### **Unit Overview**

---

Unit 3 of World Geography incorporates the history of Europe, including the effects of the geography on the land, and the differences between life in Western, Eastern and Southern Europe. As the geography is examined through Europe, an explanation of how life was affected, from the prehistoric times to modern Europe, will be determined.

### **Enduring Understanding**

---

The enduring understandings for this unit include:

- The legacies left behind by the people who lived in Europe are lasting until today and into

the future.

- Ideas of the Enlightenment inspired revolutions and new governments in Europe.
- Greece and Italy are home to two of the Western world's oldest and most influential civilizations.

## **Essential Questions**

---

Essential questions for Unit 3 are:

- How has climate and geography influenced the land and people of Europe?
- What are the major political, social, and cultural legacies from Europe's early history?
- Has Modern Europe's influence on the rest of the world been positive or negative?

## **Exit Skills**

---

By the end of Unit 3: Europe, the student should be able to:

- explain the history of Europe from the earliest humans through modern Day Europe.
- analyze the role geography plays in the changes which occurred throughout Europe and into the future.
- describe how different parts of Europe are affected by the climate and geography.

## **New Jersey Student Learning Standards (NJSL-S)**

---

|                 |   |
|-----------------|---|
| SOC.6.2.8.A.1.a | Compare and contrast the social organization, natural resources, and land use of early hunters/gatherers and those who lived in early agrarian societies.   |
| SOC.6.2.8.A.2.a | Explain how/why different early river valley civilizations developed similar forms of government and legal structures.  |
| SOC.6.2.8.B.1.a | Explain the various migratory patterns of hunters/gatherers that moved from Africa to Eurasia, Australia, and the Americas, and describe the impact of migration on their lives and on the shaping of societies.  |
| SOC.6.2.8.B.2.a | Determine the extent to which geography influenced settlement, the development of trade networks, technological innovations, and the sustainability of early river valley civilizations.  |
| SOC.6.2.8.B.2.b | Compare and contrast physical and political maps of early river valley civilizations and their modern counterparts (i.e., Mesopotamia and Iraq; Ancient Egypt and Modern Egypt; Indus River Valley and Modern Pakistan/India; Ancient China and Modern China), and determine the geopolitical impact of these civilizations, then and now.  |
| SOC.6.2.8.B.3.a | Determine how geography and the availability of natural resources influenced the development of the political, economic, and cultural systems of each of the classical civilizations and provided motivation for expansion.   |
| SOC.6.2.8.B.3.b | Explain how geography and the availability of natural resources led to both the development of Greek city-states and to their decline.  |
| SOC.6.2.8.B.4.a | Explain how geography influenced the development of the political, economic, and cultural centers of each empire as well as the empires' relationships with other parts of the world.   |
| SOC.6.2.8.C.3.a | Analyze the impact of expanding land and sea trade routes as well as a uniform system of exchange in the Mediterranean World and Asia.  |
| SOC.6.2.8.CS1   | The Beginnings of Human Society: Paleolithic and Neolithic Ages: Hunter/gatherers adapted to their physical environments using resources, the natural world, and technological advancements. The agricultural revolution led to an increase in population, specialization of labor, new forms of social organization, and the beginning of societies. Archaeology provides historical and scientific explanations for how ancient people lived. |

|               |  |
|---------------|--|
| SOC.6.2.8.CS2 | Early Civilizations and the Emergence of Pastoral Peoples: Early River Valley Civilizations: Early river valley civilizations (e.g., Mesopotamia, Egypt, Indus River [modern Pakistan and northwestern India], and, later, Yellow River Valley in China) developed due to favorable geographic conditions. They created centralized systems of government and advanced societies.  |
| SOC.6.2.8.CS3 | The Classical Civilizations of the Mediterranean World, India, and China: Classical civilizations (i.e., Greece, Rome, India and China) developed and expanded into empires of unprecedented size and diversity by creating centralized governments and promoting commerce, a common culture, and social values. Cultural exchange and diffusion dramatically increased, and enduring world religions emerged, during the era of classical civilizations. Classical civilizations declined as a result of internal weaknesses and external invasions, but they left lasting legacies for future civilizations. |

