

# **Unit 8: Protein Preparation: Meat and Poultry**

## **Copied from: Adv Cul Arts, Copied on: 02/21/22**

Content Area: **CTE**  
Course(s): **Adv Cul Arts**  
Time Period: **March**  
Length: **20 days - ongoing/grade 12**  
Status: **Published**

### **Title Section**

---

## **Department of Curriculum and Instruction**

**Belleville Public Schools**

**Curriculum Guide**

**Advanced Culinary Arts**

**Grade 12**

**Protein Preparation: Meat and Poultry**

**Belleville Board of Education**

**102 Passaic Avenue**

## **Belleville, NJ 07109**

**Prepared by:** Mrs. J. Worster

Dr. Richard Tomko, Ph.D., M.J., Superintendent of Schools

Ms. LucyAnn Demikoff, Director of Curriculum and Instruction K-12

Ms. Nicole Shanklin, Director of Elementary Education K-8, ESL Coordinator K-12

Mr. George Droste, Director of Secondary Education

Board Approved: September 23, 2019

### **Unit Overview**

---

Meat and poultry are a major part of a foodservice operations' menu. All meats, poultry and their products contain proteins essential for building and repairing tissues. Meats and poultry products are selected based on many factors. It is important to know how to purchase and safely store these foods. Identifying meat cuts and quality criteria can help consumers make wise protein purchases based on selection factors. These products are TCS foods, highly perishable, and must be stored at low temperatures to ensure food safety. Meats and poultry are prepared by both moist and dry cooking methods. Principles and methods of protein cookery is determined by the cut of meat and/or type of poultry in addition to the food dishes being prepared. Cooking times and temperatures must be monitored carefully.

### **Enduring Understanding**

---

Students will be able to:

- display effective interpersonal communication skills.
- work cooperatively with others to accomplish a task.
- use time efficiently and effectively.
- efficiently participate in the food lab to prepare a recipe.

- identify and demonstrate the safe operation and care of major and small appliances used in food preparation.
- identify, select, and properly use common kitchen utensils based on function for specific tasks.
- list the major nutrients supplied by proteins foods.
- list factors affecting the selection of protein foods.
- identify the factors involved in the grading and inspecting of protein foods.
- specify ways to properly store protein foods to maintain their freshness, nutritive value, and quality.
- explain and demonstrate how to properly thaw frozen protein foods to maintain its quality and prevent pathogen contamination.
- explain and demonstrate proper sanitizing practices when preparing protein foods to avoid cross-contamination.
- explain how protein foods fit into a healthy, nutritious eating plan.
- explain how protein foods purchase form/cut /grade relates to cost per pound.
- calculate the cost per serving of a protein foods based on pound cost and serving per pound.
- illustrate and identify the parts of an egg.
- describe and demonstrate the proper culinary principles and methods of cooking animal proteins.
- safely cut a whole chicken into individual pieces.
- prepare protein foods using proper and safe moist and dry cooking methods: stewing, braising, broil, frying, pan-frying, and roasting.

## Essential Questions

---

- Can the student list factors affecting the selection of protein food products?
- Is the student able to identify the factors involved in the grading and inspecting of protein food products?
- Is the student able to specify ways to properly store protein food products to maintain their freshness, nutritive value, and quality?
- Can the student explain and demonstrate how to properly thaw frozen protein food products to maintain its quality and prevent pathogen contamination?
- Is the student able to explain and demonstrate proper sanitizing practices when preparing proteins to avoid cross-contamination?
- Can the student explain how proteins fit into a healthy, nutritious eating plan?
- Is the student able to explain how proteins purchase form/cut /grade relates to cost per pound?
- Can the student calculate the cost per serving of protein foods based on pound cost and serving per pound?
- Is the student able to describe and demonstrate the proper culinary principles and methods of cooking animal proteins?
- Is the student able to safely cut a whole chicken into individual pieces?
- Is the student able to prepare protein foods using proper and safe moist and dry cooking methods: stewing, braising, broil, frying, pan-frying, and roasting?

## Exit Skills

---

Students will be able to:

- display effective interpersonal communication skills.
- work cooperatively with others to accomplish a task.

- use time efficiently and effectively.
- efficiently participate in the food lab to prepare a recipe.
- identify and demonstrate the safe operation and care of major and small appliances used in food preparation.
- identify, select, and properly use common kitchen utensils based on function for specific tasks.
- list the major nutrients supplied by proteins foods.
- list factors affecting the selection of protein foods.
- identify the factors involved in the grading and inspecting of protein foods.
- specify ways to properly store protein foods to maintain their freshness, nutritive value, and quality.
- explain and demonstrate how to properly thaw frozen protein foods to maintain its quality and prevent pathogen contamination.
- explain and demonstrate proper sanitizing practices when preparing protein foods to avoid cross-contamination.
- explain how protein foods fit into a healthy, nutritious eating plan.
- explain how protein foods purchase form/cut /grade relates to cost per pound.
- calculate the cost per serving of a protein foods based on pound cost and serving per pound.
- illustrate and identify the parts of an egg.
- describe and demonstrate the proper culinary principles and methods of cooking animal proteins.
- safely cut a whole chicken into individual pieces.
- prepare protein foods using proper and safe moist and dry cooking methods: stewing, braising, broil, frying, pan-frying, and roasting.

## **New Jersey Student Learning Standards (NJSLS-S)**

---

9.3.12.ED.1	Apply communication skills with students, parents and other groups to enhance learning and a commitment to learning.
9.3.12.ED.2	Demonstrate effective oral, written and multimedia communication in multiple formats and contexts.
9.3.12.ED.3	Use critical thinking to process educational communications, perspectives, policies and/or procedures.
9.3.12.ED.4	Evaluate and manage risks to safety, health and the environment in education and training settings.
9.3.12.ED.5	Demonstrate group collaboration skills to enhance professional education and training practice.
9.3.12.ED.10	Apply organizational skills and logic to enhance professional education and training practice.

9.3.12.ED.11	Demonstrate group management skills that enhance professional education and training practice.
12.9.3.HT-RFB.2	Demonstrate safety and sanitation procedures in food and beverage service facilities.
12.9.3.HT-RFB.4	Demonstrate leadership qualities and collaboration with others.
12.9.3.HT-RFB.10	Apply listening, reading, writing and speaking skills to enhance operations and customer service in food and beverage service facilities.

## Interdisciplinary Connections

---

LA.RST.11-12.3	Follow precisely a complex multistep procedure when carrying out experiments, taking measurements, or performing technical tasks; analyze the specific results based on explanations in the text.
LA.RST.11-12.4	Determine the meaning of symbols, key terms, and other domain-specific words and phrases as they are used in a specific scientific or technical context relevant to grades 11-12 texts and topics.
LA.RST.11-12.9	Synthesize information from a range of sources (e.g., texts, experiments, simulations) into a coherent understanding of a process, phenomenon, or concept, resolving conflicting information when possible.

## Learning Objectives

---

Student will demonstrate the ability to:

- compare and analyze different cuts and serving sizes of meat and poultry protein foods.
- calculate the cost per serving of protein foods based on pound cost.
- describe and demonstrate the proper culinary principles and methods of cooking animal/bird proteins.
- compare and contrast different cooking methods to prepare protein foods.
- explain and demonstrate how cooking affects a food's nutritive value, texture, color, aroma and flavor.
- produce protein foods utilizing dry cooking methods formulated by following a multi-step recipe.
- produce protein foods utilizing moist cooking methods formulated by following a multi-step recipe.
- evaluate food product based on establish food industry criteria.

### Suggested Activities & Best Practices

- read and follow recipe directions to produce a quality food product.
- compare and analyze different cuts and serving sizes of meat and poultry protein foods.
- calculate the cost per serving of protein foods based on pound cost.
- describe and demonstrate the proper culinary principles and methods of cooking animal/bird proteins.
- compare and contrast different cooking methods to prepare protein foods.
- explain and demonstrate how cooking affects a food's nutritive value, texture, color, aroma and flavor.
- produce protein foods utilizing dry cooking methods formulated by following a multi-step recipe.
- produce protein foods utilizing moist cooking methods formulated by following a multi-step recipe.
- evaluate food product based on establish food industry criteria.

