Unit Overview

Unit 7 will explore the presidencies of six American presidents: Reagan, George H. Bush, Clinton, George W. Bush, and Obama and describe each president's programs and their effect on the country. this unit includes As soon as Reagan took office, he worked to reduce the size and influence of the federal government. He thought these reductions would encourage private investment. Because people were anxious about the economy, they were open to new approaches to taxes and the federal budget.

Enduring Understanding

- 1. After decades of government expansion and social change America had a "Conservative Revolution" in the 1980s under President Reagan.**
- 2. Reagan embarked on a program of cutting taxes, investing in National Defense and shrinking the size of the Federal government.**
- 3. While Reagan's programs were generally successful his presidency did see a scandal and a difficult second term.**

4. Communism fell and died in the "Velvet Revolutions" from 1989-1991.
5. George H.W. Bush achieved notable foreign policy successes but was limited to one term due to domestic struggles.
6. Bill Clinton's presidency achieved remarkable results in some areas, but was plagued by personal and political scandal.
7. The 2000 election of George W. Bush was historic, ending up in the Supreme Court to help determine the winner.
8. The US faced a different world from 9-11-01, now having to deal with terror both at home and abroad.
9. The election of Barack Obama represented a shift in American beliefs and a historical event in American history.
10. The United States has reacted to the most recent recession by expanding the role of government in society.

Essential Questions

1. How was Reagan the "first" conservative President?
2. Was Reagan's conservative strategy effective for the US?
3. Considering Iran-Contra and the end of Communism grade Reagan for his presidency.
4. What factored most in the fall of communism towards the end of the 20th Century?
5. Why was the success in Iraq not enough to get H.S. Bush re-elected?
6. Why would Bill Clinton's presidency be hard to evaluate when you consider he was one of the few Presidents to balance the budget?

7. How did the election of 2000 challenge America's belief in Constitutional government?

8. Why was 9-11-01 a transformative event in American society?

Exit Skills

By the end of Unit 7:

1. Students should be able to apply domain-specific vocabulary in their verbal and written responses, essays and papers.
2. Students should be able to choose a side to a query and provide logical argument for their choice.
3. Students should be able to deductively use new information and logically apply this evidence to a related problem.
4. Students should be able to inductively gather information and deduce a theory based on their findings.
5. Students should be able to gather information in meaningful clusters and apply their findings to specific problems.

Write an persuasive essay that answers this question:

What issue or development has most affected the United States since the beginning of the 21st century?

1. Your essay should include key people, events, and trends that made history as the 20th century became the 21st.
2. Cite evidence to support your position.

3. Organize your essay into an introduction, body, and conclusion.

Ref's Standard ID Description

0x LA.RI.11-12.1 Accurately cite strong and thorough textual evidence, (e.g., via discussion, written response, etc.), to support analysis of what the text says explicitly as well as inferentially, including determining where the text leaves matters uncertain.

0x LA.RI.11-12.7 Integrate and evaluate multiple sources of information presented in different media or formats (e.g., visually, quantitatively) as well as in words in order to address a question or solve a problem.

0x LA.RI.11-12.9 Analyze and reflect on (e.g., practical knowledge, historical/cultural context, and background knowledge) documents of historical and literary significance for their themes, purposes and rhetorical features, including primary source documents relevant to U.S. and/or global history.

0x LA.RL.11-12.1 Cite strong and thorough textual evidence and make relevant connections to support analysis of what the text says explicitly as well as inferences drawn from the text, including determining where the text leaves matters uncertain.

0x LA.SL.11-12.1 Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with peers on grades 11–12 topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.

0x LA.W.11-12.1 Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence.

0x LA.W.11-12.4 Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)

0x LA.W.11-12.7 Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.

0x MA.9-12.S-CP Conditional Probability and the Rules of Probability

0x MA.9-12.S-IC Making Inferences and Justifying Conclusions

0x MA.9-12.S-IC.B Make inferences and justify conclusions from sample surveys, experiments, and observational studies

0x MA.9-12.S-ID.A Summarize, represent, and interpret data on a single count or measurement variable

0x TECH.8.1.12 All students will use digital tools to access, manage, evaluate, and synthesize information in order to solve problems individually and collaborate and to create and communicate knowledge.

0x TECH.8.1.12.A.4 Construct a spreadsheet workbook with multiple worksheets, rename tabs to reflect the data on the worksheet, and use mathematical or logical functions, charts and data from all worksheets to convey the results.

0x TECH.8.1.12.E Students apply digital tools to gather, evaluate, and use information.

0x TECH.8.1.12.F Students use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources.

0x TECH.8.2.12.C The design process is a systematic approach to solving problems.

0x TECH.8.2.12.E Computational thinking builds and enhances problem solving, allowing students to move beyond using knowledge to creating knowledge.

Suggested Activities & Best Practices

What Do Best Practices Look Like? Classrooms that exemplify best practices are easy to detect as soon as you enter the room.

- Project materials and books are numerous.
- Students are engaged and focused on their work.
- Teachers often use collaborative and/or authentic tasks that place students at the center of the learning process.
- Seating arrangements are clustered, varied and functional with multiinstructional areas.
- Classrooms are activity-based spaces as opposed to places to “sit and get” lectures.
- Teachers are actively engaged with different groups and students are anxious to enlist visitors in their various tasks or assignments.
- There is a joyful feeling of purposeful movement, industrious thinking and a vital and vibrant atmosphere and environment.

- Research Budget Cuts

- Reagan's strategy for downsizing the federal government included deep cuts in government spending on social programs. Yet his cuts did not affect all segments of the population equally. Entitlement programs that benefited the middle class, such as Social Security, Medicare, and veterans' pensions, remained intact. On the other hand, Congress slashed by 10 percent the budget for programs that benefited other groups. These programs included urban mass transit, food stamps, welfare benefits, job training, Medicaid, school lunches, and student loans. At the same time, Reagan authorized increases in military spending that more than offset cuts in social programs, adding to the deficit. In order to compete with the Soviet Union in the arms race, between 1981 and 1984 the Defense Department budget almost doubled.
- Class discussion on: What does the election of President Obama say about the beliefs and attitudes of most Americans?
- Class debate: Should the US have a larger more active Federal government?
- What issue or development has most affected the United States since the beginning of the 21st century?
- Write a persuasive essay in response to the essential question. Your essay should include key people, events, and trends that made history as the 20th century became the 21st. Be sure to cite evidence to support your position and organize your essay into an introduction, body, and conclusion.

Alignment to 21st Century Skills & Technology

Key SUBJECTS AND 21st CENTURY THEMES

Mastery of key subjects and 21st century themes is essential for all students in the 21st century.

Key subjects include:

- English, reading or language arts
- World languages
- Arts
- Mathematics
- Economics
- Science
- Geography
- History
- Government and Civics

Differentiation

Differentiations:

- Small group instruction
- Small group assignments
- Extra time to complete assignments
- Pairing oral instruction with visuals

Special Education Learning (IEP's & 504's)

Please identify the **Special Education Learning** adaptations that will be employed in the unit, using the ones identified below.

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes

- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multi-sensory presentation
- multiple test sessions
- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

English Language Learning (ELL)

Please identify the **English Language Learning** adaptations that will be employed in the unit, using the ones identified below.

- teaching key aspects of a topic. Eliminate nonessential information
- using videos, illustrations, pictures, and drawings to explain or clarify
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features

- using true/false, matching, or fill in the blank tests in lieu of essay tests

At Risk

Please identify Intervention Strategies that will be employed in the unit, using the ones identified below.

- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

Talented and Gifted Learning (T&G)

Please identify the **Talented and Gifted** adaptations that will be employed in the unit, using the ones identified below.

- Above grade level placement option for qualified students
- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments

- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge

Sample Lesson

Unit Name: The New Millennium

Students will research and write an essay explaining the cause and effect of the Affordable Care Act.

Interdisciplinary Connection: Language Arts

Statement of Objective: Students will be able to articulate their own opinions.

Anticipatory Set/Do Now:

- 1-Minute research
- 3-5 questions
- Quick Video

Learning Activity: Students are working in tiered groups on a series of research questions that would give them an idea of what the first settlers encountered in North America.

Student Assessment/CFU's:

- Creative Writing
 - Exam/Quiz
 - Class Participation
- Materials: Laptop, LCD, Text Maps, handouts,

21st Century Themes and Skills:

- Civic literacy
- Creativity and Innovation
- Critical Thinking and Problem Solving

Differentiation: Tiered grouping, these groups are put together during the first few weeks of school and will change during the school year.

Integration of Technology: Laptop, LCD, INTERNET
