Unit Overview

Students will immerse themselves in argumentation and the format and construction of Lincoln Douglas debate affirmative and negative cases.

Enduring Understanding

- Debate is formalized public speaking in which participants prepare and present speeches on opposite sides of an issue to determine which side has the stronger argument.
- Debate is a competitive event that teaches clear thinking, aggressive delivery and organization skills.
- Different debate formats include cross-examination; Lincoln-Douglas and traditional forms.
- Deductive and inductive reasoning use data in different ways in order to promote logical ideas.
- The wording of a proposition is essential to understanding a speaker's focus.
- Propositions of facts value and policy differ in their approaches to wording and focus of central debate issues.
- Proof should be organized according to its logical, emotional and ethical components.

- Debaters must use well-prepared constructive speeches as a means to win an audience to their sides of a controversial issue.
- Students will construct a brief that conveys both sides of controversial issues in order to anticipate challenges.
- Competitive speaking events use refutation and rebuttal in order to challenge statements made by their opponents.
- Debaters must use intense and emphatic delivery skills in a competitive contest.
- Debate strategies include incorporating key and stock issues as techniques in winning a formal argument.

Suggested Activities & Best Practices

Using the Have a Heart handout, students complete INDIVIDUALLY (one student acting as the Board of Directors of the Hospital, listing in order of preference, based on the information provided, the person who should receive the one available heart). Whole class discussion/debate on why groups made the choices they made...first student opportunity to defend claims and counterclaims. Leads to discussion of difference between an emotional/moral claim to one stated and supported by factual information. Assign each group: 1) List 3 reasons why your first choice recipient should NOT get the heart, and 2) List 3 reasons why your last choice recipient SHOULD get the heart. Do mock debate between two groups, walking students through the Lincoln Douglas format. 6. Over the course of several days, ask students to construct 3 reasons FOR and 3 reasons AGAINST each of the five heart candidates, researching and using evidence to support each of their claims.

Students will construct both an affirmative and negative case, using the current NSDA topic, in order to participate in an in-class practice tournament, AND take to actual competitive tournaments.

Differentiation

Differentiations:

- Extra time to complete assignments

-Repeat directions in class and on teacher website

-Preview vocabulary and notes on teacher website

Hi-Prep Differentiations:

-Leveled rubric (student made)

-Literature Circles/Socratic Seminar

Lo-Prep Differentiations

-Flexible grouping/seating among classmates

-Think-Pair-Share Online Blog entries

Special Education Learning (IEP's & 504's)

-Provide modifications in workload and extended time as specified in the student's IEP/504 plan

-Allow extra time for online blog submissions

-Allow student to preview the material via teacher website

-Use of computer or electronic device during class to follow lesson, take notes, refer to HW for discussion

-Modeled techniques and speeches with discussions for student retention.

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding

- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multi-sensory presentation
- multiple test sessions
- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

English Language Learning (ELL)

-Allow for shorter blog and homework responses

-Use of Youtube videos and Screencasts of lessons for student retention and clarification of material located on teacher's website.

- teaching key aspects of a topic. Eliminate nonessential information
- using videos, illustrations, pictures, and drawings to explain or clarify
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test

- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

At Risk

-Reduce multiple choice options and build the options back into the lessons so students get a feel for true AP questions

-Provide a copy of the teacher's notes on the class website

-Screencast a lesson/discussion.

- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

Talented and Gifted Learning (T&G)

-Create two blogs about the unit (before and after)

-Allow students to work at a faster pace by having material assessable two weeks prior.

-Allow students to make more than one required speech to practice techniques.

- Above grade level placement option for qualified students
- Advanced problem-solving

- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge
