Unit Overview

Unit 2 Digital Citizenship, 45 sessions. In this unit students will be able to explain and summarize:

- The importance of the Acceptable Use Policy
- Exhibit appropriate online behavior
- Exhibit Legal and ethical behaviors
- Describe and practice safe Internet usage
- The effects of Cyberbullying

Students will also use an online platform to evaluate the importance of Digital Citizenship and recommend different ways to implement them into their everyday lives.

Enduring Understanding

It is essential students be exposed to the proper use of Technology so they may develop the skills necessary to excel in both their academic and long-term careers. To do so students will interact with online platforms where they will investigate Digital Responsibility.

Essential Questions

- What are safe and appropriate internet usage procedures?
- What are steps to responding to online communication that makes you feel uncomfortable?
- Why should you respect copyright law and other people's rights while online
- Why should you keep your identity private?
- What is cyberbullying? What are the effects and consequences?

Exit Skills

By the end of Unit 2 Digital Citizenship, Grade 8 Computer Applications 2 students will be able to:

- Make safe and ethical decisions when using the Internet.
- Explain and justify the ethical, cultural and societal issues related to technology.
- Practice responsible use of technology systems, information and software.
- Develop positive attitudes toward technology uses that support lifelong learning, collaboration, personal pursuits and productivity.
- Develop use of digital tools and media-rich resources to enhance creativity and the construction of knowledge.
- Model appropriate online behaviors related to Cyber Safety, Cyber Bullying, Cyber Security and Cyber Ethics.
- Effectively use Digital Tools to assist in gathering and managing information.

- Health Literacy

Differentiation

Differentiations:

Exemplar:

- **Extra time to complete assignments-Students will be given an addition 6 days to complete assignments**
- **Student(s) work with assigned partner-Where appropriate students will be assigned a partner**

- Small group instruction
- Small group assignments
- Extra time to complete assignments
- Pairing oral instruction with visuals
- Repeat directions
- Use Manipulatives
- Center-Based Instruction
- Token Economy
- Study guides
- Teacher reads assessments aloud
- Scheduled Breaks
- Rephrase written directions
- Multisensory approaches
- Additional time
- Preview Vocabulary
- Preview Content and concepts
- Story Guides
- Behavior management plan
- Highlight text
- Student(s) work with assigned partner
- Visual presentation
- Assistive technology
- Auditory presentations
- Large Print edition
- Dictation to Scribe
- Small group setting

Hi-Prep Differentiations:

Exemplar:

- **Choice boards-Students will be given 2 teacher choices and a choice of their own for the final**

project within the unit.

- Alternative formative and summative assessments
- Choice boards
- Games and Tournaments
- Group investigations
- Guided Reading
- Independent research and projects
- Interest groups
- Learning Contracts
- Leveled rubrics
- Literature Circles
- Multiple intelligence options
- Multiple texts
- Personal agendas
- Project-based learning
- Problem-based learning
- Stations/Centers
- Tiered activities/assignments
- Tiered Products
- Varying organizers for instructions

Lo-Prep Differentiations

Exemplar:

- **Mini workshops to re-teach or extend skills-Weekly before/after school workshops will be offered and students will be invited**

- Choice of books or activities
- Cubing activities
- Exploration by interest
- Flexible grouping
- Goal setting with students
- Jigsaw
- Mini workshops to re-teach or extend skills
- Open-ended activities
- Think, pair, share
- Reading Buddies
- Varied Journal Prompts
- Varied supplemental materials

Special Education Learning (IEP's & 504's)

Exemplar:

Provide modifications as dictated in the students IEP/504 plan-varies by student

Teacher initiated weekly assignment sheet-all assignments with due dates will be located in Google Classroom. Students will be given additional time on assignments. Time will be based on the assignment.

- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multiple test sessions
- multi-sensory presentation
- preferential seating
- preview of content, concepts and vocabulary
- Printed copy of board work/notes provided
- Provide modifications as dictated in the student's IEP/504 plan
- Reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

English Language Learning (ELL)

Exemplar:

Decreasing the amount of work presented or required. Students will be required to start each assignment, but will not have to complete all assignments. Based on per assignment basis.

Tutoring by peers. Students will be partnered with another student to assist with note taking and assignments.

- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;
- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing.
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

At Risk

Exemplar:

Reducing the number of answer choices on a multiple choice test.

- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test
- decreasing the amount of work presented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

Talented and Gifted Learning (T&G)

Exemplar:

Allow students to work at a faster pace. Add an enrichment activity, such as a slide presentation, discussing the Digital Citizenship, when the required work is completed.

- Above grade level placement option for qualified students
- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a blog or social media page about their unit
- Create a plan to solve an issue presented in the class or in a text
- Debate issues with research to support arguments
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge

Unit Name: Digital Citizenship

NJSLS: TECH.8.1.8.A.1 Demonstrate knowledge of a real world problem using digital tools. TECH.8.1.8.A.CS2 Select and use applications effectively and productively. TECH.8.1.8.C.CS1 Interact, collaborate, and publish with peers, experts, or others by employing a variety of digital environments and media. TECH.8.1.8.D.1 Understand and model appropriate online behaviors related to cyber safety, cyber bullying, cyber security, and cyber ethics including appropriate use of social media.

Interdisciplinary Connection: With the 1:1 initiative in place, this unit will connect to all classes.

Statement of Objective: SWBAT

- - Apply the problem solving process to approach a variety of problems pertaining to Cyber Bullying.
 - Assess how well-defined a problem is and use strategies to define the problem of Cyber

Bullying more precisely

Learning Activity: Applied Digital Skills-Creating a Responsible Blog

21st Century Themes and Skills: See Attached

Differentiation: Assist students who need it and peer assistance.

Integration of Technology: Use of computers in class.
