Enduring Understanding

Students will understand:

- Idioms and idiomatic expressions are words and phrases that cannot be translated literally from one language to another.
- Language proficiency can only be achieved over time. The more we study and use the language in a variety of settings and situations, the more proficient and fluent we become.
- Exploring the perspectives, practices, products, and languages of different cultures provides insight into one's own culture, and contributes to one's understanding of the diversity of cultures in a global society.
- Technology is used to communicate and collaborate in social, academic, and work environments
- Participation in a democratic and global society requires the ethical and responsible use of information and technology
- Working effectively and productively requires the selection and use of applications of technology systems that are appropriate for the task or desired outcome.

Essential Questions

Students will keep considering:

- How do developments in science and technology affect our lives?
- What factors have driven innovation and discovery in the fields of science and technology?
- What role do ethics play in scientific advancement?
- How does technology change thinking?

Exit Skills

Students will be able to discuss and write about:

- Current Research Topics / *La recherche et ses nouvelles frontières*
- Discoveries and Inventions / *Les découvertes et les inventions*
- Ethical Questions / *Les choix moraux*
- Future Technologies / *L'avenir de la technologie*
- Finding Love Online / *Trouver l'amour en ligne*
- Protecting Yourself Online / *Vous vous protégez en ligne*
- Social Impact of Technology / *La technologie et ses effets sur la société*
