fabric edges and hem?
- Is the student able to develop their sewing skills to meet knit fabric construction challenges.
- Is the student able to follow safety procedures while working with sewing equipment?
- Is the student able to practice effective time management to complete task in a timely manner?

Exit Skills

Student will be able to:

- Read and follow step by step instructions described in garment guidelines.
- Measure knit fabric and cut accurately.
- Transfer pattern markings to knit fabric.

Differentiation

- Small group assignments

- Added time to complete assignments
- Pairing oral instructions with visuals
- Repeat directions as needed
- Reinforcing on-task behaviors and skill acquisition
- Reduce amount of assignments that are due
- Rephrase written directions
- Study guides provided
- Additional time for skill mastery
- Test read to student
- Visual presentation
- Computer or electronic device utilizes
- Techniques of repetition, review, and summarization
- Small group setting
- Paired given oral as well as written instructions
- Peer assistance provided
- Printed copy of board work/notes provided
- Study guides/questions provided
- Extra time for completion
- Use of study sheets, notes, open book

Intervention Strategies

- Small Group Instruction
 - Student Working with and Assigned Partner
 - Preview of Content, Concepts, and Vocabulary
 - Check Work Frequency for Understanding
 - Study Guides
 - Assistive Technology
 - Computer or Electronic Devices
 - Extended Time on Tests/Quizzes
 - Preferential Seating
 - Peer Tutoring
-
- allowing students to correct errors (looking for understanding)
 - teaching key aspects of a topic. Eliminate nonessential information
 - allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
 - allowing students to select from given choices

- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

Special Education Learning

- Additional Time for Skill Mastery
- Assistive Technology
- Computer or Electronic Device Utilizes
- Multi-sensory Instruction
- Preferential Seating
- Student Working with an Assigned Partner
- Small Group Instruction
- Check Work Frequently for Understanding
- Extended Time on Tests/Quizzes

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation

- modified assignment format
- modified test content
- modified test format
- modified test length
- multi-sensory presentation
- multiple test sessions
- preferential seating
- preview of content, concepts, and vocabulary
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

English Language Learning (ELL)

- Teach Key Concepts
 - Visual Teaching Aids: Videos, Illustrations, Pictures and Drawings