## **Assessment Evidence - Checking for Understanding (CFU)**

---

- Common Benchmarks
  - Unit 8 Test-summative assessment
  - Unit Review/Test prep
  - Study Guides
  - Meat and Poultry Food Products and Presentation-benchmark assessment
  - Evaluation Rubrics
  - Teacher Observation Checklist
  - Self Assessment
  - Explaining=formative assessment
  - Teacher Student Conference-alternate assessment
- 
- Admit Tickets
  - Anticipation Guide
  - Common Benchmarks
  - Compare & Contrast
  - Create a Multimedia Poster
  - DBQ's
  - Define
  - Describe
  - Evaluate
  - Evaluation rubrics
  - Exit Tickets
  - Explaining
  - Fist- to-Five or Thumb-Ometer
  - Illustration
  - Journals
  - KWL Chart
  - Learning Center Activities
  - Multimedia Reports
  - Newspaper Headline
  - Outline
  - Question Stems
  - Quickwrite

- Quizzes
- Red Light, Green Light
- Self- assessments
- Socratic Seminar
- Study Guide
- Surveys
- Teacher Observation Checklist
- Think, Pair, Share
- Think, Write, Pair, Share
- Top 10 List
- Unit review/Test prep
- Unit tests
- Web-Based Assessments
- Written Reports

## **Primary Resources & Materials**

---

- Textbook: *Guide to Good Food*
- Textbook: *Culinary Essentials*
- Textbook – *Foundation of Restaurant Management*
- Video Clip: Dry and Moist Cooking Methods
- Power Point Presentations
- Internet Recipe Demonstrations

## **Ancillary Resources**

---

- Career Training Education Presentations/Discussions
- The Food Industry
- Video – Meat and Poultry Study Guide
- Chapter worksheets/questions

- Filling out culinary learning logs

## **Technology Infusion**

---

- Google Classroom
- Interactive Smart TV Technology
- Technology Internet Research and Word Processing
- Video Demonstration
- Calculations
- Online Appliancecations
- Power Point

## Win 8.1 Apps/Tools Pedagogy Wheel

## Alignment to 21st Century Skills & Technology

- Communication Skills – English, Reading, Writing
- Mathematics
- Economics
- Science
- Social Skills/Interpersonal Skills

CRP.K-12.CRP1	Act as a responsible and contributing citizen and employee.
CRP.K-12.CRP2	Apply appropriate academic and technical skills.
CRP.K-12.CRP4	Communicate clearly and effectively and with reason.
CRP.K-12.CRP6	Demonstrate creativity and innovation.
CAEP.9.2.12.C.2	Modify Personalized Student Learning Plans to support declared career goals.
TECH.8.1.12	Educational Technology: All students will use digital tools to access, manage, evaluate, and synthesize information in order to solve problems individually and collaborate and to create and communicate knowledge.
TECH.8.1.12.B	Creativity and Innovation: Students demonstrate creative thinking, construct knowledge and develop innovative products and process using technology.
TECH.8.1.12.B.CS1	Apply existing knowledge to generate new ideas, products, or processes.
TECH.8.1.12.C	Communication and Collaboration: Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others.
TECH.8.1.12.C.CS1	Interact, collaborate, and publish with peers, experts, or others by employing a variety of digital environments and media.
TECH.8.1.12.E	Research and Information Fluency: Students apply digital tools to gather, evaluate, and use information.

## 21st Century Skills/Interdisciplinary Themes

---

- Communication and Collaboration
- ICT (Information, Communications and Technology) Literacy
- Interpersonal Communication
- Critical Thinking and Problem-Solving
- Financial, Economic, Business and Entrepreneurial Literacy
- Life and Career Skills

- Communication and Collaboration
- Creativity and Innovation
- Critical thinking and Problem Solving
- ICT (Information, Communications and Technology) Literacy
- Information Literacy
- Life and Career Skills

- Media Literacy

## **21st Century Skills**

---

Students will be able to use their learning to ...

- Use effective oral and written communication strategies for creating, expressing, and interpreting information and ideas.
- Use critical and creative thinking strategies to facilitate innovation and problem-solving both independently and in teams.
- Use technology is used to access, manage, integrate, and disseminate information.
- Use effective leadership and teamwork strategies to foster collaboration and cooperation to accomplish goals.
- Develop life skills in order to achieve continuing success in various life roles related to continuing education, career development, and personal growth.
- Develop employable skills to build the capacity for successful careers.
- Civic Literacy
- Environmental Literacy
- Financial, Economic, Business and Entrepreneurial Literacy
- Global Awareness
- Health Literacy

## **Differentiation**

---

**Differentiations:**

- Small group assignments
- Added time to complete assignments
- Pairing oral instructions with visuals
- Repeat directions as needed
- Reinforcing on-task behaviors and skill acquisition
- Reduce amount of assignments that are due
- Rephrase written directions
- Study guides provided
- Additional time for skill mastery
- Test read to student
- Visual presentation
- Small Group Instruction
- Additional Time

**Hi-Prep Differentiations:**

- Project-based Learning

- Problem-based Learning

### **Lo-Prep Differentiations**

- Goal Setting with Students
- Mini Workshops to re-teach or extend skills

## **Special Education Learning (IEP's & 504's)**

---

- Study Guides/Board Notes
- Additional Time for Skill Mastery
- Assistive Technology
- Computer or Electronic Device Utilizes
- Multi-sensory Instruction
- Preferential Seating
- Student Working with an Assigned Partner
- Small Group Instruction
- Check Work Frequently for Understanding
- Extended Time on Tests/Quizzes

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multi-sensory presentation
- multiple test sessions

- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

## **English Language Learning (ELL)**

---

- Teach Key Concepts
  - Visual Teaching Aids: Videos, Illustrations, Pictures and Drawings
  - Use of note cards, study guides and open book during testing
  - Small Group Instruction
  - Student Working with an Assigned Partner
  - Preview of Content, Concepts, and Vocabulary
  - Check Work Frequently for Understanding
  - Peer Tutoring
- 
- teaching key aspects of a topic. Eliminate nonessential information
  - using videos, illustrations, pictures, and drawings to explain or clarify
  - allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
  - allowing students to correct errors (looking for understanding)
  - allowing the use of note cards or open-book during testing
  - decreasing the amount of work presented or required
  - having peers take notes or providing a copy of the teacher's notes
  - modifying tests to reflect selected objectives
  - providing study guides
  - reducing or omitting lengthy outside reading assignments
  - reducing the number of answer choices on a multiple choice test
  - tutoring by peers
  - using computer word processing spell check and grammar check features
  - using true/false, matching, or fill in the blank tests in lieu of essay tests

## **At Risk**

---

- using videos, illustrations, pictures, and drawings to explain or clarify
  - teaching key aspects of a topic. eliminate nonessential information
  - tutoring by peers
  - providing study guides
  - allowing students to correct errors (looking for understanding)
  - allowing products to demonstrate student's learning
  - using authentic assessments with real-life problem-solving
- 
- allowing students to correct errors (looking for understanding)
  - teaching key aspects of a topic. Eliminate nonessential information
  - allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
  - allowing students to select from given choices
  - allowing the use of note cards or open-book during testing
  - collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
  - decreasing the amount of work presented or required
  - having peers take notes or providing a copy of the teacher's notes
  - marking students' correct and acceptable work, not the mistakes
  - modifying tests to reflect selected objectives
  - providing study guides
  - reducing or omitting lengthy outside reading assignments
  - reducing the number of answer choices on a multiple choice test
  - tutoring by peers
  - using authentic assessments with real-life problem-solving
  - using true/false, matching, or fill in the blank tests in lieu of essay tests
  - using videos, illustrations, pictures, and drawings to explain or clarify

## **Talented and Gifted Learning (T&G)**

---

- Create a plan to solve an issue presented in the class or in a text
  - Advanced problem-solving
  - Higher order, critical and creative thinking skills, and discovery
  - Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
  - Utilize project-based learning for greater depth of knowledge
- 
- Above grade level placement option for qualified students

- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge

## **Sample Lesson**

---

See first unit: Employability and Career Development for an example
