Career Development

Standard B: Students will employ strategies to achieve future career success and satisfaction

C:B1.2 Identify personal skills, interests and abilities, and relate them to current career choice

C:B1.3 Demonstrate knowledge of the career planning process

Standard C: Students will understand the relationship between personal qualities, education and training, and the world of work

C.C1.3 Identify personal preferences and interests influencing career choice and success

C.C1.7 Understand that work is an important and satisfying means of personal expression

Enduring Understanding

Career Awareness used to describe a variety of activities that are available to students throughout their education in order to prepare them for success beyond their K-12 education.

Essential Questions

How do I learn about my interests and natural abilities?

How do I recognize what career related to my interests and abilities?

How do I develop self-exploration in areas of skills, abilities and interests?

How does school success and academic achievement help with future work opportunities?

How do I research various occupations?

Exit Skills

By the end of Unit 9 students should be able to:

Complete interest inventories

Demonstrate a level of insight and awareness of their academic standing

Begin process of developing career portfolio

Identify at least one career of interest for further exploration

Identify key steps in career planning

Identify requirements for high school graduation

Interdisciplinary Connections

LA.SL.7.1	Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 7 topics, texts, and issues, building on others' ideas and expressing their own clearly.
LA.SL.7.1.C	Pose questions that elicit elaboration and respond to others' questions and comments with relevant observations and ideas that bring the discussion back on topic as needed.
LA.SL.7.1.D	Acknowledge new information expressed by others and, when warranted, modify their own views.

Learning Objectives

Identify personal preferences and interests influencing career choice and success

Demonstrate knowledge of the career-planning process

Maintain a career-planning portfolio

Begin self-exploration

Identify interests and abilities as they relate to various occupations

Understand that school success and academic achievement helps with future work opportunities

Ancillary Resources
