

# Unit 2: Computer Applications -Word Processing

Content Area: **Technology**  
Course(s): **Sample Course**  
Time Period: **OctNov**  
Length: **8 weeks - Grades 9-12**  
Status: **Published**

## **Section 2**

---

### **Department of Curriculum and Instruction**

**Belleville Public Schools**

**Curriculum Guide**

**Unit 2-Computer Applications -Word Processing**

**Grades 9-12**

**Belleville Board of Education**

**102 Passaic Avenue**

**Belleville, NJ 07109**

**Prepared by:** Teacher, Corey Woodring

Dr. Richard Tomko, Ph.D., M.J., Superintendent of Schools

Ms. LucyAnn Demikoff, Director of Curriculum and Instruction K-12

Ms. Nicole Shanklin, Director of Elementary Education K-8, ESL Coordinator K-12

Mr. George Droste, Director of Secondary Education

Board Approved: September 23, 2019

## **Unit Overview**

---

In this Unit:

The student will be able to implement and become proficient in **Microsoft Word Basics**

Students will be able to do basic editing, format text, format paragraphs and documents, work with graphics and work with documents:

Create, store, retrieve, revise, move, copy, delete, change paper size, and print word processing files.

Changing the Font (Typeface) and Modifying Font Style, Size, and Color

Using Font Effects

Students will be able

To change a document's margins, add color and styles

During this period students will learn how to enhance or make the most of a document's appearance

Work with Templates

Set Margins

Set and Change Tab Stops

Modify Font size style and color

Apply and remove styles

Align paragraphs

## **Enduring Understanding**

---

The Business Education Department @ Belleville High School serves learners by assisting them to acquire the knowledge, skills, abilities, and attitudes necessary to function successfully in the business and economic environment.

In order to achieve this, students will understand that:

- Creativity, innovation, and critical thinking are essential for success in a technologically advanced world.
- Responsible digital citizenship requires effective oral, written and online communication and collaboration skills.
- The ability to navigate the World Wide Web is essential to being a successful student now and a productive citizen later.
- The ability to join the World Wide Web community by creating original content and navigating existing content is essential to being a successful student now and a productive citizen later.
- The ability to allocate and manage personal and business-related finances is important for future success.

- Proficiency with hardware and software leads to more success in academics and in finding employment.
  - Successful college and career planning is essential to future success.
  - Application of essential business knowledge is essential to assimilation into the world of work.
  - Individuals have important rights and responsibilities as citizens in the work place.
  - The ability to work with diverse populations is key to participation in a global economic society.
  - Individuals can make informed and reasoned decisions for the public good.
  - The ability to interpret and apply data to business situations is an integral part of the world of work. Students will understand that:
- ~ Enhancing keyboarding skills is a benefit for life.
  - ~ Successfully using Office Suite basic components are necessary to produce professional business documents.
  - ~ Effective business communication is a result of successfully applying word processing concepts.
  - ~ Enhancements improve the professional appearance of business documents.

## Essential Questions

### Essential Questions for MS Word - Computer Applications:

1. When should a person use this type of technology?
2. What skills should a person learn about this software?
3. What would misuse of this technology look like?
4. How can people use this technology in different situations?
5. How is this digital tool able to improve collaboration and communication?
6. How can people use this software to create original, innovative works, ideas, and solutions?

## **Exit Skills**

---

By the end of the word processing unit in Computer Applications -Students Should be able to:

Use Word Processing skills efficiently. (8.1.12.A.2, 8.1.12.A.4)

Skills that students should attain within a word document are

1. Text formatting.
2. Document formatting.
3. Manage documents.
4. Tables.
5. Merge.
6. Multiple-page documents.
7. Desktop publishing.
8. Graphics.
9. Integration.

## **New Jersey Student Learning Standards (NJSL-S)**

---

TECH.8.1.12

Educational Technology: All students will use digital tools to access, manage, evaluate, and synthesize information in order to solve problems individually and collaborate and to create and communicate knowledge.

TECH.8.1.12.A.1

Create a personal digital portfolio which reflects personal and academic interests, achievements, and career aspirations by using a variety of digital tools and resources.

TECH.8.1.12.A.2	Produce and edit a multi-page digital document for a commercial or professional audience and present it to peers and/or professionals in that related area for review.
TECH.8.1.12.A.CS1	Understand and use technology systems.
TECH.8.1.12.A.CS2	Select and use applications effectively and productively.
TECH.8.1.12.B	Creativity and Innovation: Students demonstrate creative thinking, construct knowledge and develop innovative products and process using technology.
TECH.8.1.12.B.CS1	Apply existing knowledge to generate new ideas, products, or processes.

## Interdisciplinary Connections

---

TECH.K-12.1.1.a	articulate and set personal learning goals, develop strategies leveraging technology to achieve them and reflect on the learning process itself to improve learning outcomes.
TECH.K-12.1.1.b	build networks and customize their learning environments in ways that support the learning process.
TECH.K-12.1.2	Digital Citizen
TECH.K-12.1.3.a	plan and employ effective research strategies to locate information and other resources for their intellectual or creative pursuits.
TECH.K-12.1.5	Computational Thinker

## Learning Objectives

---

1. Identify the components of a computer system and demonstrate basic proficiency in commonly used applications.
2. Analyze, synthesize, and evaluate school, work, or home situations and use application software to complete information-processing tasks efficiently and effectively.
3. Prepare, manage, and print documents using application software.
4. Access the Internet and learn to use the browse, search, and hyperlink capabilities of Web browsers.
5. Create, design, and produce professional documents using word processing software (i.e., MS Word).
  - A. Apply design options for formatting and layout.
  - B. Demonstrate strategies for working with multiple documents.
  - C. Apply techniques for using templates and pre-designed styles.

Remember	Understand	Apply	Analyze	Evaluate	Create
----------	------------	-------	---------	----------	--------

Choose	Classify	Choose	Categorize	Appraise	Combine
Describe	Defend	Dramatize	Classify	Judge	Compose
Define	Demonstrate	Explain	Compare	Criticize	Construct
Label	Distinguish	Generalize	Differentiate	Defend	Design
List	Explain	Judge	Distinguish	Compare	Develop
Locate	Express	Organize	Identify	Assess	Formulate
Match	Extend	Paint	Infer	Conclude	Hypothesize
Memorize	Give Examples	Prepare	Point out	Contrast	Invent
Name	Illustrate	Produce	Select	Critique	Make
Omit	Indicate	Select	Subdivide	Determine	Originate
Recite	Interrelate	Show	Survey	Grade	Organize

## Alignment to 21st Century Skills & Technology

---

12.9.3.IT	Information Technology
TECH.8.1.12.A.CS1	Understand and use technology systems.

## 21st Century Skills/Interdisciplinary Themes

---

21st Century/Interdisciplinary Themes that will be incorporated into this unit.

- Communication and Collaboration
- Creativity and Innovation
- Critical thinking and Problem Solving
- ICT (Information, Communications and Technology) Literacy
- Information Literacy
- Life and Career Skills
- Media Literacy

CAEP.9.2.12.C	Career Preparation
CAEP.9.2.12.C.1	Review career goals and determine steps necessary for attainment.
CAEP.9.2.12.C.2	Modify Personalized Student Learning Plans to support declared career goals.
CAEP.9.2.12.C.3	Identify transferable career skills and design alternate career plans.

## 21st Century Skills

---

Upon completion of this section, please remove all remaining descriptions, notes, outlines, examples and/or illustrations that are not needed or used.

Please list only the **21st Century Skills** that will be incorporated into this unit.

- Civic Literacy
- Environmental Literacy
- Financial, Economic, Business and Entrepreneurial Literacy
- Global Awareness
- Health Literacy

## Differentiation

---

**Differentiation** in a lesson lies within content, process, and/or product.

Front-loaded notes to enable students to more accurately follow along with teacher's instruction.

Step-by-step directions written out for students.

### Differentiations:

- Small group instruction
- Small group assignments
- Extra time to complete assignments
- Pairing oral instruction with visuals
- Repeat directions
- Use manipulatives
- Center-based instruction
- Token economy
- Study guides
- Teacher reads assessments allowed
- Scheduled breaks
- Rephrase written directions
- Multisensory approaches
- Additional time
- Preview vocabulary
- Preview content & concepts
- Story guides
- Behavior management plan
- Highlight text
- Student(s) work with assigned partner
- Visual presentation
- Assistive technology
- Auditory presentations
- Large print edition
- Dictation to scribe
- Small group setting

### Hi-Prep Differentiations:

- Alternative formative and summative assessments
- Choice boards
- Games and tournaments
- Group investigations

- Guided Reading
- Independent research and projects
- Interest groups
- Learning contracts
- Leveled rubrics
- Literature circles
- Multiple intelligence options
- Multiple texts
- Personal agendas
- Project-based learning
- Problem-based learning
- Stations/centers
- Think-Tac-Toes
- Tiered activities/assignments
- Tiered products
- Varying organizers for instructions

#### **Lo-Prep Differentiations**

- Choice of books or activities
- Cubing activities
- Exploration by interest
- Flexible grouping
- Goal setting with students
- Jigsaw
- Mini workshops to re-teach or extend skills
- Open-ended activities
- Think-Pair-Share
- Reading buddies
- Varied journal prompts
- Varied supplemental materials

## **Special Education Learning (IEP's & 504's)**

---

Extended time on projects or assessments.

Verbal, visual or technology aids.

Use of digital audio-visual materials, such as YouTube, to assist the child with directions.

**Special Education Learning** adaptations that will be employed in the unit, using the ones identified below.

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multi-sensory presentation
- multiple test sessions
- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

## **English Language Learning (ELL)**

---

Most of the applications have instructions available in other languages, and Google translate will be used as necessary. Students will be allowed to work with partners.

Sheltered Instruction Observation Protocol (SIOP) – instructional model that helps teachers plan and deliver lessons that allow English learners the ability to acquire academic knowledge as they develop English language proficiency.

**English Language Learning** adaptations that will be employed in the unit, using the ones identified below.

- teaching key aspects of a topic. Eliminate nonessential information
- using videos, illustrations, pictures, and drawings to explain or clarify
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

## **At Risk**

---

Students will have access to "How To" videos and tutorials that they may review multiple times if they don't get the information the first time.

Intervention Strategies that will be employed in the unit, using the ones identified below.

- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test

- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

## **Talented and Gifted Learning (T&G)**

---

Teacher can use a pre-assessment to determine students' knowledge of standard being taught in lesson and then provide an extension activity for students

1. Compact lesson
2. Provide students with problem-based learning activity using multiple standards from the unit.

**Talented and Gifted** adaptations that will be employed in the unit, using the ones identified below.

- Above grade level placement option for qualified students
- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge
