Unit 8: Into a New Millennium

Belleville Board of Education

102 Passaic Avenue

Belleville, NJ 07109

Prepared by: Social Studies Teacher, Joseph Fischer

Dr. Richard Tomko, Ph.D., M.J., Superintendent of Schools

Ms. LucyAnn Demikoff, Director of Curriculum and Instruction K-12

Ms. Nicole Shanklin, Director of Elementary Education K-8, ESL Coordinator K-12

Mr. George Droste, Director of Secondary Education

Board Approved: September 23, 2019

Unit Overview

In Unit 8 students will learn about the administrations that bridged the end of the 20th century and the beginning of the 21st. They will also examine how technology and changing demographics have shaped modern American culture.

Enduring Understanding

1. Bill Clinton led the Democratic Party in a new direction, while the Republican influence increased and the economy changed.
2. Acts of terrorism, a troubled war, and a faltering economy dominated the millennium's first decade.
3. President Barack Obama changed domestic and foreign policies, but the Democratic Party lost power in Congress as U.S. politics became increasingly partisan.
4. Advances in technology have increased not only in the pace but also the comfort and health of many Americans' daily lives.
5. As the 20th century ended and the 21st began, the demographics of the U.S. population changed.

Essential Questions

1. Are peace and stability in the Middle East vital to the United States' economy and national security? Explain.
2. Should the United States have fought a war against Iraq to liberate Kuwait? Why or why not?
3. Is it the responsibility of the United States today to be the world's "policeman"? Why or why not?
4. Can global terrorism be stopped? Explain.
5. Should a President be impeached for ethical lapses and moral improprieties? Why or why not? Use specific examples.
6. Should the United States use military force to support democracy in the Middle East? Explain.
13. Is it constitutional for the United States to fight preemptive wars? Was the United States justified in fighting a war to remove Saddam Hussein from power?
14. Is the world safer since the end of the Cold War? Explain.
15. Should Americans be optimistic about the future? Why or why not?
16. Should we change the way that we elect our presidents? Defend your position.

Exit Skills

1. Students should be able to apply domain-specific vocabulary in their verbal and written responses, essays and papers.

2. Students should be able to choose a side to a query and provide logical argument for their choice.
3. Students should be able to deductively use new information and logically apply this evidence to a related problem.
4. Students should be able to inductively gather information and deduce a theory based on their findings.
5. Students should be able to gather information in meaningful clusters and apply their findings to specific problems.

Task

Write an persuasive essay that answers this question:

What issue or development has most affected the United States since the beginning of the 21st century?

1. Your essay should include key people, events, and trends that made history as the 20th century became the 21st.
2. Cite evidence to support your position.
3. Organize your essay into an introduction, body, and conclusion.

New Jersey Student Learning Standards (NJSLS-S)

SOC.6.2.12.A.6.d	Assess the effectiveness of responses by governments and international organizations to tensions resulting from ethnic, territorial, religious, and/or nationalist differences.
SOC.6.2.12.B.6.a	Determine the global impact of increased population growth, migration, and changes in urban-rural populations on natural resources and land use.
SOC.6.2.12.C.6.a	Evaluate efforts of governmental, nongovernmental, and international organizations to address economic imbalances and social inequalities.
SOC.6.2.12.C.6.b	Compare and contrast demographic trends in industrialized and developing nations, and evaluate the potential impact of these trends on the economy, political stability, and use of resources.
SOC.6.3.12	Active Citizenship in the 21st Century: All students will acquire the skills needed to be active, informed citizens who value diversity and promote cultural understanding by working collaboratively to address the challenges that are inherent in living in an interconnected world.
SOC.6.3.12.A.2	Compare current case studies involving slavery, child labor, or other unfair labor practices in the United States with those of other nations, and evaluate the extent to which such problems are universal.
SOC.6.3.12.B.1	Collaborate with students from other countries to develop possible solutions to an issue of environmental justice, and present those solutions to relevant national and international governmental and/or nongovernmental organizations.
SOC.6.3.12.C.1	Participate in a simulated meeting (e.g., President's Council, World Bank, International Monetary Fund (IMF)), research evidence from multiple sources about an economic problem, (e.g., inflation, unemployment, deficit), and develop a plan of action.
SOC.6.3.12.CS1	Determine the credibility and value of information, while also considering context, point of view, and multiple perspectives.
SOC.6.3.12.CS3	Collaboratively evaluate possible solutions to problems and conflicts that arise in an interconnected world.
SOC.6.3.12.CS7	Take actions that result in a more just and equitable society.

Interdisciplinary Connections

Witness for the Prosecution—High school students take on the role of investigative journalist and read the play *Witness for the Prosecution* by Agatha Christie. After each act of the play, students write news stories using facts from the play.

|-----------------------------------|--|
| 0x ^{LA.11-12.SL.11-12.2} | Integrate multiple sources of information presented in diverse formats and media (e.g., visually, quantitatively, orally) in order to make informed decisions and solve problems, evaluating the credibility and accuracy of each source and noting any discrepancies among the data. |
| 0x ^{LA.L.11-12.4.C} | Consult general and specialized reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning, its part of speech, its etymology, or its standard usage. |
| 0x ^{LA.RI.11-12.1} | Accurately cite strong and thorough textual evidence, (e.g., via discussion, written response, etc.), to support analysis of what the text says explicitly as well as inferentially, including determining where the text leaves matters uncertain. |
| 0x ^{LA.RI.11-12.7} | Integrate and evaluate multiple sources of information presented in different media or formats (e.g., visually, quantitatively) as well as in words in order to address a question or solve a problem. |
| 0x ^{LA.RI.11-12.8} | Describe and evaluate the reasoning in seminal U.S. and global texts, including the application of constitutional principles and use of legal reasoning (e.g., in U.S. Supreme Court majority opinions and dissents) and the premises, purposes, and arguments in works of public advocacy (e.g., <i>The Federalist</i> , presidential addresses). |
| 0x ^{LA.RI.11-12.9} | Analyze and reflect on (e.g., practical knowledge, historical/cultural context, and background knowledge) documents of historical and literary significance for their themes, purposes and rhetorical features, including primary source documents relevant to U.S. and/or global history. |
| 0x ^{LA.RL.11-12.1} | Cite strong and thorough textual evidence and make relevant connections to support analysis of what the text says explicitly as well as inferences drawn from the text, including determining where the text leaves matters uncertain. |
| 0x ^{LA.SL.11-12.1.A} | Come to discussions prepared, having read and researched material under study; explicitly draw on that preparation by referring to evidence from texts and other research on the topic or issue to stimulate a thoughtful, well reasoned exchange of ideas. |
| 0x ^{LA.W.11-12.2} | Write informative/explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately through the effective selection, organization, and analysis of content. |
| 0x ^{LA.W.11-12.4} | Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.) |
| 0x ^{LA.W.11-12.7} | Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple |

	sources on the subject, demonstrating understanding of the subject under investigation.
0xMA.9-12.S-CP	Conditional Probability and the Rules of Probability
0xMA.9-12.S-CP.B	Use the rules of probability to compute probabilities of compound events in a uniform probability model
0xMA.9-12.S-IC	Making Inferences and Justifying Conclusions
0xMA.9-12.S-IC.B	Make inferences and justify conclusions from sample surveys, experiments, and observational studies
0xMA.9-12.S-IC.B.6	Evaluate reports based on data.
0xMA.9-12.S-ID	Interpreting Categorical and Quantitative Data
0xMA.9-12.S-MD	Using Probability to Make Decisions
0xMA.9-12.S-MD.B	Use probability to evaluate outcomes of decisions
0xTECH.8.1.12	All students will use digital tools to access, manage, evaluate, and synthesize information in order to solve problems individually and collaborate and to create and communicate knowledge.
0xTECH.8.1.12.A.4	Construct a spreadsheet workbook with multiple worksheets, rename tabs to reflect the data on the worksheet, and use mathematical or logical functions, charts and data from all worksheets to convey the results.
0xTECH.8.1.12.B	Students demonstrate creative thinking, construct knowledge and develop innovative products and process using technology.
0xTECH.8.1.12.C	Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others.
0xTECH.8.1.12.E	Students apply digital tools to gather, evaluate, and use information.
0xTECH.8.1.12.F	Students use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources.
0xTECH.8.2.12.C	The design process is a systematic approach to solving problems.

Learning Objectives

1. Assess the merit and effectiveness of recent legislation in addressing the health, welfare, and citizenship status of individuals and groups.
2. Analyze the conflicting ideologies and actions of political parties regarding spending priorities, the role of government in the economy, and social reforms.
3. Assess the effectiveness of government policies in balancing the rights of the individual against the need for national security.
4. Determine the impact of recent immigration and migration patterns in New Jersey and the United States on demographic, social, economic, and political issues.
5. Differing views on government's role in social and economic issues led to greater partisanship in government decision making. The increased economic prosperity and opportunities experienced by many masked growing tensions and disparities experienced by some individuals and groups. Immigration, educational opportunities, and social interaction have led to the growth of a multicultural society with varying

values and perspectives.

6. Determine the relationship between United States domestic and foreign policies.

7. Evaluate the role of religion on cultural and social mores, public opinion, and political decisions.

8. Determine the influence of multicultural beliefs, products (i.e., art, food, music, and literature), and practices in shaping contemporary American culture.

Suggested Activities & Best Practices

What Do Best Practices Look Like? Classrooms that exemplify best practices are easy to detect as soon as you enter the room. • Project materials and books are numerous. • Students are engaged and focused on their work. • Teachers often use collaborative and/or authentic tasks that place students at the center of the learning process. • Seating arrangements are clustered, varied and functional with multiinstructional areas. • Classrooms are activity-based spaces as opposed to places to “sit and get” lectures. • Teachers are actively engaged with different groups and students are anxious to enlist visitors in their various tasks or assignments. • There is a joyful feeling of purposeful movement, industrious thinking and a vital and vibrant atmosphere and environment.

1. Engage with History

Imagine that you are either an entrepreneur in a computer field or a researcher in biotechnology or pharmaceuticals. You have developed a remarkable new method, product, or medication. Before you can bring

it to the global market, however, you need to investigate government regulations that relate to intellectual property rights, patents, personal privacy, and other ethical issues. Think of a process or product that you feel would be useful and research how the government would address its suitability for distribution.

2. Focus on Writing

Write an expository essay in which you describe the career and accomplishment of a woman or member of a minority group who achieved prominence during the administrations of President Clinton, Bush, or Obama. Examples include Madeleine Albright, Colin Powell, Alberto Gonzalez, Condoleezza Rice, Hillary Clinton, Nancy Pelosi, Eric Holder, and Loretta Lynch.

3. Multimedia Activity

Organize the class into groups. Each group should conduct research on interventions by the U.S. military in various regions during the tenure of President Clinton, Bush, or Obama. Regions might include Eastern Europe, North Africa, sub-Saharan African, the Middle East, or South Asia (including Afghanistan and Pakistan). Groups should analyze the purposes and effects of the intervention and include the context of the Cold War, international peacekeeping efforts, and responses to terrorism, where appropriate. Present your findings to the class using video, text, and other formats.

Alignment to 21st Century Skills & Technology

Mastery of key subjects and 21st century themes is essential for all students in the 21st century.

Key subjects include:

- English, reading or language arts
- World languages
- Arts
- Mathematics
- Economics
- Science
- Geography
- History
- Government and Civics

21st Century Skills/Interdisciplinary Themes

- 0x • Global Awareness
- 0x • Financial, Economic, Business and Entrepreneurial Literacy
- 0x • Civic Literacy
- 0x • Health Literacy
- 0x • Environmental Literacy
- Communication and Collaboration
- Creativity and Innovation
- Critical thinking and Problem Solving

Differentiation

Resources:

- NJDOE: Instructional Supports and Scaffolds for Success in Implementing the Common Core State Standards <http://www.state.nj.us/education/modelcurriculum/success/math/k2/>

Differentiations:

- Small group instruction
- Small group assignments
- Extra time to complete assignments
- Pairing oral instruction with visuals
- Repeat directions
- Use manipulatives
- Center-based instruction

Special Education Learning (IEP's & 504's)

Please identify the **Special Education Learning** adaptations that will be employed in the unit, using the ones identified below.

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan

- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multi-sensory presentation
- multiple test sessions
- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

English Language Learning (ELL)

Please identify the **English Language Learning** adaptations that will be employed in the unit, using the ones identified below.

- teaching key aspects of a topic. Eliminate nonessential information
- using videos, illustrations, pictures, and drawings to explain or clarify
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides

- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

At Risk

Please identify Intervention Strategies that will be employed in the unit, using the ones identified below.

- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

Talented and Gifted Learning (T&G)

Please identify the **Talented and Gifted** adaptations that will be employed in the unit, using the ones identified below.

- Above grade level placement option for qualified students
- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping

- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge
