Appendix of Technology Standards and Infusion Exemplars

Grade 9-12

Belleville Board of Education

102 Passaic Avenue

Belleville, NJ 07109

Prepared by: Ms. Karen L. Franciosa

Dr. Richard Tomko, Ph.D., M.J., Superintendent of Schools

Ms. LucyAnn Demikoff, Director of Curriculum and Instruction K-12

Ms. Nicole Shanklin, Director of Elementary Education

Mr. George Droste, Director of Secondary Education

Board Approved: September 23, 2019

Appendix of Technology Standards and Exemplars

The purpose of this appendix is to serve as a guide for educators to meet the technological requirements as per the NJDOE website:

New Jersey's Technology Standards consist of 8.1 Educational Technology and 8.2 Technology, Engineering, Design and Computational Thinking, which work symbiotically to provide students with the necessary skills for college and career readiness.

"Advances in technology have drastically changed the way we interact with the world and each other. The digital age requires that we understand and are able to harness the power of technology to live and learn". - International Society for Technology in Education

In this ever-changing digital world where citizenship is being re-imagined, our students must be able to harness the power of technology to live, solve problems and learn in college, on the job and throughout their lives. Enabled with digital and civic citizenship skills, students are empowered to be responsible members of today's diverse global society.

Readiness in this century demands that students actively engage in critical thinking, communication, collaboration, and creativity. Technology empowers students with real-world data, tools, experts and global outreach to actively engage in solving meaningful problems in all areas of their lives. The power of technology discretely supports all curricular areas and multiple levels of mastery for all students.

Technology Infusion Exemplars by Discipline for Grades 9-12

What **Technology Infusion** and/or strategies are integrated into this unit to enhance learning? Please list all hardware, software and strategies. Please find a technology pedagogy wheel for assistance while completing this section.

ELA:

- Digital Brain Dump with Flipgrid and Socrative
- Caption This! A fun, deep-thinking Google Drawings activity.
- Create an online portfolio including a social media page and business card for a character identity using Canva.
- "Add and Pass" activity in docs- Digital version of adding onto a story and passing to next group of students until finished. Begin with an image on a blank document (can be a scene from a story or even a historical figure).
- Writable.com- 600+ prompts and assignments
- <u>ThinkCERCA.com</u>-Web-based literacy program that seffold the development of critical thinking and argumentative writing skills.
- <u>Commonlit.org</u>-Feature rich literacy resource.
- readwritethink.org: A-Il's Well that Sells Well: A Creative Introduction to Shakespeare: After taking a virtual tour of The Globe Theater in Elizabethan London, students compare attending a performance at The Globe to attending a current professional production (such as a play on Broadway) or to viewing a movie at a local theater. They discuss the similarities and differences in the theaters and imagine what types of products might have been advertised in Elizabethan time, if The Globe showed commercials before the play like modern movie theaters do. They create a commercial advertisement geared toward an Elizabethan audience to promote one of today's products or conveniences. This activity helps students better understand the Elizabethan times and Elizabethan theater audiences, as well as persuasive advertising techniques.
- readwritethink.org: *Creating Psychological Profiles of Characters in To Kill a Mockingbird*: Design a digital poster and plan a presentation representing a psychological profiles for a selected character

while determining what specific factors (such as family, career, environment, and so forth) have the greatest influence on the characters' decision making throughout the novel.

- readwritethink.org: *Ghosts and Fears in Language Arts: Exploring the Ways Writers Scare Readers*: Fright Fair Projects: "Why people like to be scared"-Students can create a Google survey on what movies fellow teens watch, whether or not they watch horror movies and if so why do they like them? Statistics on how well scary movies do at the box office can be researched and fellow students who enjoy horror films can be interviewed. Findings can be presented in the form of a digital news broadcast.
- readwritethink.org: *An Introduction to Graphic Novels:Podcast*readwritethink.org: *Comics and Graphic Novels*
- Create a Book Trailer

MATH:

- <u>Digital Brain Dump with Flipgrid and Socrative.</u>
- Khan Academy: Algebra Functions
- Math by Kahoot-Algebra (Curriculum Aligned Games and videos)
- Kahoot: Math by Kahoot-Algebra (Model and Solve Equations with Variables ob Both Sides)
- YouTube: Algebra Basics: Solving Equations Part 1-Math Antics
- YouTube: Algebra Basics: Solving Equations Part 2-Math Antics
- YouTube:Basic Linear Functions-Math Antics
- Khan Academy: Solving Equations
- Khan Acaemy:Geometry-Law of Detachment

SCIENCE:

- Digital Brain Dump with Flipgrid and Socrative
- YouTube:Intro to Chemistry, Basic Concepts-Periodic Table
- Khan Academy: Introduction to Chemistry
- Weather and Climate- Bozeman Science
- Create PowToon on subject material
- Khan Academy:High School Biology:Cells
- Khan Academy: High School Biology: Evolution

SOCIAL STUDIES:

- Google Earth
- Digital Brain Dump with Flipgrid and Socrative.
- Caption This! A fun, deep-thinking Google Drawings activity
- <u>Digital History</u>- A comprehensive collection of historical data on United States history.
- Digital History: The Great Depression
- Create an online portfolio including a social media page and business card for a historian using Canva.
- <u>iCivics.org</u> gives students the necessary tools to learn about and participate in civic life, and teaches the materials and support to achieve this goal. Their free resources include interactive digital tools, print-and-go lessons and award winning games.

- http://www.loc.gov: Library of Congress: News, events, new content and more from the National Library of Congress and Specifice subject areas- From legislature to poetry, from music to science, from cataloging to copyright.
- <u>Historical Thinking Matters.org</u>: A pick for best social studies websites "focused on key topics in U.S. history, that is designed to teach students how to critically read primary souces and how to critique and construct historical narratives.
- Historical Thinking Matters: Rosa Parks (Black History Month)
- YouTube: Larry King Live (1995)- Interview with Rosa Parks (Black History Month)
- NPR: National Public Radio-Podcasts
- Ted Talks: Uglyy History: Witch Hunts
