The AP Art and Design program consists of three different courses and AP Portfolio Exams - AP 2-D Art and Design, AP 3-D Art and Design, and AP Drawing - corresponding to college and university foundations courses. Students may choose to submit an or all of the AP Portfolio Exams.

The AP Art and Design course content resents an inquiry-based approach to learning about and making art and design. Students are expected to conduct an in-depth, sustained investigation of materials, processes, and ideas. The content focuses on concepts and skill emphasized within college art and design foundations courses with the same intent: to help students become inquisitive, thoughtful artists and designers able to articulate information about their work. AP Art and Design students develop and apply skills of inquiry and investigation, practice, experimentation, revision, communication, and reflection.