## **Interdisciplinary Connections**

---

|               |   |
|---------------|---|
| LA.RH.6-8.1   | Cite specific textual evidence to support analysis of primary and secondary sources.  |
| LA.RH.6-8.2   | Determine the central ideas or information of a primary or secondary source; provide an accurate summary of the source distinct from prior knowledge or opinions.   |
| LA.RH.6-8.3   | Identify key steps in a text's description of a process related to history/social studies (e.g., how a bill becomes law, how interest rates are raised or lowered).   |
| LA.RH.6-8.4   | Determine the meaning of words and phrases as they are used in a text, including vocabulary specific to domains related to history/social studies.  |
| LA.RH.6-8.5   | Describe how a text presents information (e.g., sequentially, comparatively, causally).   |
| LA.RH.6-8.6   | Identify aspects of a text that reveal an author's point of view or purpose (e.g., loaded language, inclusion or avoidance of particular facts).  |
| LA.RH.6-8.7   | Integrate visual information (e.g., in charts, graphs, photographs, videos, or maps) with other information in print and digital texts.   |
| LA.RH.6-8.8   | Distinguish among fact, opinion, and reasoned judgment in a text.   |
| LA.RH.6-8.9   | Analyze the relationship between a primary and secondary source on the same topic.  |
| LA.RH.6-8.10  | By the end of grade 8, read and comprehend history/social studies texts in the grades 6-8 text complexity band independently and proficiently.  |
| LA.WHST.6-8.1 | Write arguments focused on discipline-specific content.   |
| LA.WHST.6-8.2 | Write informative/explanatory texts, including the narration of historical events, scientific procedures/experiments, or technical processes.   |
| LA.WHST.6-8.6 | Use technology, including the Internet, to produce and publish writing and present the relationships between information and ideas clearly and efficiently.   |
| LA.WHST.6-8.7 | Conduct short research projects to answer a question (including a self-generated question), drawing on several sources and generating additional related, focused questions that allow for multiple avenues of exploration.   |
| LA.WHST.6-8.8 | Gather relevant information from multiple print and digital sources, using search terms effectively; assess the credibility and accuracy of each source; and quote or paraphrase the data and conclusions of others while avoiding plagiarism and following a standard format for citation. |

## Learning Objectives

---

After completing the unit on Europe, students will be able to:

- explain how the earliest civilizations in Europe affected the world and their culture as people migrated throughout the world.
- analyze how Modern Europe was changed throughout the centuries based on the geography and the influences of the people living in the area.
- describe how the geography of certain areas of Europe led to different cultures amongst the people.

## **Suggested Activities & Best Practices**

---

Suggested activities for this unit include:

- Create a series of 20-30 questions for a game show on Egyptian gods, beliefs about the afterlife, and burial practices. Students will break up into two teams and answer as many of the questions as they can for points.
- Create a blog of at least six journal entries experiencing a journey throughout a major region where Judaism, Christianity, or Islam is or was predominant. The students will write what it is like being a member of this religion and their experiences in this area based on geography and religion.
- Examine the Middle East and describe how life has changed over the last 100 years in this region. Students can choose one country specifically or the region and analyze life there.

## **Assessment Evidence - Checking for Understanding (CFU)**

---

Assessment Evidence in this unit include:

- Create a travel brochure on a European country that analyzes the population, cities, capitals, landmarks, exports, imports, culture, and language-benchmark assessment
  - Create an Exit Ticket asking the students whether they agreed with the Crusades or not-formative assessment
  - Summative Assessment assessing the students knowledge of Unit 2-summative assessment
  - Create a series of 20-30 questions for a game show on Egyptian gods, beliefs about the afterlife, and burial practices. Students will break up into two teams and answer as many of the questions as they can for points.-alternate assessment

## **Primary Resources & Materials**

---

The resources available to you that are located either within the district or that can be obtained by district resources are:

- HMH Social Studies World Geography textbook and Ed Dashboard
- Channel 1 news online subscription
- NewsELA website

## **Ancillary Resources**

---

Other resources available to strengthen your lesson include:

- TeacherVision Geography Resources <https://www.teachervision.com/subjects/social->

studies-history/geography

- Current Events Websites (Newsela, Yahoo News, CNN, FoxNews)
- HMH Social Studies World Geography Online Website

## **Technology Infusion**

---

Different Technology Infusion and/or strategies that are integrated into this unit to enhance learning include:

- Using Different Google Programs (Forms, Sheets, Docs, and Slides) to enhance each assignment
- Using Youtube Videos/Channel One News to show the students the different documents of democracy in order to create their own document

## Alignment to 21st Century Skills & Technology

---

- English Language Arts;
- Social Studies, including American History, World History, Geography, Government and Civics, and Economics;
- World languages;
- Technology;
- Visual and Performing Arts.

