## **Unit Overview**

---

This unit first introduces students to incorporate saving money into their financial plan. Areas explored fall into the categories of short, medium and long-term savings goals related to life cycles. Emphasis in will be placed on how we can save money; types of savings accounts and the value of compounding interest. Next, the unit will move into investing options, where students will be introduced to stocks, bonds, mutual funds and other types of investments along with risks and rewards related to investing. Students will prepare personal savings plans and make choices that will allow them to achieve their short term and medium term savings goals. The process of matching savings goals to personal values is key, along with the two factors (time and money) that we consider on an ongoing basis. The unit closes with a look into careers related to financial planning.

## Enduring Understanding

---

- - Establishing a savings plan is a process by which we personally commit ourselves to realizing our goals and values.
  - Throughout life, students will be aware of the process by which to save for short, medium and long-term goals.
  - Understanding the significance of matching personal and financial goals.
  - Students will be able to proactively assess options for savings and utilization of discretionary income
  - Students, throughout life will be able to distinguish between and make choices related to investing in stocks, bond, mutual funds
  - Students will be cognizant of risks and rewards related to investing options and how to apply those concepts to life stages
  - Throughout life, students can pursue financial planning opportunities as a source of income.

## Essential Questions

---

- Do you save money? How?
- For what kinds of things do teens typically save money?
- Why should people save for something when they can charge it and pay it off slowly?
- How long would someone have to save money to buy a car?
- How do I know what kind of savings account is right for me?
- How does compounding interest increase my account balance?
- What is the Rule of 72?
- Do you know people that invest money?
- Do you have to be rich to be able to invest your money?
- What is the difference between stocks and bonds?
- What is a mutual fund? Is it risky?
- What should you consider before investing in real estate?
- What are some sources of retirement income, in addition to Social Security?
- How can people learn more about investing?
- Where can investors find written information about a particular company and its stock?

## Exit Skills

---

- Ability to assess factors to be considered when establishing a savings plan (time and money)
- Students will be able to prepare savings plans, categorized into short, medium and long-term
- Understanding and application of concepts related to savings accounts and compound interest
- Understand and apply strategies for investing in stocks, bonds and other options to maximize financial gains related to life stages and personal goals/values

### **Suggested Activities & Best Practices**

- Next Generation Personal Finance (NGPF) Simulations (supports differentiation) to create savings plans; research options; calculate yields
- Student groups for the purpose of collaboration on company offerings related to savings and retirement plans
- Roundtable discussions for the purpose of responding to prompts/simulated scenarios related to interest rates and investing at different life stages
- Think/pair share for the purpose of engagement/simulation (DO NOW)
- Student presentations of results via Google slides and sheets for the purpose of developing presentational skills and articulating findings on research
- Staff presentation of data via Google slides, Sheets YouTube, classroom for the purpose of establishing forum for communication and to address all learning styles

- Guided Demonstration (model)

## **Assessment Evidence - Checking for Understanding (CFU)**

---

- GOOGLE: classroom communications, spreadsheets quizzes, surveys, anticipatory sets, exit tickets (forms)-formative assessment
- Quarterly benchmarks
- Roundtable discussion results
- Unit tests-summative assessment
- Teacher observation
- Rubrics
- web-based assessments NGPF-alternate assessment
- Group role-play/Presentations-benchmark assessment

- Admit Tickets
- Anticipation Guide
- Common Benchmarks
- Compare & Contrast
- Create a Multimedia Poster
- DBQ's
- Define
- Describe
- Evaluate
- Evaluation rubrics
- Exit Tickets

- Study Guides
- Use manipulatives, for this lesson reinforce yield performance; distinction between investment tools
- Small group instruction following whole group introduction of concepts
- Small groups setting
- Flexible grouping
- Multi-sensory approaches
- Pairing Oral instruction w/visuals
- Group Assignments and Projects (role-play investing - Stock Market Game)
- Project based learning
- Tiered activities/assignments
- Leveled Rubrics
- Think-Pair Share (roundtable)

- Alternative assessments (student choice)

**Differentiations:**

- Small group instruction
- Small group assignments
- Extra time to complete assignments
- Pairing oral instruction with visuals
- Repeat directions
- Use manipulatives
- Center-based instruction
- Token economy
- Study guides
- Teacher reads assessments allowed
- Scheduled breaks
- Rephrase written directions
- Multisensory approaches
- Additional time
- Preview vocabulary
- Preview content & concepts
- Story guides
- Behavior management plan
- Highlight text
- Student(s) work with assigned partner
- Visual presentation
- Assistive technology
- Auditory presentations
- Large print edition
- Dictation to scribe
- Small group setting

**Hi-Prep Differentiations:**

- Alternative formative and summative assessments
- Choice boards
- Games and tournaments
- Group investigations
- Guided Reading
- Independent research and projects
- Interest groups
- Learning contracts
- Leveled rubrics
- Literature circles
- Multiple intelligence options
- Multiple texts
- Personal agendas
- Project-based learning
- Problem-based learning
- Stations/centers

- Think-Tac-Toes
- Tiered activities/assignments
- Tiered products
- Varying organizers for instructions

#### **Lo-Prep Differentiations**

- Choice of books or activities
- Cubing activities
- Exploration by interest
- Flexible grouping
- Goal setting with students
- Jigsaw
- Mini workshops to re-teach or extend skills
- Open-ended activities
- Think-Pair-Share
- Reading buddies
- Varied journal prompts
- Varied supplemental materials

### **Special Education Learning (IEP's & 504's)**

Please identify the **Special Education Learning** adaptations that will be employed in the unit, using the ones identified below.

- Provide modifications as dictated in the student's IEP/504 plan
  - Additional time on assignments/assessments (savings plans, yield performance/investment options and tools related to life stages)
  - Notes/presentations on Google Classroom
  - Highlighted text visual presentation
  - Modified assignments
  - Shortened assignments (short form savings goal charts; fewer line items)
  - Multi-sensor presentation (presentations on SMART TV, on Google Classroom and paper copies for students as appropriate)
  - Modified test formats (written/verbal vs. Google form)
  - Open book/Study Guides
  - Preferential seating
  - Peer mentoring
- 
- printed copy of board work/notes provided
  - additional time for skill mastery
  - assistive technology
  - behavior management plan

- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multi-sensory presentation
- multiple test sessions
- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

## **English Language Learning (ELL)**

---

- Translation of content/activities (Port of Entry) supporting terms and concepts related to savings goals, investments and interest rate calculations
  - Assignments submitted in native language (Port of Entry)
  - Modifying assignments related to (shorten requirements on savings goal charts, account research...alternatives to role-play)
  - Review assignment/project directions (model)
  - Open book/notes options
  - Tutoring by peers to reinforce concepts
  - Modifying tests to reflect selected objectives
- 
- teaching key aspects of a topic. Eliminate nonessential information
  - using videos, illustrations, pictures, and drawings to explain or clarify
  - allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;

  - decreasing the amount of work presented or required

- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

## **At Risk**

---

- Peer tutoring on investment/savings tools and options
  - Correction and resubmission of work related to internet research/exploration deliverables
  - Model concepts of performing interest rate calculations to support interest rate analysis
  - Evaluating correct work; collaborating with student on incorrect work
  - Additional time to complete assignments
- 
- allowing students to correct errors (looking for understanding)
  - teaching key aspects of a topic. Eliminate nonessential information
  - allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
  - allowing students to select from given choices
  - allowing the use of note cards or open-book during testing
  - collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
  - decreasing the amount of work presented or required
  - having peers take notes or providing a copy of the teacher's notes
  - marking students' correct and acceptable work, not the mistakes
  - modifying tests to reflect selected objectives
  - providing study guides
  - reducing or omitting lengthy outside reading assignments
  - reducing the number of answer choices on a multiple choice test
  - tutoring by peers
  - using authentic assessments with real-life problem-solving
  - using true/false, matching, or fill in the blank tests in lieu of essay tests
  - using videos, illustrations, pictures, and drawings to explain or clarify

## **Talented and Gifted Learning (T&G)**

---

- Complete activities above grade level with respect to time and cost of "future" goals related to life stages
- Advanced problem-solving related to stock vs. bond vs. mutual fund options (leadership roles within

teams)

- Teacher-selected instructional strategies (simulations) focused to provide challenge, engagement, and growth opportunities (investment scenarios)
  - Simulated project modules utilizing technology at higher level to create and analyze financial documents
  - Higher order, critical and creative thinking skills, and discovery related to analysis of investment plans
- 
- Above grade level placement option for qualified students
  - Advanced problem-solving
  - Allow students to work at a faster pace
  - Cluster grouping
  - Complete activities aligned with above grade level text using Benchmark results
  - Create a blog or social media page about their unit
  - Create a plan to solve an issue presented in the class or in a text
  - Debate issues with research to support arguments
  - Flexible skill grouping within a class or across grade level for rigor
  - Higher order, critical & creative thinking skills, and discovery
  - Multi-disciplinary unit and/or project
  - Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
  - Utilize exploratory connections to higher-grade concepts
  - Utilize project-based learning for greater depth of knowledge
