- CRP8. Utilize critical thinking to make sense of problems and persevere in solving them.
- CRP9. Model integrity, ethical leadership and effective management.

Unit Overview

As Adopted by NJDOE:

Career Ready Practices describe the career-ready skills that all educators in all content areas should seek to develop in their students. They are practices that have been linked to increase college, career, and life success. Career Ready Practices should be taught and reinforced in all

career exploration and preparation programs with increasingly higher levels of complexity and expectation as a student advances through a program of study.
