## **Unit Overview**

---

The theme for this unit is Journalizing Transaction, where students are introduced to accounting concepts and practices related to recording transactions in a journal. This unit will focus on utilizing a five-column journal, double-entry accounting and source documents such as checks, invoices and receipts. Students will be able to demonstrate recording of entries related to owner investment, purchase of products and services, utilizing both cash and "on account" scenarios. Students will also demonstrate recording entries that specifically affect owner's equity and receiving cash on account. The unit comes to a close with focus placed on proving and ruling a journal, wherein the concept of debits must equal credits is realized.

## **Enduring Understanding**

---

- Journalizing transactions is a process by which we keep record of the flow of financials in

chronological order.

- Students, throughout their lives should identify terms and concepts related to maintaining a financial journal.
- Students, throughout their lives will possess the ability to distinguish between invoices, receipts, checks, payments and receivables.
- Students will identify with the significance of maintaining financial records in both personal and business environments.

## **Essential Questions**

---

- Why do businesses journalize transactions?
- What is the purpose of a 5-column journal?
- What is double-entry accounting?
- What are source documents and why are they important?
- Do you keep receipts when you make purchases?
- Do you keep a record of your spending?
- Do you have a bank account?
- In what order are transactions recorded in a journal?
- What are the four parts of a journal entry?
- Which journal columns are used to record sales on account?
- Which journal columns are used to record paying cash for insurance?
- What is the difference between accounts payable and accounts receivable?
- What is an owner's draw?

## **Exit Skills**

---

- Record transactions related to setting up a business in a 5-column journal
- Identify accounting concepts and practices related to journalizing transactions

- Record transactions that affect Owner's Equity
- Record transactions applying appropriate debit/credit parts to accounts

**Suggested Activities & Best Practices**

- Automated Accounting Simulations (supports differentiation) related to transactions involving cash vs. "on account"
- Student groups for the purpose of collaboration on accounting projects to assess debit/credit parts
- Roundtable discussions for the purpose of responding to prompts/simulated scenarios related to debits/credits and normal account balances
- Think/pair share for the purpose of engagement/simulation (DO NOW) and recording transactions on journal accounts
- Student presentations of results via Google sheets and slides for the purpose of developing

presentational skills

- Staff presentation of data via Google slides, Sheets YouTube, classroom for the purpose of establishing forum for communication and to address all learning styles
- Guided demonstration (model)

### **Assessment Evidence - Checking for Understanding (CFU)**

---

- GOOGLE: classroom communications, spreadsheets quizzes, surveys, anticipatory sets, exit tickets (forms)-formative assessment
  - Quarterly benchmarks
  - Roundtable discussion results
  - Unit tests-summative assessment
  - Teacher observation
  - Rubrics
  - Web-based assessments-alternate assessment
  - -benchmark assessments (see below)
  - Automated Accounting Simulations (supports differentiation) related to transactions involving cash vs. "on account"
  - Student groups for the purpose of collaboration on accounting projects to assess debit/credit parts

## **Differentiation**

---

- Small group instruction on debit/credit parts and impact to account balances
- Small group setting
- Extra time to complete assignments on journal preparation
- Pairing oral instructions with visuals on impacts to owner's equity

- Study Guides
- Preview content and concepts
- Project based learning in support of T-Account preparation
- Leveled rubrics
- Open-ended activities
- Choice of activities
- Think Pair Share

**Differentiations:**

- Small group instruction
- Small group assignments
- Extra time to complete assignments
- Pairing oral instruction with visuals
- Repeat directions
- Use manipulatives
- Center-based instruction
- Token economy
- Study guides
- Teacher reads assessments allowed
- Scheduled breaks
- Rephrase written directions
- Multisensory approaches
- Additional time
- Preview vocabulary
- Preview content & concepts
- Story guides
- Behavior management plan
- Highlight text
- Student(s) work with assigned partner
- Visual presentation
- Assistive technology
- Auditory presentations
- Large print edition
- Dictation to scribe
- Small group setting

**Hi-Prep Differentiations:**

- Alternative formative and summative assessments
- Choice boards
- Games and tournaments
- Group investigations
- Guided Reading
- Independent research and projects
- Interest groups
- Learning contracts

- Leveled rubrics
- Literature circles
- Multiple intelligence options
- Multiple texts
- Personal agendas
- Project-based learning
- Problem-based learning
- Stations/centers
- Think-Tac-Toes
- Tiered activities/assignments
- Tiered products
- Varying organizers for instructions

#### **Lo-Prep Differentiations**

- Choice of books or activities
- Cubing activities
- Exploration by interest
- Flexible grouping
- Goal setting with students
- Jigsaw
- Mini workshops to re-teach or extend skills
- Open-ended activities
- Think-Pair-Share
- Reading buddies
- Varied journal prompts
- Varied supplemental materials

### **Special Education Learning (IEP's & 504's)**

---

- Provide modifications as dictated in the student's IEP/504 plan
- Additional Time to record transactions into journals
- Alternative assessment strategies (ex. Verbal as opposed to google assessment) in support of T-Account preparation
- Modified assessments related to debit/credit entries and impact to accounts
- Preferential seating
- Peer mentoring

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multiple test sessions
- multi-sensory presentation
- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

## **English Language Learning (ELL)**

---

- Translation of content/activities (Port of Entry) on debit/credit entries and impact to accounts
- Assignments submitted in native language (Port of Entry) related to T-Account preparation and analysis
- Modifying assignments related to recording transactions in journals
- Review assignment/project directions (model)
- Open book/notes options
- Tutoring by peers
- Modifying tests to reflect selected objectives

- teaching key aspects of a topic. Eliminate nonessential information
- using videos, illustrations, pictures, and drawings to explain or clarify
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

## **At Risk**

---

- Peer tutoring in analysis of debit/credit parts
  - Correction and resubmission of work related to cash vs. "on-account" transactions
  - Model concepts of recording transactions into journals
  - Evaluating correct work; collaborating with student on incorrect work
- 
- allowing students to correct errors (looking for understanding)
  - teaching key aspects of a topic. Eliminate nonessential information
  - allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
  - allowing students to select from given choices
  - allowing the use of note cards or open-book during testing
  - collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
  - decreasing the amount of work presented or required
  - having peers take notes or providing a copy of the teacher's notes
  - marking students' correct and acceptable work, not the mistakes
  - modifying tests to reflect selected objectives
  - providing study guides
  - reducing or omitting lengthy outside reading assignments

- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

## **Talented and Gifted Learning (T&G)**

---

- Complete activities above grade level
- Advanced problem-solving related to impact of cash vs. "on-account" transactions to owner's equity
- Teacher-selected instructional strategies (simulations) focused to provide challenge, engagement, and growth opportunities "company scenarios and impact of transactions"
- Simulated project modules utilizing technology at higher level to create journals
- Higher order, critical and creative thinking skills, and discovery including analysis of business and proposed recommendations related to results

- Above grade level placement option for qualified students
- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge
