Unit Overview

"Wonders for English Learners offers instruction specifically designed to create learning experiences that inspire confidence, increase student engagement, and build language skills. Lessons emphasize building speaking, listening, reading, and writing skills to improve both academic and social language and accelerate progress in the core classroom. All instruction connects with core Wonders content, providing a seamless pathway for students to access content at their proficiency level, build understanding, and engage in the core classroom."

Unit One takes ELLs through the discovery of trying new things. It asks children to think about activities they like to do with their friends, describe different types of animals and how they move, and how children can use their senses to describe objects around them. Topics covered in Unit One include friends, baby animals and five senses.

Enduring Understandings

Week 1. Understand the importance of getting along with others through play and sharing their feelings.

Week 2. Compare and contrast how baby animals move and how their movements are interesting.

Week 3. Learn about their five senses, how they are used and what they learn from them.

Essential Questions

During Unit 1, students will explore different themes and scenarios that will guide them in formulating their own thoughtful responses to this unit's BIG IDEA: "What can we learn when we try new things?" Below, see how the BIG IDEA is explored through weekly "Concepts" and "Essential Questions" which form the basis for exploration and discussion throughout the week.

Week 1:

Suggested Activities & Best Practices

Unit 1, Week 1

- Read: How To Be A Good Friend by Laurie Krasny Brown. Afterwards have a class discussion about what the students learned about how to be a friend.
- Our Friendship Web: Have the students sit a circle and take turns throwing a ball of yarn around so it creates a web. Before

they throw the yarn, students have to say something such as: say the name of the person they are throwing it to and something nice about them, say something about themselves so others get to know them, or what they are wanting to learn in school.

- My New Friend: Have students pair up with a new friend and fill out a "Get to Know You" worksheet so that they get to know each other, they can then teach the class something they learned about their new friend.
- Have children draw themselves doing each of their favorite activities with friends. Have them dictate labels, captions or sentences as they are able, using the words and frames they have been learning.

Unit 1, Week 2

- Youtube: Watch These Baby Animals Move (Elmo at the Zoo #7) <https://www.youtube.com/watch?v=LzmcNlftNxs>
- Create an animal book about how different animals move. Each worksheet should have a picture of the animal and then a sentence starter for the students to fill in about the movement. For example: A baby gorilla can _____.
- Have children draw pictures of themselves moving as any one of the animals in the picture, an animal on the chart, or another animal. Help them complete the caption: I like to ____ like ____.
- Read: Baby Animals Move by Suzi Eszterhas

Unit 1, Week 3

- Read: The Magic School Bus Explores the Senses by Joanna Cole
- Build sentences by printing out a set of words. Then have the students put together the words to form sentences and then use a pointer to read them aloud. The sentences will need to include one of the five senses: "I can see the...", "I can smell the...", "I can touch the...", "I can taste the...", "I can hear the..."
- Have children draw a picture of the body parts related to the five senses (ears, nose, eyes, hand, mouth). Then have them look around the room for items they can hear, smell, see, touch, and taste. Have them draw a picture of an object next to the body part/sense they use to learn about that object. For example, they might draw a stuffed animal next to a hand to show that it's something they can feel. Guide children to add labels, using the words and frames they have been learning.

Sample Lesson

Unit Name: Unit 1, Week 1: How Can We Get Along with New Friends? (Day 1, Language Support)

NJSLS:

Interdisciplinary Connection: Reading and Writing

Statement of Objective:

Develop oral language to use when talking about getting along with friends.
Collaborate to express ideas about doing activities with friends.
Listen actively to an oral presentation about getting along with new friends.
Understand the importance of getting along with others.
Identify ways to share and get along.

Anticipatory Set/Do Now:

Say: Today you will learn words to use when you meet new friends and play with both new and old friends. I will work with you on these words and then you will complete My Language Book pages and talk about them with each other. The pages have pictures of children during playtime. You will also use language from the story *What About Bear?*, which will help you talk about the story.

Learning Activity:

To begin, we are go to listen to the rhyme "The More We Get Together" which the students can chant or sing, accompanied by body movements. Ask: *Why are children happier the more they get together? Point out that many activities are more enjoyable when they are done together. Guide children to name some of their favorite activities. Make a list using their suggestions. Ask: Which activities are better to do together? To help children answer the question, guide them to talk about what they do with friends, using sentence frames and prompts such as the following. I like to play _____ with _____. Guide small groups to talk about things they like to do with friends. Provide language frames for children to use to sum up their discussions, such as:*

I like to play _____ with friends because it is _____.
One thing that happens when we do things together is _____.
I like to _____ with _____ because _____.

Write About It: Have children draw themselves doing each of their favorite activities with friends. Have them dictate labels, captions or sentences as they are able, using the words and frames they have been learning.
