Unit Overview

This unit is about public service announcements. Students will develop and understand the meaning of why public service announcements are used. Students should expect to learn what a PSA is, the history of public service announcements, and how to write and create one for the radio medium. Public service announcements will be used during class productions and edited into scripts.

Enduring Understanding

- Public service announcements are messages in the public interest disseminated by the media without charge, with the objective of raising awareness, changing public attitudes and behavior towards a social issue.
- How can we appeal to people's attitudes/emotions in relationship to certain topics in order to disseminate our core message?

Essential Questions

- What is a Public Service Announcement?
- Why do we have PSA's?
- Does society benefit from PSA's?
- What type of announcements are made for PSA's?
- Can you name 5 public service announcements that you can recall?

Exit Skills

By the end of Unit 3 Mass Communication/Radio Students Should be able to:

- Analyze the purpose of a PSA.
- Explore the history of Public Service Announcements.
- Create and produce a 1 minute and 30 second public service announcement on a specific topic using a voice recording application.
