## **UNIT 3**

## **The Blockbuster/Four Quadrant Films**

**Belleville Board of Education**

**102 Passaic Avenue**

**Belleville, NJ 07109**

**Prepared by: Mrs. Patricia Haefeli**

**Dr. Richard Tomko, Ph.D., M.J., Superintendent of Schools**

Ms. LucyAnn Demikoff, Director of Curriculum and Instruction K-12

Ms. Nicole Shanklin, Director of Elementary Education

Mr. George Droste, Director of Secondary Education

Board Approved: Anticipated, September 23, 2019

## **Unit Overview**

---

### **Unit Overview:**

- To provide opportunities for study and reflection of how films of the blockbuster genre are designed to bring in large audiences
- To introduce students to the "business" side of filmmaking, including film franchise
- To introduce students to teacher-screened content of the "Hard-R" genre

## **Enduring Understanding**

---

### **Enduring understandings:**

- How the revenue and worldwide appeal of blockbuster films serve as the foundation of the broader filmmaking industry
- How motion pictures employ blockbuster elements, including set pieces, stock characters and archetypal heroes

## **Essential Questions**

---

Essential Questions are:

- Why are blockbuster films so vital to the survival of the motion picture industry?
- How does a film's "quadrant appeal" relate to its overall revenue, artistic merit, thematic content and overall likelihood of financial success?

## **Exit Skills**

---

Exit Skills:

- Students will be able to explain how the revenue and worldwide appeal of blockbuster films serve as the foundation of the broader film industry
- Students will be able to analyze and "read" motion pictures in terms of how they employ blockbuster elements, including set pieces stock characters, and archetypal heroes
- Students will be able to explain how film ratings influence the broader cultural and financial impact of the filmmaking industry
- Students will be able to analyze and "read motion pictures in terms of how they employ tonal elements and quadrant-specific filmmaking techniques

Key Ideas and Details

- LA.RL.9-10.1 Cite strong and thorough textual evidence and make relevant connections to support analysis of what the text says explicitly as well as inferentially, including determining where the text leaves matters uncertain.
- LA.RL.9-10.2 Determine a theme or central idea of a text and analyze in detail its development over the course of the text, including how it emerges and is shaped and refined by specific details and provide an objective summary of the text.
- LA.RL.9-10.3 Analyze how complex characters (e.g., those with multiple or conflicting motivations) develop over the course of a text, interact with other characters, and advance the plot or develop the theme.

Craft and Structure

- LA.RL.9-10.4 Determine the meaning of words and phrases as they are used in the text, including figurative and connotative meanings; analyze the cumulative impact of specific word choices on meaning and tone (e.g., how the language evokes a sense of time and place; how it sets a formal or informal tone).
- LA.RL.9-10.5 Analyze how an author's choices concerning how to structure a text, order events within it (e.g., parallel plots), and manipulate time (e.g., pacing, flashbacks) create specific effects (e.g., mystery, tension, or surprise).
- LA.RL.9-10.6 Analyze a particular point of view or cultural experience reflected in a work of literature from outside the United States, drawing on a wide reading of world literature.
- LA.RL.9-10.7 Analyze the representation of a subject or a key scene in two different artistic mediums, including what is emphasized or absent in each work (e.g., Auden's "Musée des Beaux Arts" and Breughel's Landscape with the Fall of Icarus).
- LA.RL.9-10.8 (Not applicable to literature)
- LA.RL.9-10.9 Analyze and reflect on (e.g., practical knowledge, historical/cultural context, and background knowledge) how an author draws on and transforms source material in a specific work (e.g., how Shakespeare treats a theme or topic from mythology or the Bible or how a later author draws on a play by Shakespeare).
- LA.RL.9-10.10a By the end of grade 9, read and comprehend literature, including stories, dramas, and poems at grade level text-complexity or above with scaffolding as needed.
- LA.RL.9-10.10b By the end of grade 10, read and comprehend literature, including stories, dramas, and poems, at grade level or above.
- LA.RI.9-10.2 Determine a central idea of a text and analyze how it is developed and refined by specific details; provide an objective summary of the text.
- LA.RI.9-10.4 Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the cumulative impact of specific word choices on meaning and tone (e.g., how the language of a court opinion differs from that of a newspaper).
- LA.RI.9-10.5 Analyze in detail how an author's ideas or claims are developed and refined by particular

	sentences, paragraphs, or larger portions of a text (e.g., a section or chapter).
LA.RI.9-10.6	Determine an author's point of view or purpose in a text and analyze how an author uses rhetorical devices to advance that point of view or purpose.
LA.RI.9-10.7	Analyze various perspectives as presented in different mediums (e.g., a person's life story in both print and multimedia), determining which details are emphasized in each account.
LA.RI.9-10.9	Analyze and reflect on (e.g., practical knowledge, historical/cultural context, and background knowledge) documents of historical and literary significance, (e.g., Washington's Farewell Address the Gettysburg Address, Roosevelt's Four Freedoms speech, King's "Letter from Birmingham Jail", Declaration of the Rights of Man and Citizen, U.N. Universal Declaration of Human Rights, etc.), including how they relate in terms of themes and significant concepts.
LA.W.9-10.2.A	Introduce a topic; organize complex ideas, concepts, and information to make important connections and distinctions; include formatting (e.g., headings), graphics (e.g., figures, tables), and multimedia when useful to aiding comprehension.
LA.SL.9-10.1.A	Come to discussions prepared, having read and researched material under study; explicitly draw on that preparation by referring to evidence from texts and other research on the topic or issue to stimulate a thoughtful, well-reasoned exchange of ideas.
LA.SL.9-10.1.B	Collaborate with peers to set rules for discussions (e.g., informal consensus, taking votes on key issues, presentation of alternate views); develop clear goals and assessment criteria (e.g., student developed rubric) and assign individual roles as needed.
LA.SL.9-10.1.C	Propel conversations by posing and responding to questions that relate the current discussion to broader themes or larger ideas; actively incorporate others into the discussion; and clarify, verify, or challenge ideas and conclusions.
LA.SL.9-10.1.D	Respond thoughtfully to various perspectives, summarize points of agreement and disagreement, and justify own views. Make new connections in light of the evidence and reasoning presented.

## **Interdisciplinary Connections**

VPA.1.4.12.B	Critique Methodologies
TECH.8.1.8	Educational Technology: All students will use digital tools to access, manage, evaluate, and synthesize information in order to solve problems individually and collaborate and to create and communicate knowledge.
TECH.8.1.8.B	Creativity and Innovation: Students demonstrate creative thinking, construct knowledge and develop innovative products and process using technology.
TECH.8.1.8.D	Digital Citizenship: Students understand human, cultural, and societal issues related to technology and practice legal and ethical behavior.
TECH.8.1.8.F	Critical thinking, problem solving, and decision making: Students use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources.
TECH.8.2.8	Technology Education, Engineering, Design, and Computational Thinking - Programming: All students will develop an understanding of the nature and impact of technology, engineering, technological design, computational thinking and the designed world as they relate to the individual, global society, and the environment.
TECH.8.2.8.B	Technology and Society: Knowledge and understanding of human, cultural and society values are fundamental when designing technology systems and products in the global society.

## Learning Objectives

- Remember and identify common terms associated with Hollywood blockbusters, including tentpole franchises, intellectual property, and worldwide appeal

- Explain how the revenue and worldwide appeal of blockbuster films serve as the foundation of the broader filmmaking industry
- Apply understanding of how blockbuster films serve as tremendous sources of revenue for movie studios in order to explain existing trends in filmmaking and to anticipate likelihood of success and failure of future projects
- Enhance semester-long attempt to "read" a film, focusing closely on how a film with minimal dialogue, limited plot and relatively stock characters can still manage to boast worldwide appeal
- Demonstrate mastery of particular stylistic and filmmaking techniques studied in this unit
- Introduce students to teacher-screened content of the "Hard-R" genre - both to serve as a counterpoint to the wider-appeal of films contained in Unit 3, and to provide the appropriate background context for the adult themes and language that students will encounter in Unit 4

### **Suggested Activities & Best Practices**

**Student Centered Learning:** Students should either have already selected groups or groups of their choosing and we ready to jigsaw or answer higher order thinking discussion questions related to the theme or topic of the piece of literature being discussed.

**Use of Rubrics:** After discussing an assignment, allow students to create what they believe to be a fair rubric for assessing the assignment. This allows the students to have a say in how they will be graded as well as accountability for the assignment.

**Starting classes with a "Do Now" activity:** Using a connection to life question that relates to the piece of literature will make the students be able to connect to the text and jump start to discussion. "What makes a film a blockbuster?"

**Allowing students to choose their own projects:** Having a variety of projects that the students can choose from helps address all learning types. This will allow the students to choose the project they feel they can be most successful in completing.

**Brainstorming:** This helps in the writing process because it will allow the student to know if they are grasping the topic.

### **Assessment Evidence - Checking for Understanding (CFU)**

---

Variety of means used to assess students' learning (e.g. quizzes, tests, academic prompts, observations, homework, journals).

**Quiz** on the elements of a blockbuster (summative assessment)

**Multimedia report** on the "business" of filmmaking (alternative assessment)

**Self-assessments** (post report reflection writing assignment) (formative assessment)

TECH.8.1.8	Educational Technology: All students will use digital tools to access, manage, evaluate, and synthesize information in order to solve problems individually and collaborate and to create and communicate knowledge.
TECH.8.1.8.B	Creativity and Innovation: Students demonstrate creative thinking, construct knowledge and develop innovative products and process using technology.
TECH.8.1.8.C	Communication and Collaboration: Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others.

## 21st Century Skills/Interdisciplinary Themes

---

Upon completion of this section, please remove all remaining descriptions, notes, outlines, examples and/or illustrations that are not needed or used.

Please list only the **21st Century/Interdisciplinary Themes** that will be incorporated into this unit.

- Communication and Collaboration
- Creativity and Innovation
- Critical thinking and Problem Solving
- ICT (Information, Communications and Technology) Literacy
- Information Literacy
- Life and Career Skills
- Media Literacy

## 21st Century Skills

---

**21st Century Skills** that will be incorporated into this unit.

Global Awareness

Financial, Economic, Business and Entrepreneurial Literacy

- Civic Literacy
- Environmental Literacy
- Financial, Economic, Business and Entrepreneurial Literacy
- Global Awareness
- Health Literacy

## Differentiation

---

**Differentiation** employed in this unit:

### Differentiations:

- Small group instruction
- **Small group assignments - work together to review for quizzes on blockbuster elements.**
- Extra time to complete assignments
- Pairing oral instruction with visuals
- Repeat directions
- Use manipulatives
- Center-based instruction
- Token economy
- Study guides
- Teacher reads assessments allowed
- Scheduled breaks
- Rephrase written directions
- **Multisensory approaches - Create a multi-modal report on the business side of filmmaking**
- Additional time
- Preview vocabulary
- Preview content & concepts
- Story guides
- Behavior management plan
- Highlight text
- **Student(s) work with assigned partner**
- Visual presentation
- Assistive technology
- Auditory presentations
- Large print edition
- Dictation to scribe
- Small group setting

### Hi-Prep Differentiations:

- Alternative formative and summative assessments

- Choice boards
- Games and tournaments
- Group investigations
- Guided Reading
- Independent research and projects
- Interest groups
- Learning contracts
- Leveled rubrics
- Literature circles
- Multiple intelligence options
- Multiple texts
- Personal agendas
- Project-based learning
- Problem-based learning
- Stations/centers
- Think-Tac-Toes
- Tiered activities/assignments
- Tiered products
- **Varying organizers for instructions - used for the multi-modal project**

#### **Lo-Prep Differentiations**

- Choice of books or activities
- Cubing activities
- Exploration by interest
- Flexible grouping
- Goal setting with students
- Jigsaw
- **Mini workshops to re-teach or extend skills**
- Open-ended activities
- Think-Pair-Share
- Reading buddies
- **Varied journal prompts - questions related to key elements of the blockbuster**
- Varied supplemental materials

## **Special Education Learning (IEP's & 504's)**

**Special Education Learning** adaptations that will be employed in the unit:

- Additional time for skill mastery (quizzes, homework and project due dates extended)
- Provide modifications as dictated in the student's IEP/504 plan
- Have student repeat directions to check for understanding
- Preferential seating near the teacher

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multi-sensory presentation
- multiple test sessions
- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

## **English Language Learning (ELL)**

---

English Language Learning adaptations that will be employed in the unit:

- **Using videos, illustrations, pictures, and drawing to explain or clarify examples of blockbuster elements and the business side of filmmaking**
- **reducing or omitting lengthy outside reading assignments - substituting in-class reading and activities related to franchise and blockbuster**
- **allowing the use of note cards or open-book during testing (as many notes as can fit on 4 X 6 card)**

- teaching key aspects of a topic. Eliminate nonessential information
- using videos, illustrations, pictures, and drawings to explain or clarify
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

## **At Risk**

---

Intervention Strategies that will be employed in the unit:

providing study guides for all quizzes

- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

## **Talented and Gifted Learning (T&G)**

---

**Talented and Gifted** adaptations that will be employed in the unit:.

- **Higher order, critical & creative thinking skills, and discovery**
  - **Multi-disciplinary unit and/or project in the creation of a multi-modal project describing the film industry as big business.**
- 
- Above grade level placement option for qualified students
  - Advanced problem-solving
  - Allow students to work at a faster pace
  - Cluster grouping
  - Complete activities aligned with above grade level text using Benchmark results
  - Create a blog or social media page about their unit
  - Create a plan to solve an issue presented in the class or in a text
  - Debate issues with research to support arguments
  - Flexible skill grouping within a class or across grade level for rigor
  - Higher order, critical & creative thinking skills, and discovery
  - Multi-disciplinary unit and/or project
  - Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
  - Utilize exploratory connections to higher-grade concepts
  - Utilize project-based learning for greater depth of knowledge
