Interpersonal communication between and among people is the exchange of information and the negotiation of meaning. Speakers and writers gain confidence and competence as they progress along the proficiency continuum.

Learning a language involves interpreting meaning from listening, viewing, and reading culturally authentic materials in the target language.

Interdisciplinary Connections

LA.L.9-10.2.C	Spell correctly.
LA.L.9-10.3	Apply knowledge of language to make effective choices for meaning, or style, and to comprehend more fully when reading, writing, speaking or listening.
LA.L.9-10.4.A	Use context (e.g., the overall meaning of a sentence, paragraph, or text; a word's position or function in a sentence) as a clue to the meaning of a word or phrase.
LA.L.9-10.4.C	Consult general and specialized reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning, its part of speech, or its etymology.
LA.L.9-10.6	Acquire and use accurately general academic and domain-specific words and phrases, sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when considering a word or phrase important to comprehension or expression.
CRP.K-12.CRP1	Act as a responsible and contributing citizen and employee.
CRP.K-12.CRP1.1	Career-ready individuals understand the obligations and responsibilities of being a member of a community, and they demonstrate this understanding every day through their interactions with others. They are conscientious of the impacts of their decisions on others and the environment around them. They think about the near-term and long-term consequences of their actions and seek to act in ways that contribute to the betterment of their teams, families, community and workplace. They are reliable and consistent in going beyond the minimum expectation and in participating in activities that serve the greater good.
CRP.K-12.CRP2	Apply appropriate academic and technical skills.
CRP.K-12.CRP2.1	Career-ready individuals readily access and use the knowledge and skills acquired through experience and education to be more productive. They make connections between abstract concepts with real-world applications, and they make correct insights about when it is appropriate to apply the use of an academic skill in a workplace situation.
9-12.HS-LS1-2.4.1	Models (e.g., physical, mathematical, computer models) can be used to simulate systems and interactions— including energy, matter, and information flows—within and between systems at different scales.

Learning Objectives

After completing this unit, students will be able to:

- Read, Comprehend, and Construct basic phrases in target Language
- Understand and Apply written and oral conventions to everyday interactions
- Compare and contrast target language countries with the US

Examples:

- **Recognize and repeat** vocabulary and expressions covered in the unit;
- Use computer to **compare and contrast cultural** habits and customs results;

- Apply knowledge of unit through **Role Play** and oral presentations.

- Media Literacy

21st Century Skills

21st Century Skills that will be incorporated into this unit:

- Global Awareness

- Civic Literacy

- Environmental Literacy

- Financial, Economic, Business and Entrepreneurial Literacy

- Global Awareness

- Health Literacy

Differentiation

- Allow students to complete oral assessments
- Additional time, when needed

General Differentiations:

- Pairing oral instruction with visuals
- Repeat directions
- Use manipulatives
- Center-based instruction
- Multisensory approaches
- Additional time
- Student(s) work with assigned partner
- Visual presentation
- Assistive technology
- Small group setting

Hi-Prep Differentiations:

- Games and tournaments
- Group investigations
- Guided Reading
- Leveled rubrics
- Multiple intelligence options
- Project-based learning
- Stations/centers
- Tiered activities/assignments

Lo-Prep Differentiations

- Choice of activities
- Flexible grouping
- Goal setting with students
- Jigsaw
- Open-ended activities
- Think-Pair-Share
- Reading buddies
- Varied supplemental materials

Exemplar: Students engage in student choice project based learning to help explore and present understanding of current vocabulary and grammar skills in accordance with their own levels of knowledge.

Special Education Learning (IEP's & 504's)

- Provide modifications as dictated in the student's IEP/504 plan
- additional time for skill mastery
- student working with an assigned partner
- check work frequently for understanding
- extended time on tests/ quizzes
- preferential seating

Exemplar: Provide word bank on fill in the blank/recall assessments.

- printed copy of board work/notes provided

- additional time for skill mastery

- assistive technology

- behavior management plan

- Center-Based Instruction

- check work frequently for understanding

- computer or electronic device utilizes

- extended time on tests/ quizzes

- have student repeat directions to check for understanding

- highlighted text visual presentation

- modified assignment format

- modified test content

- modified test format

- modified test length

- multi-sensory presentation

- multiple test sessions

- preferential seating

- preview of content, concepts, and vocabulary

- Provide modifications as dictated in the student's IEP/504 plan

- reduced/shortened reading assignments

- Reduced/shortened written assignments

- secure attention before giving instruction/directions

- shortened assignments

- student working with an assigned partner

- teacher initiated weekly assignment sheet

- Use open book, study guides, test prototypes

English Language Learning (ELL)

Not applicable to World Language.

- teaching key aspects of a topic. Eliminate nonessential information
- using videos, illustrations, pictures, and drawings to explain or clarif
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing
- decreasing the amount of workpresented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

At Risk

- tutoring by peers
- having peers take notes or providing a copy of the teacher's notes
- using videos, illustrations, pictures, and drawings to explain or clarify
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning

Exemplar: Encourage attendance at before school/after school tutoring program to allow for added one on one review and instruction time.

- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of workpresented or required

- having peers take notes or providing a copy of the teacher's notes

- marking students' correct and acceptable work, not the mistakes

- modifying tests to reflect selected objectives

- providing study guides

- reducing or omitting lengthy outside reading assignments

- reducing the number of answer choices on a multiple choice test

- tutoring by peers

- using authentic assessments with real-life problem-solving

- using true/false, matching, or fill in the blank tests in lieu of essay tests

- using videos, illustrations, pictures, and drawings to explain or clarify

Talented and Gifted Learning (T&G)

- Create a plan to solve an issue presented in the class or in a text
- Cluster grouping
- Allow students to work at a faster pace
- Above grade level placement option for qualified students

Exemplar: Allow students to create a lesson and teach the class using the medium of their choice as a teaching aid (Google slides, speech, SeeSaw activity or video)

- Above grade level placement option for qualified students

- Advanced problem-solving

- Allow students to work at a faster pace

- Cluster grouping

- Complete activities aligned with above grade level text using Benchmark results

- Create a blog or social media page about their unit

- Create a plan to solve an issue presented in the class or in a text

- Debate issues with research to support arguments

- Flexible skill grouping within a class or across grade level for rigor

- Higher order, critical & creative thinking skills, and discovery

- Multi-disciplinary unit and/or project

- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities

- Utilize exploratory connections to higher-grade concepts

- Utilize project-based learning for greater depth of knowledge
