Unit Overview

Unit 1 examines:

Contact among Europeans, Native Americans, and Africans resulted in the Columbian Exchange and significant social, cultural, and political changes on both sides of the Atlantic Ocean.

European expansion into the Western Hemisphere generated intense social, religious, political, and economic competition and changes within European societies.

The Columbian Exchange and development of the Spanish Empire in the Western Hemisphere resulted in extensive demographic, economic, and social changes.

In their interactions, Europeans and Native Americans asserted divergent worldviews regarding issues such as religion, gender roles, family, land use, and power.

Contact among Europeans, Native Americans, and Africans resulted in the Columbian Exchange and significant social, cultural, and political changes on both sides of the Atlantic Ocean.

Enduring Understanding

- Geography and the Environment :Geographic and environmental factors, including competition over and debates about natural resources, shape the development of America and foster regional diversity. The development of America impacts the environment and reshapes geography, which leads to debates about environmental and geographic issues.
- America in the World : Diplomatic, economic, cultural, and military interactions between empires, nations, and peoples shape the development of America and America’s increasingly important role in the world.
- Geography and the Environment GEO Geographic and environmental factors, including competition over and debates about natural resources, shape the development of America and foster regional diversity. The development of America impacts the environment and reshapes geography, which leads to debates about environmental and geographic issues.
- Social Structures: Social categories, roles, and practices are created, maintained, challenged, and transformed throughout American history, systems, culture, and lives of citizens
- America in the World: Diplomatic, economic, cultural, and military interactions between empires, nations, and peoples shape the development of America and America’s increasingly important role in the world.

Essential Questions

1. How did the identities of colonizing and indigenous American societies change as a result of contact in the Americas?
2. How did the Columbian Exchange—the mutual transfer of material goods, commodities, animals, and diseases—affect interaction between Europeans and natives and among indigenous peoples in North America?
3. Where did different groups settle in the Americas (before contact) and how and why did they move to and within the Americas (after contact)?
4. How did Spain’s early entry into colonization in the Caribbean, Mexico, and South America shape European and American developments in this period? America in the World: How did European attempts to dominate the Americas shape relations between Native Americans, Europeans, and Africans?

5. How did pre-contact populations of North America relate to their environments? How did contact with Europeans and Africans change these relations in North America?

How did cultural contact challenge the religious and other values systems of peoples from the Americas, Africa, and Europe?

Exit Skills

By the end of Unit 1, students should be able to:

Suggested Activities & Best Practices

- Establish historical context by checking for understanding about events leading up to the Revolutionary War
- Build foundation through vocabulary and key people identification such as Native Americans, Thomas Paine.
- Analyze Thomas Paine's Common Sense and create a Google Slides to explain the impact on future

Revolutionary events.

- Use of maps and interactive time lines to understand the context surrounding the time period / event including colonial maps that describe the three sets of colonies
- Create a map of the original colonies and how each area impacted its people
- Use of primary sources from multiple perspectives including view point, culture and class
- Use of Ebook to interactively use the text book through videos, pictures, audio etc
- Write a journal entry from a key persons point of view (Create a journal from a colonial statesman; farmer in the South)
- Research and collect historical evidence for an essay about how difficult life was in Jamestown, VA.

Assessment Evidence - Checking for Understanding (CFU)

Use of Exit Tickets to conclude the lesson on Native Americans and how their lives were affected by colonialism-formative assessment

Student Presentations on a specific sections of the colonies (New England, Middle, South) and use Evaluation Rubrics-benchmark assessment

Compare and contrast life in colonial times to today. Explain in an essay.-alternate assessment

Unit test-summative assessment

Alignment to 21st Century Skills & Technology

Mastery and infusion of **21st Century Skills & Technology** and their Alignment to the core content areas is essential to student learning. The core content areas include:

- English Language Arts;
- Mathematics;
- Science and Scientific Inquiry (Next Generation);
- Social Studies, including American History, World History, Geography, Government and Civics, and Economics;
- World languages;
- Technology;
- Visual and Performing Arts.

TECH.8.1.12.A.1	Create a personal digital portfolio which reflects personal and academic interests, achievements, and career aspirations by using a variety of digital tools and resources.
TECH.8.1.12.A.CS1	Understand and use technology systems.
TECH.8.1.12.A.CS2	Select and use applications effectively and productively.
TECH.8.1.12.B.2	Apply previous content knowledge by creating and piloting a digital learning game or tutorial.
TECH.8.1.12.B.CS2	Create original works as a means of personal or group expression.
TECH.8.1.12.C.CS1	Interact, collaborate, and publish with peers, experts, or others by employing a variety of digital environments and media.
TECH.8.1.12.C.CS3	Develop cultural understanding and global awareness by engaging with learners of other cultures.
TECH.8.1.12.D.CS2	Demonstrate personal responsibility for lifelong learning.
TECH.8.1.12.E.1	Produce a position statement about a real world problem by developing a systematic plan of investigation with peers and experts synthesizing information from multiple sources.
TECH.8.1.12.E.2	Research and evaluate the impact on society of the unethical use of digital tools and present your research to peers.
TECH.8.1.12.E.CS1	Plan strategies to guide inquiry.
TECH.8.1.12.E.CS2	Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.

21st Century Skills/Interdisciplinary Themes

- Communication and Collaboration
- Creativity and Innovation
- Critical thinking and Problem Solving

- ICT (Information, Communications and Technology) Literacy
- Information Literacy
- Life and Career Skills
- Media Literacy

21st Century Skills

- Civic Literacy
- Environmental Literacy
- Financial, Economic, Business and Entrepreneurial Literacy
- Global Awareness
- Health Literacy

Differentiation

Differentiations:

- **Small group instruction when students are working on their interactive websites about the Columbian Exchange.**
 - Small group assignments
 - Extra time to complete assignments
 - Pairing oral instruction with visuals
 - Repeat directions
- **Use manipulatives when teaching about Native Americans and the impact of Europeans arrival in the New World.**
 - Center-based instruction
 - Study guides
 - Teacher reads assessments allowed
 - Rephrase written directions
 - Multisensory approaches
 - Additional time
 - Preview vocabulary
 - Preview content & concepts
 - Highlight text
 - Student(s) work with assigned partner
 - Visual presentation
 - Assistive technology
 - Auditory presentations
 - Large print edition
 - Dictation to scribe
 - Small group setting

Hi-Prep Differentiations:

- Alternative formative and summative assessments
- Games and tournaments about how the Native Americans fought for their land and freedom.
- Group investigations about the Columbian Exchange.
- Guided Reading
- Independent research and projects
- Interest groups
- Learning contracts
- Leveled rubrics
- Literature circles
- Multiple intelligence options
- Multiple texts
- Personal agendas
- Project-based learning
- Problem-based learning
- Stations/centers

Lo-Prep Differentiations

- Exploration by interest
- Flexible grouping
- Goal setting with students
- Jigsaw
- Mini workshops to re-teach or extend skills
- Open-ended activities
- Think-Pair-Share
- Varied journal prompts
- Varied supplemental materials about colonization and interactions with Native Americans.

Special Education Learning (IEP's & 504's)

Extended time for Journals from the perspective of various early settlers (Colonial merchant, Farmer, Native American)

Check students progress as they take notes on colonization and interactions among Native Americans.

- printed copy of board work/notes provided

- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multiple test sessions
- multi-sensory presentation
- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

English Language Learning (ELL)

allowing students to work with other English speaking students on specific assignments

true/false assessments about colonization.

- teaching key aspects of a topic. Eliminate nonessential information
- using videos, illustrations, pictures, and drawings to explain or clarify
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing

- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

At Risk

provide a unit syllabus to help students stay focused

use real life examples when teaching about the struggles of the colonists and Native Americans

- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

Talented and Gifted Learning (T&G)

debate if the Native Americans were fair in their fight

investigate the ways colonization affected the New World

- Above grade level placement option for qualified students
- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge
