#### **Unit Overview**

"Wonders for English Learners offers instruction specifically designed to create learning experiences that inspire confidence, increase student engagement, and build language skills. Lessons emphasize building speaking, listening, reading, and writing skills to improve both academic and social language and accelerate progress in the core classroom. All instruction connects with core Wonders content, providing a seamless pathway for students to access content at their proficiency level, build understanding, and engage in the core classroom."

Unit Nine takes ELLs through the understanding of how living things change. It asks children to think chores they can do to help out at home, ways to be a good citizen, and the importance of natural resources. Topics covered in Unit Nine include chores, citizenship, and natural resources.

# **Enduring Understandings**

Week 1. Identify household chores.

Week 2. Identify ways to be a good citizen in different environments.

Essential Questions
During Unit 9, students will explore different themes and scenarios that will guide them in formulating their own thoughtful responses to this unit's BIG IDEA: "How do things change?" Below, see how the BIG IDEA is explored through weekly "Concepts" and "Essential Questions" which form the basis for exploration and discussion throughout the week. u
Week 1:
Concept: Growing Up
Essential Question: How can you help out at home?
Week 2:
Concept: Good Citizens
Essential Question: How can you be a good citizen?
Week 3:
Concept: Our Natural Resources
Essential Question: How can things in Nature be used to make new things?
Exit Skills
By the end of the unit, students will be able to:

Week 3. Identify natural resources.

# **Interdisciplinary Connections**

SOC.6.1.4	U.S. History: America in the World: All students will acquire the knowledge and skills to think analytically about how past and present interactions of people, cultures, and the environment shape the American heritage. Such knowledge and skills enable students to make informed decisions that reflect fundamental rights and core democratic values as productive citizens in local, national, and global communities.
SOC.6.1.4.A.11	Explain how the fundamental rights of the individual and the common good of the country depend upon all citizens exercising their civic responsibilities at the community, state, national, and global levels.
SOC.6.1.4.B.8	Compare ways people choose to use and distribute natural resources.
SOC.6.1.4.C.14	Compare different regions of New Jersey to determine the role that geography, natural

resources, climate, transportation, technology, and/or the labor force play in economic opportunities.

## **Learning Objectives**

- Listen actively to an oral presentation.
- Develop oral language and listening skills.
- Retell a story.
- Collaborate to read and respond to a text.
- Modify sentences to add details.
- Develop oral vocabulary
- Collaborate to converse about a topic
- Ask and answer questions about key details in a text
- Discuss activities and events that occur in a story
- Develop language to use when talking about a topic
- Identify and read High-Frequency Words
- Identify and practice phonemes within words
- Create words with Word Building Cards
- Draw conclusions about a character's feelings
- Participate in an interactive Read Aloud
- Identify similarities and differences

## **Suggested Activities & Best Practices**

Unit 9. Week 1

- Have children draw themselves doing a job or chore at home that they do on a regular basis. Assist them to add labels, captions, or sentences to describe the chore they help with. Allow children to dictate their ideas to you as needed.
- Read: The Berenstain Bears and the Trouble With Chores
- Read: These Are the Chores We Do by Blake Hoena

#### Unit 9, Week 2

- Have children turn to a partner and tell about a time they were good citizens at school. Invite them to describe the situation and what they did.
- Have children draw themselves doing something that shows them being a good citizen. Guide them to add labels, using the words and frames they have been learning.

#### Unit 9, Week 3

- Provide a physical example of something made from the following materials: wood, glass, metal, clay. Divide children into four groups and give each group one of the objects. Have children work together to think of other things made of the same material. Work with the groups to identify the raw material used to make each item. Have groups share the information about their natural resource with the other groups.
- Have children draw a picture of something they have seen in nature such as trees, plants, rocks or water. Then next to their natural resource, have them draw a picture of something they might have been made from their resource. For example, if

children draw a body of water, they might show someone drinking a glass of water or brushing their teeth. Then have children write a label, caption, or sentences describing their work, dictating their ideas to you as needed.

- Personal agendas
- Project-based learning
- Problem-based learning
- Stations/centers
- Think-Tac-Toes
- Tiered activities/assignments
- Tiered products
- Varying organizers for instructions

#### **Lo-Prep Differentiations**

- Choice of books or activities
- Cubing activities
- Exploration by interest

- Flexible grouping
- Goal setting with students
- Jigsaw
- Mini workshops to re-teach or extend skills
- Open-ended activities
- Think-Pair-Share
- Reading buddies
- Varied journal prompts
- Varied supplemental materials

## **Special Education Learning (IEP's & 504's)**

- If children are unable to respond with phrases or short sentences then provide frames to help them.
- If children struggle to label their drawings then review with them the list of theme words from Day 4.
- Special Education and Resource Room Teachers will have access to Wonder Works. This product has differentiated foundational skills practice, instructional support, and assessment. Additionally, phonological awareness, phonemic awareness, phonics, and structural analysis at students' individual levels are also covered with this supplemental program. It mirrors all of the skills and strategies of the Wonders reading series.
- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- · check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multiple test sessions
- · multi-sensory presentation
- · preferential seating

- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- · Reduced/shortened written assignments
- secure attention before giving instruction/directions
- · shortened assignments
- student working with an assigned partner
- · teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

## **English Language Learning (ELL)**

- Have children draw and label/caption pictures.
- Ask and and answer questions about this week's essential question for beginning, intermediate and advanced learners.
- Retelling Cards Students can retell their favorite selection using the retelling prompts.
- ESL Teachers will have access to Wonder Works. This product has differentiated foundational skills practice, instructional support, and assessment. Additionally, phonological awareness, phonemic awareness, phonics, and structural analysis at students' individual levels are also covered with this supplemental program. It mirrors all of the skills and strategies of the Wonders reading series. Furthermore, there are lessons designed to meet the needs of Beginning, Intermediate, and Advanced ESL students.

- teaching key aspects of a topic. Eliminate nonessential information

- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- · using videos, illustrations, pictures, and drawings to explain or clarify

## Talented and Gifted Learning (T&G)

Unit 9, Week 1

- Say: Tell me about how you help out at your home. What chores do you do at home to help your family now? What chores will you do when you are older? How do you feel about the chores you do now?
- Have children draw and write about two ways Peter helps with his baby sister Susie. Have children write sentences about how they think each way of helping makes him feel.

#### Unit 9, Week 2

- Say: Tell about being a good citizen. How can you be a good citizen at school? In the community? Why is it important for people to be good citizens?
- Have children draw two pictures that show how Hen's gossip causes a problem. Have children write several sentences to explain how and why Hen's gossip caused trouble.

#### Unit 9, Week 3

• Say: Tell me about some natural resources. What is the most interesting natural resource? Why do you think so? What do you know about it?

- Have children draw three pictures showing how wheat becomes a loaf of bread, writing sentences to accompany each picture, and adding information not represented by their drawings as well.
- Above grade level placement option for qualified students
- · Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- · Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge
