Suggested Activities & Best Practices

- Each student will answer the units essential question(s) via Blogger on the class website before the unit begins. After the unit is completed-students will comment on their peer's post referencing material discussed during the unit. This will promote student interaction outside of the classroom as well as assist student's participation skills in the 21st century.
- Using last unit's "Secret Identity", each student will research their identity's role in the work force and economy. This will help students see how the workforce and economy has changed over time and where it could possibly go in the future.
