- When working on a project for multiple weeks, an oral review of the work already completed to remind students of their progress will be given.

### **Differentiations:**

- **Extra time to complete assignments**
- **Repeat directions**
- **Use manipulatives**
- **Multisensory approaches**
- **Additional time**
- **Preview vocabulary**

- allowing students to correct errors (looking for understanding)
- decreasing the amount of work presented or required
- tutoring by peers

## **At Risk**

---

1. Using fist-to-five to gauge student understanding after introducing each element of art.
2. Having student pick which elements of art they want to emphasize when working on projects in this unit.

- teaching key aspects of a topic. Eliminate nonessential information
- allowing products (projects, timelines, demonstrations, models, drawings, dioramas, poster boards, charts, graphs, slide shows, videos, etc.) to demonstrate student's learning

- allowing students to select from given choices
- collaborating (general education teacher and specialist) to modify vocabulary, omit or modify items to reflect objectives for the student, eliminate sections of the test, and determine how the grade will be determined prior to giving the test.
- decreasing the amount of work presented or required

- Utilize exploratory connections to higher-grade concepts
- Utilize project-based learning for greater depth of knowledge

## **Sample Lesson**

---

**Unit Name:** Elements of Art

**NJSLS:** attached below

**Interdisciplinary Connection:** Math

**Statement of Objective:** SWDAT create radial designs by using compasses and rulers.

**Anticipatory Set/Do Now:** Has anyone used a compass before?

**Learning Activity:** Students will discuss what a compass is and how it is used. Demonstrate how to hold, and various techniques on use. Students will use the first few minutes of class practicing with the compasses.

Once they are feeling confident, students will use the compasses to create concentric circles that grow off the page. As soon as the page is covered with circles, the students will divide each group into eighths using rulers. Sharpie all lines. A wet on wet technique will be used to cover the page with watercolor paints. When the paint is dry, a pattern will be used to color in each section of the circles.

**Student Assessment/CFU's:** Describe, go-around.

**Materials:** 9x12" tag board, pencils, erasers, compasses, sharpies, watercolors, brushes, water.

**21st Century Themes and Skills:** attached below

**Differentiation:** Visual demonstrations and aides available for visual learners; Class discussion and explanation for auditory learners; Physical creation, hands-on work, for kinesthetic learners.

**Integration of Technology:** Examples will be shown on my computer, or my ipad, whenever applicable.
