

K-2 Music Unit 2 (Tonal Elements)

Content Area: **Visual & Performing Arts**
Course(s):
Time Period: **Marking Period 2**
Length: **9 Weeks**
Status: **Published**

Unit Overview

In this unit, students will explore the elements of **Tone, Pitch, Melody, and Harmony** as they are found in a variety of cultures and historical periods. Teachers will develop students' knowledge of these musical elements by leading them through the Artistic Processes: Creating, Performing, Responding, and Connecting. Within these processes, students learn to think like musicians utilizing the practices relevant to the musical task-at-hand. Using varied media, instructional approaches, and assessment strategies, teachers will facilitate student learning toward being able to communicate with basic literacy in the discipline. Demonstrated growth in each process will be measured based on specific performance expectations connected to the Anchor Standards.

As stated in the NJ Student Learning Standards our mission is “To empower students to develop creative and critical thinking, social-emotional competencies, and intellectual and expressive abilities that will allow them to become active, contributing members of a global society.”

Exemplar Learning Activities

As listed by the NAfME Core Content Standards Council, knowledge development and skills in each process may be present as follows:

CREATING

- Within a framework of four beats repeated, students perform an improvised melodic pattern on a melodic instrument set to the pentatonic scale (possibly as an introduction, as a bridge, or as a call and response).

- Improvise variations on given simple melodies .
- Improvise or compose simple harmonic accompaniments.
- Students may notate the improvised melody using iconic notation, solfege ladder, or simplified staff (i.e. 2- or 3-line staff).
- Students plan and make a simple melodic ostinato using limited pitch sets.
- Students use of pitch sets appropriate for grade level in their creations.
- Students listen to an improvised four pitch melodic pattern (e.g. do-re-do-re) and perform the melody back using the correct syllables and/or hand signs with pitch accuracy.

PERFORMING

- Echo simple tonal patterns.
- Perform melodies from a variety of cultural and historical sources for varied purposes (i.e. singing games, play-parties, etc.).
- Improvise simple harmonic accompaniments.
- Improvise simple harmonic accompaniments within specified guidelines and major and minor tone sets
- Students reflect on their performance, based on questioning from the teacher (did you use your singing voice? Did you sing quietly? Did your voice sound the same or different than my voice? etc.)

RESPONDING

- Recognize melodic contour in response to diverse aural prompts.
- Students will perform age/developmentally appropriate repertoire through movement, singing, and/or playing with a focus on appropriate dynamics, phrasing, and interpretation, as well as technical accuracy.
- Teachers will choose age/developmentally appropriate repertoire and discuss the characteristics of the music in age/developmentally appropriate language and will guide the students to select and state preferences for the music used in the classroom. Students will be able to discuss, using age/developmentally appropriate musical language, what sort of music they like personally and why.