| TECH.8.2.8.E | Computational Thinking: Programming: Computational thinking builds and enhances problem solving, allowing students to move beyond using knowledge to creating knowledge. |

## **21st Century Skills/Interdisciplinary Themes**

---

- Communication and Collaboration
- Creativity and Innovation
- Critical thinking and Problem Solving
- ICT (Information, Communications and Technology) Literacy
- Information Literacy
- Life and Career Skills
- Media Literacy

## **21st Century Skills**

---

- Civic Literacy
- Environmental Literacy
- Financial, Economic, Business and Entrepreneurial Literacy
- Global Awareness
- Health Literacy

## **Differentiation**

---

Different Differentiations that will be employed in this include:

- Allowing students to work in small groups assignments to complete (graphic organizers, projects, and assessments)
- Allow work to be submitted online and allow extra time to complete assignments
- Different Summative Assessments (Projects, Google Forms, Open Ended, Essays)

**Differentiations:**

- Small group instruction
- Small group assignments
- Extra time to complete assignments
- Pairing oral instruction with visuals
- Repeat directions
- Use manipulatives

- Center-based instruction
- Token economy
- Study guides
- Teacher reads assessments allowed
- Scheduled breaks
- Rephrase written directions
- Multisensory approaches
- Additional time
- Preview vocabulary
- Preview content & concepts
- Story guides
- Behavior management plan
- Highlight text
- Student(s) work with assigned partner
- Visual presentation
- Assistive technology
- Auditory presentations
- Large print edition
- Dictation to scribe
- Small group setting

#### **Hi-Prep Differentiations:**

- Alternative formative and summative assessments
- Choice boards
- Games and tournaments
- Group investigations
- Guided Reading
- Independent research and projects
- Interest groups
- Learning contracts
- Leveled rubrics
- Literature circles
- Multiple intelligence options
- Multiple texts
- Personal agendas
- Project-based learning
- Problem-based learning
- Stations/centers
- Think-Tac-Toes
- Tiered activities/assignments
- Tiered products
- Varying organizers for instructions

#### **Lo-Prep Differentiations**

- Choice of books or activities
- Cubing activities
- Exploration by interest
- Flexible grouping
- Goal setting with students
- Jigsaw
- Mini workshops to re-teach or extend skills

- Open-ended activities
- Think-Pair-Share
- Reading buddies
- Varied journal prompts
- Varied supplemental materials

## **Special Education Learning (IEP's & 504's)**

---

Different Special Education Learning adaptations that will be employed in the unit include:

- Teacher allows students extra time to complete assignments, projects, and assessments
- Create modified rubric on the main ideas of the travel brochure to simplify project workload
- Playing Kahoot at the end of each unit as the primary resource for a study guide

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multiple test sessions

- multi-sensory presentation
- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

## **English Language Learning (ELL)**

---

Different English Language Learning strategies that can be used for this Unit include:

- Create documents through different Google programs to translate documents to specific languages
  - HMH Spanish/English Workbook for each Module Unit to help identify main points for the Unit
  - Allowing students to use open book, notes, and study guides for the Unit 3 assessment
- 
- teaching key aspects of a topic. Eliminate nonessential information
  - using videos, illustrations, pictures, and drawings to explain or clarify
  - allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
  - allowing students to correct errors (looking for understanding)
  - allowing the use of note cards or open-book during testing
  - decreasing the amount of work presented or required
  - having peers take notes or providing a copy of the teacher's notes
  - modifying tests to reflect selected objectives
  - providing study guides
  - reducing or omitting lengthy outside reading assignments
  - reducing the number of answer choices on a multiple choice test
  - tutoring by peers

- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

## **At Risk**

---

Different Intervention Strategies that will be employed in the unit include:

- Have students choose one of the four documents of democracy in history and have students list the main aspects of that document
- Allow students to make test corrections in order for students to understand main idea
- Allowing students to use open book, notes, and study guide for Unit 3 assessment
  
- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

## **Talented and Gifted Learning (T&G)**

---

Different Talented and Gifted adaptations that will be employed in the unit include:

- Create a European Travel Brochure for one country to analyze the country's history, physical features, and the citizen's way of life
- Analyzing the Four Documents of Democracy and have students create their own document of democracy for their fictitious country
- Students replicate one of the Major Battles in the World Wars and analyze why their battle

was important to the war

- Having high order thinking questions (open ended) on assessments to challenge and further explain the main ideas for the unit

- Above grade level placement option for qualified students
- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge

## **Sample Lesson**
