Unit Overview

Unit Overview for Second Grade, Unit 4 - Concepts about Print/Nonprint Resources major focus is for students to recognize and identify parts of a book (cover, title page, illustrations, spine, spine label, table of contents, publisher, glossary and Index). They will also learn about the different role of an author or illustrator play in the creation of writing a book. They will become an author/illustrator themselves, when they create their author and illustrator page in their library skill booklet. They will be able to point out where you would find the name of an author on the cover of a book or ebook. Students will be introduced to resources that are available in a school library or public library, like a Picture Dictionary. They will understand that a dictionary contains words and definitions. The student will also be introduced to an Atlas and will recognize that they contain maps that represent an area. They will learn how to do a Google search when looking for words or images. The student will also be introduced to utilizing Mapquest-or Google Maps online as a resource.
