## **Unit Overview**

---

Unit one focuses on the Elements of Art: line, shape, color, form, space, value, and texture.

This is a review unit that should be gone over quickly, focusing mainly on how to incorporate all the elements into artwork and process.

## **Elements of Art**

- Review the elements, define each and give examples of how they are used.
- Practice incorporating the elements together into one exercise.
- Review how understanding the elements has helped with previous artwork.

## **Exit Skills**

---

By the end of Unit 1:

- All students will demonstrate an understanding of the Elements of Art by:
  - Naming all seven elements.
  - Defining and explaining all seven elements.
  - Using all seven elements in an exercise that reviews previous knowledge and prepares students for new endeavors.

## Enduring Understanding

---

- All seven elements of art can be used in unison to create harmonious artwork.
- It is important to understand the basic fundamentals of art as a foundation for all art creation.
- Knowledge of the Elements of Art will help me to create successful artwork.

## Essential Questions

---

- Why do the Elements of Art exist?
- How does the understanding of these elements make me a better artist?
- How do the Elements of Art help me to make a meaningful and visually pleasing artwork?
- How can the elements of art help me outside of the studio?

## Learning Objectives

---

After completing the elements of art students will be able to:

**Name** all seven elements of art.

**Give Examples** of elements within artwork.

**Combine** the elements in their artwork.

**Critique** their own artwork based on their use of the elements.

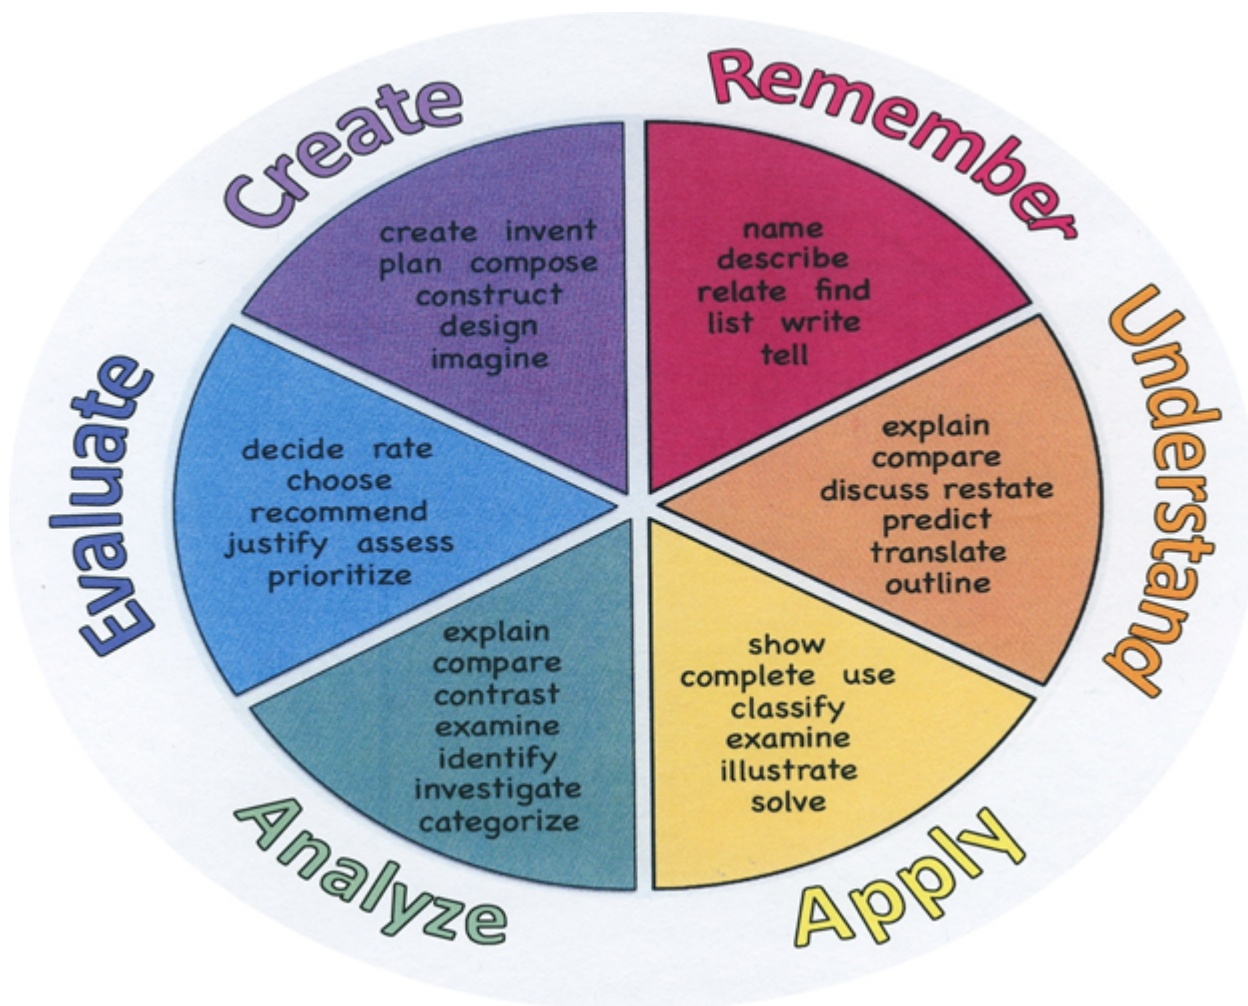

**Compose** successful works of art using the elements of art.

## Interdisciplinary Connections

---

Please list all and any cross-curricular content standards that link to this Unit.

LA.RL.3.1	Ask and answer questions, and make relevant connections to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.
LA.RL.3.4	Determine the meaning of words and phrases as they are used in a text, distinguishing literal from nonliteral language.
MA.3.G.A.1	Understand that shapes in different categories (e.g., rhombuses, rectangles, and others) may share attributes (e.g., having four sides), and that the shared attributes can define a larger category (e.g., quadrilaterals). Recognize rhombuses, rectangles, and squares as examples of quadrilaterals, and draw examples of quadrilaterals that do not belong to any of these subcategories.
MA.3.MD.D.8	Solve real world and mathematical problems involving perimeters of polygons, including finding the perimeter given the side lengths, finding an unknown side length, and exhibiting rectangles with the same perimeter and different areas or with the same area and different perimeters.
HPE.2.1.4.D.1	Determine the characteristics of safe and unsafe situations and develop strategies to reduce the risk of injuries at home, school, and in the community (e.g., fire safety, poison safety, accident prevention).
HPE.2.1.4.D.4	Demonstrate simple first-aid procedures for choking, bleeding, burns, and poisoning.
HPE.2.1.4.E.4	Summarize the causes of stress and explain ways to deal with stressful situations.
HPE.2.2.4.A.2	Demonstrate effective interpersonal communication when responding to disagreements or conflicts with others.
SOC.6.1.4.B.1	Compare and contrast information that can be found on different types of maps and determine how the information may be useful.

## Sample Lesson

---

**Unit Name:** Drawing and Painting

**NJSLS:**

**VPA.1.1.5.D.1** - [*Cumulative Progress Indicator*] - Identify elements of art and principles of design that are evident in everyday life.

**VPA.1.1.5.D.2** - [*Cumulative Progress Indicator*] - Compare and contrast works of art in various mediums that use the same art elements and principles of design.

**VPA.1.2.5.A.1** - [*Cumulative Progress Indicator*] - Recognize works of dance, music, theatre, and visual art as a reflection of societal values and beliefs.

**VPA.1.3.5.D.1** - [*Cumulative Progress Indicator*] - Work individually and collaboratively to create two- and three-dimensional works of art that make cohesive visual statements and that employ the elements of art and principles of design.

**VPA.1.3.5.D.2** - [*Cumulative Progress Indicator*] - Identify common and distinctive characteristics of artworks from diverse cultural and historical eras of visual art using age-appropriate stylistic terminology (e.g., cubist, surreal, optic, impressionistic), and experiment with various compositional approaches influenced by

these styles.

**VPA.1.4.5.A.1** - [*Cumulative Progress Indicator*] - Employ basic, discipline-specific arts terminology to categorize works of dance, music, theatre, and visual art according to established classifications.

**Interdisciplinary Connection:** Social Studies, Listening and Comprehension.

**Statement of Objective:** SWDAT create a picture based on a story read aloud by drawing the part of the story that stands out the most to them.

**Anticipatory Set/Do Now:** What is china?

**Learning Activity:** What does china mean? Is it only a country? Discuss porcelain and china with the students and go over a brief description of the history. Read the story of the Blue Willow China to the students. Talk about the story. What part stands out to the students the most? Students will create a drawing on a paper plate based on the story they just heard. Once their drawing is complete, students are to create a border on the edge of the plate to add interest. Students who complete it early will begin painting their drawing with only shades of blue, black and white.

**Student Assessment/CFU's:**

**Materials:** White paper plates, pencils, erasers, paints, paint brushes, water, blue willow china examples to look at.

**21st Century Themes and Skills:**

**Differentiation:** Visual demonstrations and aides available for visual learners; Class discussion and explanation for auditory learners; Physical creation, hands-on work, for kinesthetic learners.

**Integration of Technology:** Examples will be shown on my computer, or my ipad, whenever applicable.
