A e ese Animas Notituma?

(A lift-the-flap discovery center)

Katie Mense littlekinderwarriors.blogspot.com littlekinderwarriors@hotmail.com

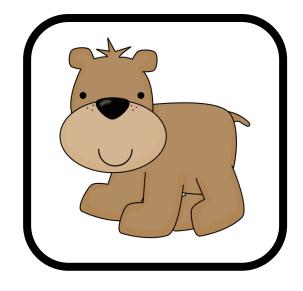

Are these animals necturnal?

Preparation:

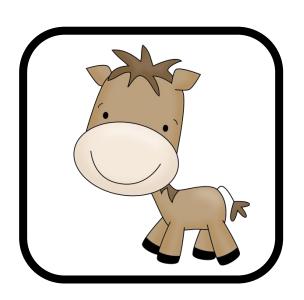

- 1. Print out the nocturnal animal cards on white cardstock.
- 2. Cut them apart.
- 3. Tape the animal picture cards on top of the yes/no cards. Only tape down the tops so that the students can lift the flap to see if it is a nocturnal animal or not. (I use packing tape and just put a strip of it across the top.)

Directions:

Students will predict whether they think the animal is nocturnal or not. They will check their answer by lifting the flap. They will record their answers on the response sheet.
