

Unit 1: Match Your Interests to Occupations/Earning Money

Content Area: **Technology**
Course(s): **21st Century Life and Careers**
Time Period: **SeptOct**
Length: **8 Weeks**
Status: **Published**

Title Section

Department of Curriculum and Instruction

Belleville Public Schools

Curriculum Guide

Unit 1: Match Your Interests to Occupations/ Earning Money

21st Century Life and Careers

Belleville Board of Education

102 Passaic Avenue

Belleville, NJ 07109

Prepared by: Gerard Fabiano

Dr. Richard Tomko, Superintendent of Schools

Mr. Thomas D'Elia, Director of Curriculum and Instruction

Ms. Diana Kelleher, District Supervisor of ELA/Social Studies

Mr. George Droste, District Supervisor of Math/Science

Board Approved: August 24, 2015

Board Approved Revision: August 22, 2016

Unit Overview

In Unit 1 21st Career Skills Students will cover the following topics:

SMART GOALS

Education and Earnings

Career Exploration

Employment Process

The Economy and Labor Market

Personality matching to Careers

Self-Information Assessment

Investigate Occupations

CAEP.9.2.12.C.1	Review career goals and determine steps necessary for attainment.
CAEP.9.2.12.C.2	Modify Personalized Student Learning Plans to support declared career goals.
CAEP.9.2.12.C.3	Identify transferable career skills and design alternate career plans.
CAEP.9.2.12.C.4	Analyze how economic conditions and societal changes influence employment trends and future education.
CAEP.9.2.12.C.6	Investigate entrepreneurship opportunities as options for career planning and identify the knowledge, skills, abilities, and resources required for owning and managing a business.
CAEP.9.2.12.C.7	Examine the professional, legal, and ethical responsibilities for both employers and employees in the global workplace.
CAEP.9.2.12.C.8	Assess the impact of litigation and court decisions on employment laws and practices.
CAEP.9.2.12.C.9	Analyze the correlation between personal and financial behavior and employability.
TECH.8.1.12.A.3	Collaborate in online courses, learning communities, social networks or virtual worlds to discuss a resolution to a problem or issue.
TECH.8.1.12.A.4	Construct a spreadsheet workbook with multiple worksheets, rename tabs to reflect the data on the worksheet, and use mathematical or logical functions, charts and data from all worksheets to convey the results.
TECH.8.1.12.A.5	Create a report from a relational database consisting of at least two tables and describe the process, and explain the report results.
TECH.8.1.12.A.CS2	Select and use applications effectively and productively.

Exit Skills

1. Have ability to establish SMART Goals
2. Demonstrate ability to be able to explore career opportunities and earnings potential
3. Demonstrate understanding how the employment process works and how it is affected by the economy and labor market.
4. Demonstrate ability to match personal strengths to career choices.
5. Have ability to investigate all career options.

Enduring Understanding

1. Establish SMART Goals
2. Explore career opportunities and earnings potential

3. Understand how the employment process works and how it is affected by the economy and labor market.
4. Demonstrate ability to match personality strengths to career choices.
5. Have ability to investigate all career options

Essential Questions

1. What are SMART goals and why are they important?
2. What are possible career opportunities and earnings potential for each?
3. How does the employment process work and how it is affected by the economy and labor market?
4. How do taxes and other deductions affect net pay?
5. How is the proper way to decide on a career?
6. What personality strengths match with what careers?
7. Why do people work?
8. What goals match up with what careers?
9. How to begin your career with a jump start to success?
10. What skills are transferable to what careers?

Learning Objectives

Students will be able to....

1. Formulate SMART Goals
2. Research Career opportunities and earnings potential
3. Identify the financial risk and potential reward of being an entrepreneur
4. Identify the employment process
5. Understand how the economy and the labor market affects the employment process

6. Recognize the role of the IRS on taxation

7. Differentiate Net and Gross Pay 8. Understand and prepare tax forms

9. Understand deductions (both mandatory and nonmandatory)

10. Understand personailty strengths to best matched careers.

Remember	Understand	Apply	Analyze	Evaluate	Create
Choose	Classify	Choose	Categorize	Appraise	Combine
Describe	Defend	Dramatize	Classify	Judge	Compose

	Generalize				
	Predict				

Interdisciplinary Connections

Please list all and any cross-curricular content standards that link to this Unit.

MA.S-ID.A	Summarize, represent, and interpret data on a single count or measurement variable
MA.S-ID.A.1	Represent data with plots on the real number line (dot plots, histograms, and box plots).
MA.S-ID.A.2	Use statistics appropriate to the shape of the data distribution to compare center (median, mean) and spread (interquartile range, standard deviation) of two or more different data sets.
MA.S-ID.A.3	Interpret differences in shape, center, and spread in the context of the data sets, accounting for possible effects of extreme data points (outliers).
MA.S-IC.A.1	Understand statistics as a process for making inferences about population parameters based on a random sample from that population.
MA.S-IC.A.2	Decide if a specified model is consistent with results from a given data-generating process, e.g., using simulation.
SCI.HS-ETS1-3	Evaluate a solution to a complex real-world problem based on prioritized criteria and trade-offs that account for a range of constraints, including cost, safety, reliability, and aesthetics, as well as possible social, cultural, and environmental impacts.

SCI.HS-ETS1-2	Design a solution to a complex real-world problem by breaking it down into smaller, more manageable problems that can be solved through engineering.
SCI.HS-ETS1-4	Use a computer simulation to model the impact of proposed solutions to a complex real-world problem with numerous criteria and constraints on interactions within and between systems relevant to the problem.
SCI.HS-ETS1-1	Analyze a major global challenge to specify qualitative and quantitative criteria and constraints for solutions that account for societal needs and wants.
TECH.8.1.12.A.3	Collaborate in online courses, learning communities, social networks or virtual worlds to discuss a resolution to a problem or issue.
TECH.8.1.12.A.5	Create a report from a relational database consisting of at least two tables and describe the process, and explain the report results.

Alignment to 21st Century Skills & Technology

Key SUBJECTS AND 21st CENTURY THEMES

Mastery of key subjects and 21st century themes is essential for all students in the 21st century.

Key subjects include:

- English, reading or language arts
- World languages
- Arts
- Mathematics
- Economics
- Science
- Geography
- History
- Government and Civics

21st Century/Interdisciplinary Themes

- Civic Literacy
- Environmental Literacy
- Financial, Economic, Business and Entrepreneurial Literacy
- Global Awareness
- Health Literacy

21st Century Skills

- Communication and Collaboration
- Creativity and Innovation
- Critical thinking and Problem Solving

- ICT (Information, Communications and Technology) Literacy
- Information Literacy
- Life and Career Skills
- Media Literacy

Technology Infusion

Computer

Computer Hardware

SmartBoard

Internet

Google Accounts

Server

Online tools

And adapted for Windows 8.1 devices by Charlotte Beckhurst @CharBeckhurst

As a Reminder:

The basis of good differentiation in a lesson lies in differentiating by content, process, and/or product.

Resources:

- NJDOE: Instructional Supports and Scaffolds for Success in Implementing the Common Core State Standards <http://www.state.nj.us/education/modelcurriculum/success/math/k2/>

Special Education

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multi-sensory presentation
- multiple test sessions
- preferential seating
- preview of content, concepts, and vocabulary
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

ELL

- teaching key aspects of a topic. Eliminate nonessential information

- using videos, illustrations, pictures, and drawings to explain or clarify
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

Intervention Strategies

- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

Evidence of Student Learning-CFU's

Please list ways educators may effectively check for understanding in this section.

- Admit Tickets
- Anticipation Guide
- Common benchmarks
- Compare & Contrast
- Create a Multimedia Poster
- Define
- Describe
- Evaluate
- Evaluation rubrics
- Exit Tickets
- Explaining
- Fist- to-Five or Thumb-Ometer
- Illustration
- Journals
- KWL Chart
- Newspaper Headline
- Outline
- Question Stems
- Quickwrite
- Quizzes
- Red Light, Green Light
- Self- assessments
- Socratic Seminar
- Study Guide
- Teacher Observation Checklist
- Think, Pair, Share
- Think, Write, Pair, Share
- Top 10 List
- Unit tests

Primary Resources

Text Book- Working 5e -Career Exploration, Personal Finance, Leadership, Independent Living- Bailey

Computer/Email Log in Google Accounts

Media Center

Online Articles/Websites

Ancillary Resources

Youtube Training Videos

Scholarly Articles with personailty charts/careers

Resume site builders/ Google Document Add-ons

Sample Lesson

Unit Name: Interview for a College and Work Study Program

NJSLS:

Interdisciplinary Connection: Math, English, Social Studies

Statement of Objective: Students will be able to understand the different types of college search websites and how to apply for a college/work study program. Students will be required to Key Terms from page 153 and complete Interview Questions. Chapter 7 Key Terms. Cover letter student of the month class leader.

Anticipatory Set/Do Now: Students will read pages 150-154 (During the Interview for a Job) and continue to read about Job Applications. Students will continue to work with Google Docs and share it with Mr. Fabiano to allow comments.Assessment 7-1.....7-2 (Exit Poll- online 85% understanding)

Learning Activity: #1 Do Now, #2 Vocabulary, #3 Class Discussion

Student Assessment/CFU's:

Materials: SmartBoard, Book, Handouts, Computers,

21st Century Themes and Skills:

Differentiation:

- * Allow work to be emailed for Submission

- * Hands on Activities

- * Group Work

- * Different level of questions

- * Direct Instruction

- * Application of concepts

Integration of Technology: Computers, SmartBoard, Internet,
