

Library Media Center, Grade 2

Content Area: **Library/Media**
Course(s): **Library/Media Gr. 2**
Time Period: **Sept-June**
Length: **180 Days**
Status: **Published**

Belleville Public Schools

Department of Curriculum and Instruction

Library Media Center, Grade 2: Curriculum Guide

Prepared by Karen Franciosa, Colleen Fennelly, and Stephanie Bermudez

Dr. Richard Tomko, Ph.D., M.J., Superintendent of Schools

Ms. LucyAnn Demikoff, Director of Curriculum and Instruction K-12

Mr. Joe Lepo, Director of Secondary Education

Mrs. Nicole Shanklin, Director of Elementary Education

Mr. Andrew Coban, Supervisor of Elementary Education

Approved by the Belleville Board of Education on August 16, 2021

Grade 2 / Library Media Center

The library is a place that promotes a love of reading, research, and technology. Students acquire critical thinking skills that help build life-long learners.

Grade 2 students will visit the library media center every week and participate in teacher-planned lessons and activities. Programs of participation include Read Across America, Author Visits, and the Summer Reading Challenge.

Grade 2	Scope & Sequence	Pacing
Unit 1	Introduction to the Library Media Center	2 Sessions / 15 Days
Unit 2	MAKER Challenge (Lunchbox Construction): First Day Jitters	6 Sessions / 45 Days
Unit 3	Literature Appreciation	6 Sessions / 45 Days
Unit 4	Computer Applications	5 Sessions / 35 Days
Unit 5	Concepts about Print / Nonprint Resources	4 Sessions / 30 Days
Unit 6	Information Literacy	2 Sessions / 15 Days

Grade 2, Unit 1: Introduction to the Library Media Center

Unit 1 Standards:

- AASL
 - III.D.1 Seeking interactions with a range of learners.
 - III.C.1 Soliciting and responding to feedback from others.
 - LA.SL.K.3 Ask and answer questions in order to seek help, get information, or clarify something that is not understood.
- Career Ready Practices
 - CRP1. Act as a responsible and contributing citizen and employee.
- 21st Century Themes & Skills
 - Collaboration
 - Communication
- NJSLS Technology
 - 8.1.2.A.1
 - 8.1.2.A.6
- Interdisciplinary Connections
 - SOC.6.1.4.A.1

Essential Questions:

- How does my understanding of library/media organization affect how I assess, evaluate, and use information?
- How does information and digital literacy help me become an independent, lifelong learner?
- How can I utilize the Books Without Boundaries initiative?

- How do I select a "just right" book?
- How do I use OPALs to find books and other resources?
- How do I use Mackin to find eBooks?

Enduring Understandings:

- Understanding of library/media organization empowers me to locate necessary materials sought.

Instructional Targets & Objectives:

- Demonstrate the importance of using the Library Media Center to satisfy the learners' research needs.

Suggested Activities:

- Consider read-alouds that introduce learners to the library (e.g. Wild About Books, Goldie Socks and the Three Libearians, Library Mouse, The Boy Who Was Raised by Librarians)
- Brainstorm, discuss, and stamp/create an anchor chart around how to best utilize the Library Media Center (consider The Library Lion)
- Practice/positively reinforce established library media/book care procedures
- Consider read-alouds that explain proper book care: [Mr. Wiggle](#), [What Happened to Marion's Book?](#), [The Shelf Elf](#)

Assessments:

- Formative
 - Teacher Observation Data, Teacher-created (Quizzes, Rubrics), Graphic Organizers, Exit Tickets, Maker Projects
- Summative/Benchmark
 - Teacher-created Tests, Maker Projects
- Alternative
 - Oral Presentations, Slideshow Presentations, Research Reports, Student Portfolios, Comic Strips, Timelines, Student Podcasts, Green Screen Newscasts

Differentiation:

- Students with Special Needs/504 Plans
 - Allow errors
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks
 - Accept even minimal participation
 - Consult with Case Managers and implement IEP/504 plans
 - Consult with classroom teacher(s)/Guidance Counselor
 - Provide rewards as necessary
- English language learners
 - Assign a buddy
 - Allow errors in speaking
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks
 - Accept even minimal participation
- At-risk
 - Provide extended time to complete tasks
 - Consult with classroom teacher(s)/Guidance Counselor
 - Implement appropriate modifications/accommodations per IEP, if applicable
 - Provide rewards as necessary

- Gifted & Talented
 - Access to high-level reading area
 - Provide extension activities

Core Instructional and Supplemental Materials/Technology Integration:

- Teacher-created content aligned to lesson activities
- Chromebooks, SMART TV, Google Apps
- Makerspace materials
- eBook software: Mackin, Hoopla
- OPALs circulation software
- District-funded databases

Grade 2, Unit 2: MAKER Challenge (Lunchbox Construction): First Day Jitters

Summary:

After reading “First Day Jitters” by Julie Danneberg, students will design a new and improved lunchbox that is durable. Durability will be tested by the amount of soup cans the lunchbox can hold.

Unit 2 Standards:

- AASL
 - I.B.3
- Career Ready Practices
 - 9.4.2.CI.2: Demonstrate originality and inventiveness in work
- 21st Century Themes & Skills
 - Communication and Collaboration
 - Media Literacy
- NJSLS Technology
 - 8.2.2.C.1: Brainstorm ideas on how to solve a problem or build a product.
 - 8.2.2.ED.2: Collaborate to solve a simple problem, or to illustrate how to build a product using the design process.
- Interdisciplinary Connections
 - ELA
 - Art

Essential Questions:

- Why do engineers and designers strive to improve products used in our daily lives?

Enduring Understandings:

- The Engineering Design Process is a method that is used to solve technological challenges to change and improve products for the way we live.

- The design process gives structure for creativity.

Instructional Scope & Sequence				Assessment Strategy	
Session #	Design Process Steps:	Teacher Moves:	Student Moves:	Performance Expectation	Rubric for Measuring Achievement
1	ASK (Identify Problem)	<ul style="list-style-type: none"> • Read “First Day Jitters.” By Julie Danneberg or any “First Day” themed book. • Before challenge introduce vocabulary. Provide vocabulary sheet to pre-teach vocabulary words. Have students color sheet. • Introduce project: Students will design a new and improved lunchbox that is durable. For younger students, the lunchbox must hold at least 1 soup can. For older students, change them to see how many cans their lunchbox can hold. The lunchbox must have handles and students should use creativity in 	Students will record what the problem is that they are trying to solve.	X	

		<p>their design.</p> <ul style="list-style-type: none"> • Ask, “What is the problem you are trying to solve?” 			
2	IMAGINE (Brainstorm Solutions)	<ul style="list-style-type: none"> • Explain the process of brainstorming solutions. • Provide Brainstorm sheet. 	<ul style="list-style-type: none"> • Students will have provided time to brainstorm with partners. • Students will imagine the best way to solve the problem, sketch out their design and brainstorm a list of ideas. • Think about: <ol style="list-style-type: none"> 1. How will you use your materials? 2. How will you design your lunchbox so it holds the most weight? 3. What possible problems could come up during construction? 	X	
3	PLAN (Select/Plan Solution)	<ul style="list-style-type: none"> • Provide time for students to plan individually and then time to plan as a team. 	<ul style="list-style-type: none"> • Students will select a solution and plan individually and then with the team. • Plan with your group, sketch out your plan to solve the problem. 	X	
4-5	CREATE (Prototype Solution)	<ul style="list-style-type: none"> • Give students materials. • Explain process and time limitations. 	<ul style="list-style-type: none"> • Students work as a team to create prototype of their lunchbox. 	X	
6	IMPROVE (Test Solution)	<ul style="list-style-type: none"> • Teacher will provide soup cans for durability test. 	<ul style="list-style-type: none"> • Students will test their prototype. How much weight can it hold? • Students must hold 	X	

			<p>their lunch box by the handles while teacher places soup cans inside one at a time.</p> <ul style="list-style-type: none"> • Students will make improvements to their design. “what could you do to improve your lunch box. 		
--	--	--	---	--	--

Assessments:

- Formative
 - Teacher Observation Data
- Summative/Benchmark
 - Maker Project: Lunchbox Construction
- Alternative
 - Oral Presentations, Student Podcasts

Differentiation:

- Students with Special Needs/504 Plans
 - Allow errors
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks
 - Accept even minimal participation
 - Consult with Case Managers and implement IEP/504 plans
 - Consult with classroom teacher(s)/Guidance Counselor
 - Provide rewards as necessary
- English language learners
 - Assign a buddy
 - Allow errors in speaking
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks
 - Accept even minimal participation
- At-risk
 - Provide extended time to complete tasks
 - Consult with classroom teacher(s)/Guidance Counselor
 - Implement appropriate modifications/accommodations per IEP, if applicable
 - Provide rewards as necessary
- Gifted & Talented
 - Access to high-level reading area
 - Provide extension activities

Core Instructional and Supplemental Materials/Technology Integration:

- Teacher-created content aligned to lesson activities

Grade 2, Unit 3: Literature Appreciation

Unit 3 Standards:

- AASL
 - II.D.2 Demonstrating interest in other perspectives during learning activities.
 - LA.RL.K.10 Actively engage in group reading activities with purpose and understanding.
 - LA.RL.K.3 With prompting and support, identify characters, settings, and major events in a story.
 - V.C.1 Expressing curiosity about a topic of personal interest or curricular relevance
- Career Ready Practices
 - CRP2. Apply appropriate academic and technical skills.
- 21st Century Themes & Skills
 - Critical Thinking
- NJSLS Technology
 - 8.1.2.A.2
- Interdisciplinary Connections
 - WL.7.1.NM.A.C.1 - Personal identity is developed through experiences that occur within one's family, one's community, and the culture at large.
 - SOC.6.1.4.D.CS3 - Personal, family, and community history is a source of information for individuals about the people and places around them.

Essential Questions:

- How can literature help me to understand my place in the world?
- How does literature affect my personal growth?

Enduring Understandings:

- Reading for pleasure or information has life-long applications.
- Reading is a process by which we construct meaning about the information being communicated by an author.
- Understanding of text features, structures, and characteristics facilitate the learners' meaning of text.
- The Library Media Center provides access to many different kinds of literature at all reading

levels.

Instructional Targets & Objectives:

- Identify the characteristics of fiction and nonfiction
- Differentiate between various genres
- Distinguish and detect books by the same author/illustrator

Suggested Activities:

- Listen to stories with attentive and purposeful listening and viewing skills
- Identify the title, author, illustrator, and publisher
- Identify and classify fiction and nonfiction books using characteristics of each
- Identify the characters, setting, and events of the story
- Identify the various artistic styles used in creating illustrations for Caldecott Medal winning books.
- Recognize books of favorite authors and illustrators and listen to short video clips of favorite authors and illustrators.

Assessments:

- Formative
 - Teacher Observation Data, Teacher-created (Quizzes, Rubrics), Graphic Organizers, Exit Tickets, Maker Projects
- Summative/Benchmark
 - Teacher-created Tests, Maker Projects
- Alternative
 - Oral Presentations, Slideshow Presentations, Research Reports, Student Portfolios, Comic Strips, Timelines, Student Podcasts, Green Screen Newscasts

Differentiation:

- Students with Special Needs/504 Plans
 - Allow errors
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks
 - Accept even minimal participation
 - Consult with Case Managers and implement IEP/504 plans
 - Consult with classroom teacher(s)/Guidance Counselor
 - Provide rewards as necessary
- English language learners
 - Assign a buddy
 - Allow errors in speaking
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks
 - Accept even minimal participation
- At-risk
 - Provide extended time to complete tasks
 - Consult with classroom teacher(s)/Guidance Counselor
 - Implement appropriate modifications/accommodations per IEP, if applicable
 - Provide rewards as necessary
- Gifted & Talented
 - Access to high-level reading area

- Provide extension activities

Core Instructional and Supplemental Materials/Technology Integration:

- Teacher-created content aligned to lesson activities
- Chromebooks, SMART TV, Google Apps
- Makerspace materials
- eBook software: Mackin, Hoopla
- OPALs circulation software
- District-funded databases

Grade 2, Unit 4: Computer Applications

Unit 4 Standards:

- AASL
 - VI.A.2 Understanding the ethical use of information, technology, and media.
 - LA.SL.2.2 Recount or describe key ideas or details from a text read aloud or information presented orally or through other media.
 - VI.A.1 Responsibly applying information, technology, and media to learning.
- Career Ready Practices
 - CRP11. Use technology to enhance productivity
- 21st Century Themes & Skills
 - Technology Literacy
- NJSLS Technology
 - 8.1.P.C.1
 - 8.1.2.C.1
- Interdisciplinary Connections
 - SOC.6.3.4.CS4 Make informed and reasoned decisions by seeking and assessing information, asking questions, and evaluating alternate solutions.

Essential Questions:

- How can the use of technology enhance understanding?
- In what ways can technology enhance expression and communication? In what ways might technology hinder it?
- What do you have to remember vs. what you can just look up?
- What makes information "true"?
- Is some information better than other information on the same topic? How do we judge?
- How can key words affect the number of results you get in a search?
- How do I use technology properly?
- How do I choose which technological tools to use and when it is appropriate to use them?
- What are my responsibilities as a user of information?
- In a world of constant technological changes, what skills should we learn?
- We must determine that not all information found in a book or online is accurate information

- How can the computer be used as a tool?

Enduring Understandings:

- Technology may be used to enhance the acquisition of information.
- Technology enables students to solve real-world problems.

Instructional Targets & Objectives:

- Distinguish and construct safe, ethical, and responsible use of technological resources.
- Formulate an understanding of digital citizenship, safety on the Internet, the evaluation of digital information, cyberbullying, online privacy, etc.
- Investigate that Digital Citizens responsibly locate, evaluate, and ethically use information from a variety of digital sources.
- Design and generate carefully crafted activities using the computer as a tool.

Suggested Activities:

- Enlighten students through discussion about the Computer Rules, Responsibilities, and Internet Safety through a variety of videos, e-books, etc. at <http://www.netSMARTkids.org>
- Students will be able to identify and use components of the computer
- Read *If You Give a Mouse a Cookie*, by Laura Numeroff and discuss the difference between the mouse in the story and both a computer mouse and laptop mouse pad. Demonstrate the various computer mouse.
- To acquaint the student with using a computer Mouse/Mouse pad; the following websites are helpful in learning these skills: <http://mrststechnologyemporium.weebly.com/mouse-practice.html>, <http://tvokids.com/preschool/games/bees-and-honey>
- To familiarize the learner with navigating through a website the learner will practice using <http://www.starfall.com> or [abcya.com](http://www.abcya.com)
- Introduce the student to the computer keyboard's letters and numbers by navigating several virtual environments
- Participate in The Hour of Code during Computer Science Education Week (First week in December)
- <https://code.org/educate/curriculum/elementary-school>

Assessments:

- Formative
 - Teacher Observation Data, Teacher-created (Quizzes, Rubrics), Graphic Organizers, Exit Tickets, Maker Projects
- Summative/Benchmark
 - Teacher-created Tests, Maker Projects
- Alternative
 - Oral Presentations, Slideshow Presentations, Research Reports, Student Portfolios, Comic Strips, Timelines, Student Podcasts, Green Screen Newscasts

Differentiation:

- Students with Special Needs/504 Plans
 - Allow errors
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks
 - Accept even minimal participation

- Consult with Case Managers and implement IEP/504 plans
- Consult with classroom teacher(s)/Guidance Counselor
- Provide rewards as necessary
- English language learners
 - Assign a buddy
 - Allow errors in speaking
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks
 - Accept even minimal participation
- At-risk
 - Provide extended time to complete tasks
 - Consult with classroom teacher(s)/Guidance Counselor
 - Implement appropriate modifications/accommodations per IEP, if applicable
 - Provide rewards as necessary
- Gifted & Talented
 - Access to high-level reading area
 - Provide extension activities

Core Instructional and Supplemental Materials/Technology Integration:

- Teacher-created content aligned to lesson activities
- Chromebooks, SMART TV, Google Apps
- Makerspace materials
- eBook software: Mackin, Hoopla
- OPALs circulation software
- District-funded databases

Grade 2, Unit 5: Concepts about Print / Nonprint Resources

Unit 5 Standards:

- AASL
 - IV.A.2 Identifying possible sources of information.
 - LA.RL.1.5 Explain major differences between books that tell stories and books that give information, drawing on a wide reading of a range of text types.
- Career Ready Practices
 - CRP4. Communicate clearly and effectively and with reason.
- 21st Century Themes & Skills
 - Information Literacy
- NJSL Technology
 - 8.1.5.A.1
- Interdisciplinary Connections
 - ELA

Essential Questions:

- How do you recognize parts of a book?
 - Why is it important to understand how to use the resources in a book and online?

- What features of a book help you decide if you would like to read it or if it has the information you are seeking?
- Who is responsible for producing a book?
- What are some of the reasons for choosing to read a fiction book?
- What are some of the reasons for choosing to read a nonfiction book?
- How can you determine which sources have the best information for your specific needs?
- How can you use the organizational structure of a source to access information?

Enduring Understandings:

- Understanding of a text's features, structures, and characteristics facilitate the reader's ability to make meaning of the text.
 - Designing and creating from the appropriate types of media for a specific purpose enhances learning.
 - Acquisition, evaluation, and use of materials should meet a specific need.
 - Skills learned and mastered at the school library can be used at the public library.
 - Exploring a variety of print material will help students learn how the physical features of books and other resources contribute to meaning.

Instructional Targets & Objectives:

- Identify and Utilize the parts of a book (cover, title page, spine, spine label, table of contents, publisher, glossary and Index).
 - Develop and Produce the work of an author and illustrator.
 - Compare and Select Print and Nonprint resources.

Suggested Activities:

- Introduce and continually review Parts of a Book when reading a story or nonfiction book.
 - Students complete Parts of a Book activities to reinforce instruction.
 - Familiarize the learner with the roles of the author/illustrator.
 - Practice writing a story using Scholastic Story Starters website <http://www.scholastic.com/teachers/story-starters/>
 - Students view popular author/illustrator video clips on the process of writing/illustrating a book.
 - Students practice being an author/illustrator with completion of worksheet activities.
 - Acquaint the learner with Print/Nonprint Resources (Dictionaries and Atlases) available in the school library/public library and online.
 - Suggest various factors readers use when choosing a book for their research needs.

Assessments:

- Formative
 - Teacher Observation Data, Teacher-created (Quizzes, Rubrics), Graphic Organizers, Exit Tickets, Maker Projects
- Summative/Benchmark
 - Teacher-created Tests, Maker Projects
- Alternative
 - Oral Presentations, Slideshow Presentations, Research Reports, Student Portfolios, Comic Strips,

Differentiation:

- Students with Special Needs/504 Plans
 - Allow errors
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks
 - Accept even minimal participation
 - Consult with Case Managers and implement IEP/504 plans
 - Consult with classroom teacher(s)/Guidance Counselor
 - Provide rewards as necessary
- English language learners
 - Assign a buddy
 - Allow errors in speaking
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks
 - Accept even minimal participation
- At-risk
 - Provide extended time to complete tasks
 - Consult with classroom teacher(s)/Guidance Counselor
 - Implement appropriate modifications/accommodations per IEP, if applicable
 - Provide rewards as necessary
- Gifted & Talented
 - Access to high-level reading area
 - Provide extension activities

Core Instructional and Supplemental Materials/Technology Integration:

- Teacher-created content aligned to lesson activities
- Chromebooks, SMART TV, Google Apps
- Makerspace materials
- eBook software: Mackin, Hoopla
- OPALs circulation software
- District-funded databases

Grade 2, Unit 6: Information Literacy

Unit 6 Standards:

- AASL
 - IV.A.2 Identifying possible sources of information.
 - V.A.1 Reading widely and deeply in multiple formats and write and create for a variety of purposes
 - IV.C.1 Accessing and evaluating collaboratively constructed information sites.
 - I.D.2 Engaging in sustained inquiry.
 - LA.RI.1.1 Ask and answer questions about key details in a text.
 - IV.D.1 Performing ongoing analysis of and reflection on the quality, usefulness, and accuracy of curated resources.
 - I.D.1 Continually seeking knowledge.
 - LA.RI.1.5 Know and use various text features (e.g., headings, tables of contents, glossaries, electronic menus, icons) to locate key facts or information in a text.

- LA.SL.1.2 Ask and answer questions about key details in a text read aloud or information presented orally or through other media.
- Career Ready Practices
 - CRP7. Employ valid and reliable research strategies.
 - CRP8. Utilize critical thinking to make sense of problems and persevere in solving them
- 21st Century Themes & Skills
 - Information Literacy
 - Media Literacy
- NJSLS Technology
 - 8.1.5.A.3
- Interdisciplinary Connections
 - ELA
 - Social Studies
 - Science

Essential Questions:

- What is the information and understanding needed to successfully and independently locate a specific resource, in an elementary school library media center, or using OPAC (Online Public Access Catalog) from the public library?
 - How can the skills you use to search the OPAC be used to search other databases?
 - Where is information that I plan to use located?
 - How do I find books related to my personal interests and curriculum?
 - How does my understanding of library organization affect how I access, evaluate, and use information?
 - How do I find information in the library?
 - How does understanding a text's structure help me better understand its meaning.

Enduring Understandings:

- Library materials are arranged in a logical manner and may be retrieved using knowledge of that arrangement.
 - Researchers gather and critique information on a topic from a variety of sources for specific purposes.
 - Researchers synthesize information from a variety of sources to answer a question.
 - Understanding a text's features, structures, and characteristics facilitate the reader's ability to make meaning of the text.

Instructional Targets & Objectives:

- Compare and Select Print and Nonprint resources.
 - Select a nonfiction book and illustrate some facts.
 - Develop an awareness of nonprint reference materials as a valuable guide for information.
 - Arrange and Justify alphabetizing an author's last name.
 - Select appropriate resources based on age, reading level, and personal interest.
 - Determine reference materials and research skills to support their classroom units of study.
 - Identify features of a nonfiction book.

- Recognize the purpose of a dictionary and learn additional dictionary skills not taught in first grade.
- Recognize that websites can provide information for research.

Suggested Activities:

- Review use of a dictionary and dictionary skills (alphabetical order).
 - Reveal how to use an online dictionary and its usage.
 - Display how to alphabetize author's last names (reinforcing ordering by first and second letter)and show how to use that information to find fiction/biographies books on a library shelf by author's last name.
 - Utilize knowledge of Parts of a Book to find and locate information in a nonfiction book (Title, Table of Contents, Glossary, Index, etc.)
 - Model fact finding searches (Using Table of Contents, Headings, index etc.) in a nonfiction book and an online resource.
 - Student will choose and locate a biography about a famous person. Students will select at least 5 facts about their famous person report.
 - After viewing a nonprint resource (website or video clip) on their famous person, students will gather additional facts for their famous person report.
 - Reveal use of Belleville's Public Library -OPAC (Online Public Access Catalog) system to locate books of interest based on student's needs.
 - Demonstrate use of print/nonprint resources (Encyclopedia, Atlases, etc.) to gather information for classroom projects.
 - Familiarize students with the concept that nonfiction books are arranged by subject (Dewey Decimal System).
- Assessment

Assessments:

- Formative
 - Teacher Observation Data, Teacher-created (Quizzes, Rubrics), Graphic Organizers, Exit Tickets, Maker Projects
- Summative/Benchmark
 - Teacher-created Tests, Maker Projects
- Alternative
 - Oral Presentations, Slideshow Presentations, Research Reports, Student Portfolios, Comic Strips, Timelines, Student Podcasts, Green Screen Newscasts

Differentiation:

- Students with Special Needs/504 Plans
 - Allow errors
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks

- Accept even minimal participation
- Consult with Case Managers and implement IEP/504 plans
- Consult with classroom teacher(s)/Guidance Counselor
- Provide rewards as necessary
- English language learners
 - Assign a buddy
 - Allow errors in speaking
 - Rephrase questions, directions, and explanations
 - Provide extended time to complete tasks
 - Accept even minimal participation
- At-risk
 - Provide extended time to complete tasks
 - Consult with classroom teacher(s)/Guidance Counselor
 - Implement appropriate modifications/accommodations per IEP, if applicable
 - Provide rewards as necessary
- Gifted & Talented
 - Access to high-level reading area
 - Provide extension activities

Core Instructional and Supplemental Materials/Technology Integration:

- Teacher-created content aligned to lesson activities
- Chromebooks, SMART TV, Google Apps
- Makerspace materials
- eBook software: Mackin, Hoopla
- OPALs circulation software
- District-funded databases
