Differentiation

The basis of good differentiation in a lesson lies in differentiating by content, process, and/or product.

Resources:

- https://www.nj.gov/education/archive/techno/grants/include/differentiation.htm

- Students will have the same subject matter but will have modified expectations
- Guided instruction, direct instruction, & group instruction
- Assist students with IEP & 504 guidelines
- Study guides, group & peer instruction, extended time / test time / oral testing

Special Education Learning (IEP's & 504's)

- Additional time for skill mastery
- Preview of content, concepts and vocabulary
- Behavior management plan
- Students repeat directions to check for understanding
- Assistive technology
- Check work frequently for understanding
- Secur attention before giving instruction/directions
- Multi-sensory presentation
- Preferential seating
- Modified assignments
- Data/study guides provided

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length

- multi-sensory presentation

- multiple test sessions

- preferential seating

- preview of content, concepts, and vocabulary

- Provide modifications as dictated in the student's IEP/504 plan

- reduced/shortened reading assignments

- Reduced/shortened written assignments

- secure attention before giving instruction/directions

- shortened assignments

- student working with an assigned partner

- teacher initiated weekly assignment sheet

- Use open book, study guides, test prototypes

English Language Learning (ELL)

- Multimedia videos, illustrations, pictures to explain or clarify
- Teacher provides data / study guides
- Allow students to correct errors
- Allow students to retake test/quizzes with ELL teacher support

- teaching key aspects of a topic. Eliminate nonessential information

- using videos, illustrations, pictures, and drawings to explain or clarif

- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;

- allowing students to correct errors (looking for understanding)

- allowing the use of note cards or open-book during testing

- decreasing the amount of workpresented or required

- having peers take notes or providing a copy of the teacher's notes

- modifying tests to reflect selected objectives

- providing study guides

- reducing or omitting lengthy outside reading assignments

- reducing the number of answer choices on a multiple choice test

- tutoring by peers

- using computer word processing spell check and grammar check features

- using true/false, matching, or fill in the blank tests in lieu of essay tests

At Risk

- Modify assignment

- Provide one-on-one instruction
- Tutoring by peers
- Provide data/study guides - Handout
- Provide SITES [google classroom with data/study guides]
- Re-take test or quizzes
- Extend deadlines
- Offer morning and after school support

- allowing students to correct errors (looking for understanding)

- teaching key aspects of a topic. Eliminate nonessential information

- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning

- allowing students to select from given choices

- allowing the use of note cards or open-book during testing

- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.

- decreasing the amount of workpresented or required

- having peers take notes or providing a copy of the teacher's notes

- marking students' correct and acceptable work, not the mistakes

- modifying tests to reflect selected objectives

- providing study guides

- reducing or omitting lengthy outside reading assignments

- reducing the number of answer choices on a multiple choice test

- tutoring by peers

- using authentic assessments with real-life problem-solving

- using true/false, matching, or fill in the blank tests in lieu of essay tests

- using videos, illustrations, pictures, and drawings to explain or clarify

Talented and Gifted Learning (T&G)

- Teacher-selected instructional strategies that are focused to provide advanced challenges, engagement and growth opportunities.
- Support peer instruction to other students
- Provide SITES [google classroom with data/study guides]

- Above grade level placement option for qualified students

- Advanced problem-solving

- Allow students to work at a faster pace

- Cluster grouping

- Complete activities aligned with above grade level text using Benchmark results

- Create a blog or social media page about their unit

- Create a plan to solve an issue presented in the class or in a text

- Debate issues with research to support arguments

- Flexible skill grouping within a class or across grade level for rigor

- Higher order, critical & creative thinking skills, and discovery

- Multi-disciplinary unit and/or project

- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities

- Utilize exploratory connections to higher-grade concepts

- Utilize project-based learning for greater depth of knowledge
