Unit Overview

In this unit students will recall how to say the date, including the year and even the year of their birth. They will discuss how birthdays are celebrated in the communities where the target language is spoken. They continue to follow the experiences of typical boys and girls in various cultures and come to understand the similarities and differences that exist. Stories and maps will be utilized along with videos for vocabulary aquisition. Students understand how the weather affects the activities of people of various climates.

Enduring Understandings

There are different traditions for birthdays in different cultures.

Writing the date in the target language has a different sequence from English.

Essential Questions

What do celebrations tell us about people in all cultures?

How can I use the target language to obtain information about months and the calendar?

What are birthday celebrations like in the target language countries?

How are birthday celebrations similar and /or different in various cultures?

How does the way in which people say and write the date differ among cultures?

Exit Skills

Students will be able to:

Ask and answer to "What month is this?" in target language.

Recite the days of the week and the months of the year.

State the date of their birth, including the year.

New Jersey Student Learning Standards (NJSLS)

WL.7.1.NM.A.C.2	Observing and participating in culturally authentic activities contribute to familiarization with cultural products and practices. (Topics and activities that assist in the development of this understanding should include, but are not limited to: authentic celebrations, songs, and dances.)
WL.7.1.NM.A.C.6	Maps, graphs, and other graphic organizers facilitate understanding of information on a wide range of topics related to the world and global issues. They make complex concepts more accessible to second - language learners w ho have limited proficiency in the language. (Content areas that assist in the development of this understanding should include, but are not limited to: history, economics, science, and geography.)
WL.7.1.NM.A.L.1	The Novice - Mid language learner understands and communicates at the word level and can independently identify and recognize memorized words and phrases that bring meaning to text.

Interdisciplinary Connections

LA.RL.3.1	Ask and answer questions, and make relevant connections to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.
LA.RL.3.3	Describe the characters in a story (e.g., their traits, motivations, or feelings) and explain how their actions contribute to the plot.
LA.RL.3.6	Distinguish their own point of view from that of the narrator or those of the characters.
SOC.K-4.1.1.2	Explain how the present is connected to the past.
SOC.K-4.1.2.1	Determine locations of places and interpret information available on maps and globes.
TECH.8.1.5.A	Technology Operations and Concepts: Students demonstrate a sound understanding of technology concepts, systems and operations.

Learning Objectives

Students will be able to:

