Unit Overview

By Federal Law, the Federal Trade Commission (FTC) requires care labels on all clothing except garments made primarily of suede or leather, footwear, gloves, hats, or other items for the hands or head. Care labels are not required for household items, such as linens. Care labels help consumers select clothing based on upkeep. Care instructions must be easily seen at point of sale. Manufacturers must provide complete instructions concerning regular care for the garment or provide warnings if the garment cannot be cleaned without harm. Labels must be attached permanently and securely to all wearing apparel. Labels must be legible during the useful life of the product. Universal care symbols help consumers decode care instructions.
