Unit Overview

Students will explore the complete bookkeeping cycle for a typical business, and acquire an understanding of how all the pieces fit together and move in a computerized accounting environment.

Through the use of QuickBooks, Excel and other applications, students will learn to track business operations timely and accurately. Students will gain hands-on experience working with a computerized general ledger package, such as QuickBooks. Students will learn to use the many features that automate accounting functions, such as reconciling checking accounts, tracking credit card transactions, invoicing customers, receiving payments and making bank deposits, writing checks and tracking revenue and costs per job or customer, paying bills, working with inventory, tracking and paying sales tax, and entering payroll entries. Study period-end closing entries and adjustments. Students will explore the function of, and gain knowledge of how to create and read, the various management and accounting reports that these systems can generate, such as the balance sheet, profit and loss, cash flow, trial balance, and a detailed general ledger.

Enduring Understanding

- The confidence to work with a computerized accounting package
- An understanding of computerized accounting applications and their advantages
- The ability to generate reports with ease and efficiency
- An understanding of and the ability to perform major functions within a computerized accounting cycle
- Use spreadsheet and accounting software to derive and maintain accounting records and to produce reports.
- Define the purpose of a journal and its relationship to the ledger.
- Analyze business transactions using source documents.
- Journalize business transactions using various journal formats.
- Prepare and analyze a trial balance to determine the necessary adjustments (accruals and deferrals) to prepare financial statements.
- Prepare financial statements.
- Journalize and post closing entries and prepare a post-closing trial balance.
- Prepare bank reconciliations.
- Identify cash control techniques.

Hi-Prep Differentiations:

- Alternative formative and summative assessments
- Choice boards
- Games and tournaments
- Group investigations
- Guided Reading
- Independent research and projects
- Interest groups
- Learning contracts
- Leveled rubrics
- Literature circles
- Multiple intelligence options
- Multiple texts
- Personal agendas
- Project-based learning
- Problem-based learning
- Stations/centers
- Think-Tac-Toes
- Tiered activities/assignments
- Tiered products
- Varying organizers for instructions

Lo-Prep Differentiations

- Choice of books or activities
- Cubing activities
- Exploration by interest
- Flexible grouping
- Goal setting with students
- Jigsaw
- Mini workshops to re-teach or extend skills
- Open-ended activities
- Think-Pair-Share
- Reading buddies
- Varied journal prompts
- Varied supplemental materials

Special Education Learning (IEP's & 504's)

- Preferential seating

- Peer mentoring on worksheet generation

Special Education Learning adaptations that will be employed in this unit, using the ones identified below.

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multiple test sessions
- multi-sensory presentation

- using videos, illustrations, pictures, and drawings to explain or clarify

Talented and Gifted Learning (T&G)

- Higher order, critical and creative thinking skills, and discovery

Talented and Gifted adaptations that will be employed in this unit, using the ones identified below.

- Above grade level placement option for qualified students
- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge