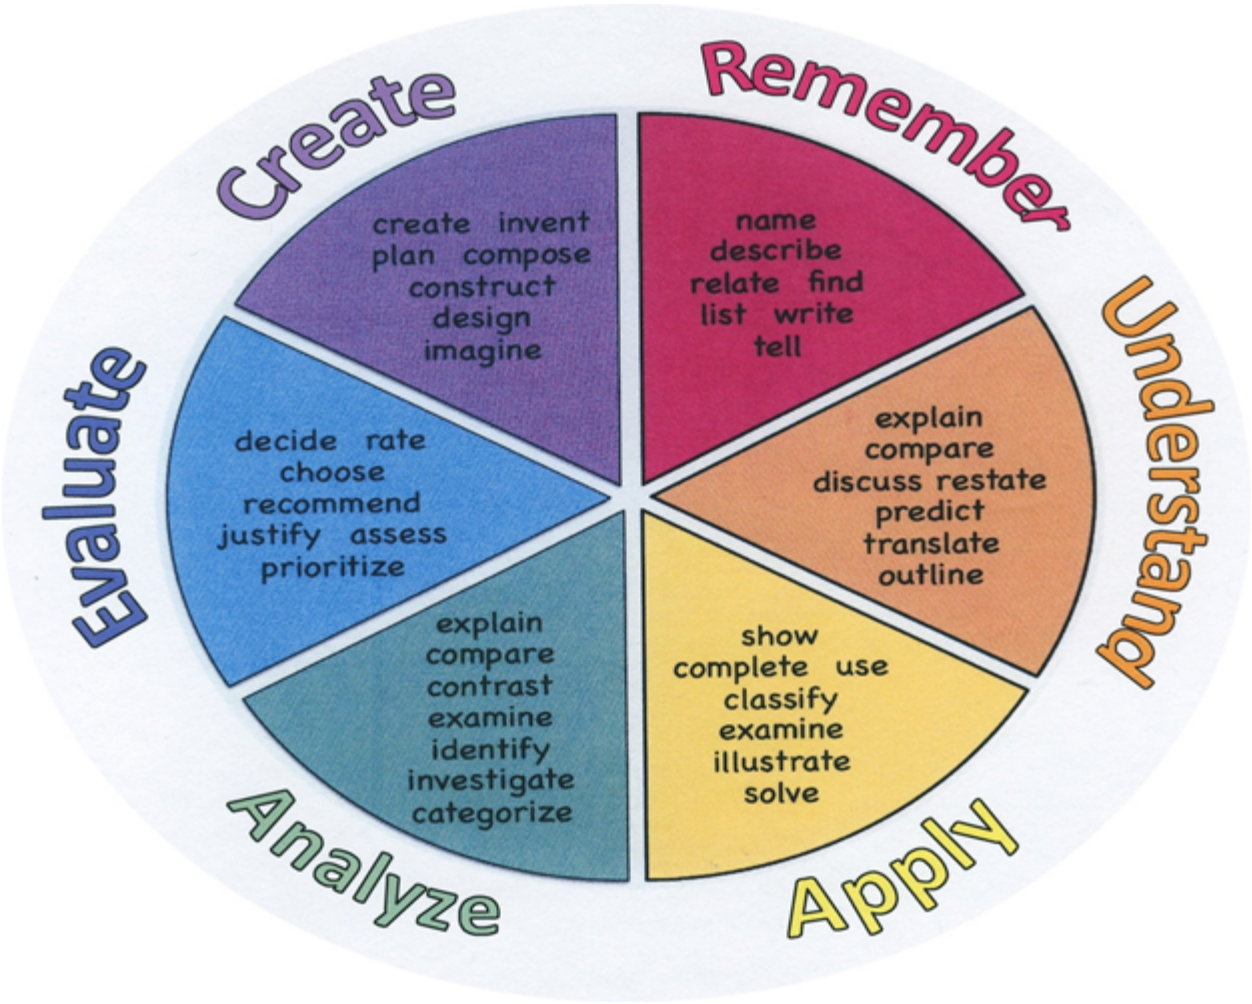

Demonstrate comprehension of brief oral and written messages using age and level appropriate materials on familiar topics.

Describe familiar people, places, things and events with prompts or support.

Ask and answer questions in order to seek help, get information, or clarify something.

Action Verbs: Below are examples of action verbs associated with each level of the Revised Bloom's Taxonomy.

Suggested Activities & Best Practices

Spell out vocabulary using the pronunciation of the target language.

Foster a love and enjoyment of learning a new language through song, rhymes and celebration.

Greet students daily in the target language and expect a similar response.

Assessment Evidence - Checking for Understanding (CFU)

Students write in the target language and illustrate what they do each day of the week on a calendar.

Students explain why the calendar is different in other countries of the world.

21st Century Skills/Interdisciplinary Themes

- Communication and Collaboration
- Creativity and Innovation
- Critical thinking and Problem Solving
- ICT (Information, Communications and Technology) Literacy
- Information Literacy
- Life and Career Skills
- Media Literacy

21st Century Skills

- Civic Literacy
- Environmental Literacy
- Financial, Economic, Business and Entrepreneurial Literacy
- Global Awareness
- Health Literacy

Differentiation

Students work as a group to enhance productivity in creating a calendar of events.

Keep the use of English to a minimum, with most instructions, directions and explanations given in the target language.

Differentiations:

- Small group instruction
- Small group assignments
- Extra time to complete assignments
- Pairing oral instruction with visuals
- Repeat directions
- Use manipulatives
- Center-based instruction
- Token economy
- Study guides
- Teacher reads assessments allowed
- Scheduled breaks
- Rephrase written directions
- Multisensory approaches
- Additional time
- Preview vocabulary
- Preview content & concepts
- Story guides
- Behavior management plan
- Highlight text
- Student(s) work with assigned partner
- Visual presentation
- Assistive technology
- Auditory presentations
- Large print edition
- Dictation to scribe
- Small group setting

Hi-Prep Differentiations:

- Alternative formative and summative assessments
- Choice boards
- Games and tournaments
- Group investigations
- Guided Reading
- Independent research and projects

- Interest groups
- Learning contracts
- Leveled rubrics
- Literature circles
- Multiple intelligence options
- Multiple texts
- Personal agendas
- Project-based learning
- Problem-based learning
- Stations/centers
- Think-Tac-Toes
- Tiered activities/assignments
- Tiered products
- Varying organizers for instructions

Lo-Prep Differentiations

- Choice of books or activities
- Cubing activities
- Exploration by interest
- Flexible grouping
- Goal setting with students
- Jigsaw
- Mini workshops to re-teach or extend skills
- Open-ended activities
- Think-Pair-Share
- Reading buddies
- Varied journal prompts
- Varied supplemental materials

Special Education Learning (IEP's & 504's)

Use a variety of print and non-print materials regarding events of the year.

Do not always insist on complete sentences, but mirror natural speech patterns when responding to date questions.

- printed copy of board work/notes provided
- additional time for skill mastery
- assistive technology
- behavior management plan
- Center-Based Instruction
- check work frequently for understanding
- computer or electronic device utilizes
- extended time on tests/ quizzes
- have student repeat directions to check for understanding
- highlighted text visual presentation
- modified assignment format
- modified test content
- modified test format
- modified test length
- multi-sensory presentation
- multiple test sessions
- preferential seating
- preview of content, concepts, and vocabulary
- Provide modifications as dictated in the student's IEP/504 plan
- reduced/shortened reading assignments
- Reduced/shortened written assignments
- secure attention before giving instruction/directions
- shortened assignments
- student working with an assigned partner
- teacher initiated weekly assignment sheet
- Use open book, study guides, test prototypes

English Language Learning (ELL)

Decrease the amount of work presented or required when completing the calendar.

Using true/false, matching, or fill in the blank tests in lieu of essay tests for comments on a reading about a celebration.

.

- teaching key aspects of a topic. Eliminate nonessential information
- using videos, illustrations, pictures, and drawings to explain or clarif
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards,

charts, graphs, slide shows, videos, etc.) to demonstrate student's learning;

- allowing students to correct errors (looking for understanding)
- allowing the use of note cards or open-book during testing
- decreasing the amount of workpresented or required
- having peers take notes or providing a copy of the teacher's notes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments
- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using computer word processing spell check and grammar check features
- using true/false, matching, or fill in the blank tests in lieu of essay tests

At Risk

Reduce the number of answer choices on a multiple choice test on calendar events.

Replace vocabulary with illustrations where appropriate, such as months of the year.

- allowing students to correct errors (looking for understanding)
- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning
- allowing students to select from given choices
- allowing the use of note cards or open-book during testing
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of workpresented or required
- having peers take notes or providing a copy of the teacher's notes
- marking students' correct and acceptable work, not the mistakes
- modifying tests to reflect selected objectives
- providing study guides
- reducing or omitting lengthy outside reading assignments

- reducing the number of answer choices on a multiple choice test
- tutoring by peers
- using authentic assessments with real-life problem-solving
- using true/false, matching, or fill in the blank tests in lieu of essay tests
- using videos, illustrations, pictures, and drawings to explain or clarify

Talented and Gifted Learning (T&G)

Students may create a poem or song, either individually or as a group, using the target language.

Students may create a short skit or dialog to present to class, using the target language.

- Above grade level placement option for qualified students
- Advanced problem-solving
- Allow students to work at a faster pace
- Cluster grouping
- Complete activities aligned with above grade level text using Benchmark results
- Create a plan to solve an issue presented in the class or in a text
- Flexible skill grouping within a class or across grade level for rigor
- Higher order, critical & creative thinking skills, and discovery
- Multi-disciplinary unit and/or project
- Teacher-selected instructional strategies that are focused to provide challenge, engagement, and growth opportunities
- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge
