#### **Definition: *Enduring Understandings***

Enduring understandings are statements summarizing important ideas and core processes that are central to a discipline and have lasting value beyond the classroom. They synthesize what students should understand—not just know or do—as a result of studying a particular content area. Moreover, they articulate what students should “revisit” over the course of their lifetimes in relationship to the content area.

Enduring understandings:

1. Frame the big ideas that give meaning and lasting importance to such discrete curriculum elements as facts and skills
2. Can transfer to other fields as well as adult life
3. “Unpack” areas of the curriculum where students may struggle to gain understanding or demonstrate misunderstandings and misconceptions
4. Provide a conceptual foundation for studying the content area and
5. Are deliberately framed as declarative sentences that present major curriculum generalizations and recurrent ideas.

## **Essential Questions**

## Learning Objectives

---

**Student will understand the 6 basic principals used to create the constitution, systems of Checks and Balances, Limited Government, Federalism, Popular Sovereignty, Separation of Powers, Judicial Review.**

### Tips on Writing Good Learning Objectives

#### Bloom's Taxonomy

#### Applying Bloom's Taxonomy to Learning Objectives

Effective learning objectives need to be observable and/or measureable, and using action verbs is a way to achieve this. Verbs such as "identify", "argue," or "construct" are more measureable than vague or passive verbs such as "understand" or "be aware of". As you develop your syllabus focus on articulating clear learning objectives and then use these objectives to guide class assignments, exams and overall course assessment questions.

#### Sample Learning Objectives for a Lower Division Course

**After completing Nutrition 101 *Humans and Food*, students will be able to:**

- **Identify** nutrients found in common food sources via the product's nutrition label
- Use computer dietary analysis to assess a 2-day dietary intake and **summarize** results
- **Locate** nutrition-related information on the Internet and use **evaluative** criteria to **identify** reliability of

the information

**Action Verbs:** Below are examples of action verbs associated with each level of the Revised Bloom's Taxonomy.

### **Suggested Activities & Best Practices**

What Do Best Practices Look Like? Classrooms that exemplify best practices are easy to detect as soon as you enter the room. • Project materials and books are numerous. • Students are engaged and focused on their work. • Teachers often use collaborative and/or authentic tasks that place students at the center of the learning process. • Seating arrangements are clustered, varied and functional with multiinstructional areas. • Classrooms are activity-based spaces as opposed to places to “sit and get” lectures. • Teachers are actively engaged with different groups and students are anxious to enlist visitors in their various tasks or assignments. • There is a joyful feeling of purposeful movement, industrious thinking and a vital and vibrant atmosphere and environment.

1. What are the most enduring ideas in the Constitution?
2. Write a persuasive essay in response to the essential question. Your essay should include key people, events, and turning points in the story of the U.S. Constitution. Be sure to cite evidence to support your position and organize your essay into an introduction, body, and conclusion.
3. *Analyze and write a narrative explaining how Marbury v. Madison established judicial review and why*

*this concept made the Supreme Court an influential branch of government.*

4. *Mapping activities and charts to analyze how new inventions and modes of transportation (e.g., canals and railroads) transformed the economy and expanded domestic and international markets.*
5. *Research landmark cases (e.g., McCulloch v. Maryland, Gibbons v. Ogden) to show how the Supreme Court expanded the power of the national government and promoted national economic growth during this era*
6. *Research and report the influence of Manifest Destiny on foreign policy during this time period.*
